TOWN CLERK'S REPORT

Annual Town Meeting
Monday, March 3, 1941

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the third day of March next, at 7.30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the eighth day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested, in each of the Post Offices, and in some other public place in said Town seven days at least before the third day of March next: The polls for voting the Australian ballot on Saturday, March eighth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, *viz.:*

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

Two Constables for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any Committees, Commissioners, Trustees, and other Officers, required by law to be elected by ballot or otherwise.

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Article 4. To fix the salaries and compensation of the several elective Officers of the Town and to determine whether any Department, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Article 5. To appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will appropriate the sum of $830.30 to pay the County of Middlesex, as required by law, the Town's share of the net cost of the care, maintenance

and repair of the Middlesex County Tuberculosis Hospital, as assessed in accordance with the provisions of Chapter 111 of the General Laws and Acts in amendment thereof and in addition thereto and including Chapter 400, Section 25 G. (6) (a) of the Acts of 1936, or take any action in relation thereto.

Article 8. To see if the Town will authorize the Water Commissioners to renew approximately 2,000 ft. of 4-inch water pipe on Concord Road with an 8-inch main, starting at Gateley's corner, so called, and proceeding in the direction of Wayland, or take any action relative thereto.

Article 9. To see if the Town will vote to purchase a new truck for the Highway Department, appropriate therefor the sum of $2,500.00 from the Machinery Fund, or take any action relative thereto.

Article 10. To see if the Town will vote to appropriate the sum of $2,000.00 to renew the water pipe to the DeCordova Museum and install a hydrant for adequate fire protection, or take any action relative thereto.

Article 11. To see if the Town will appropriate the sum of $4,000.00 for the construction of two tennis courts at the Ball Field, appoint a Committee with full authority to carry out said construction, or take any action relative thereto.

Article 12. To see if the Town will vote to replace the drain on Old Cambridge Turnpike taken out when new Pike was built.

Article 13. To see if the Town will vote to increase the Finance Board to nine members, to direct the Moderator to appoint this year three members for three years, two members for two years, and two members for one year, and three members each year thereafter, or take any action relative thereto.

Article 14. To see if the Town will authorize the Water Commissioners to replace approximately six thousand feet of four-inch water main with ten-inch water main, starting on the Concord Turnpike at Bedford Road, thence along the Old Cambridge Turnpike to Concord Turnpike to the Concord

line, at a cost of approximately $21,000.00, or take any action thereto.

Article 15. To see if the Town will vote to divide the Town into four districts, namely Lincoln Centre, East Lincoln, North Lincoln and South Lincoln, and to elect five Selectmen, at least one Selectman to be elected from each district to serve the Town for a term of three years.

Article 16. To see if the Town will vote to appropriate the sum of two hundred dollars to celebrate the Fourth of July, or take any action relative thereto.

Article 17. To see if the Town will vote to instruct the Selectmen to select a suitable site for public skating in Lincoln, determine upon a means of clearing and flooding such a site regularly, appropriate any money therefor or take any action relative thereto.

Article 18. To see if the Town will vote to authorize the Selectmen to confer with the Department of Public Works in regard to making certain changes in the traffic lights now installed at the intersection of Bedford Road and the Concord Turnpike, or take any action relative thereto.

Article 19. To see if the Town will vote to include certain employees not within the terms "laborers, workmen and mechanics" among those entitled to Workmen's Compensation payment as provided by Section 69, of Chapter 152, General Laws, as amended by Chapter 403, Acts of 1936, or take any action relative thereto.

HEREOF FAIL NOT

And make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this tenth day of February in the year of our Lord, one thousand nine hundred and forty one.

SUMNER SMITH,
HERBERT G. FARRAR,
JOHN TODD,

Selectmen of Lincoln.

The return of the Warrant is as follows:

February 21, 1941.

I have served this Warrant by posting attested copies in each of the Post Offices, one at the Railroad Station and one at the Town Hall seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

ANNUAL TOWN MEETING
Monday, March 3, 1941

In accordance with the Warrant the meeting was called to order by the Moderator at 7.30 o'clock P.M., the return of the Warrant was read by the Town Clerk, and the Moderator called attention to Article 1 of the Warrant.

Article 2. Voted: That Hermon T. Wheeler and Harold S. Cousins be elected Measurers of Wood and Bark for the ensuing year.

Article 3. Voted: That all reports be accepted with the exception of the following: Finance Committee, Treasurer, School Committee, Building Inspector and Treasurer of Library, after explanation of the printer's error on page 47 relative to the recommendation for the Fire Department, which should read $2,350.00 not $3,350.00 the Finance Committee's report was accepted. After information was requested as to the amount of Free Cash in the Treasury as of today's date, the Treasurer's report was accepted. After a long discussion *re.* the appropriation of $2,625.00 for heating equipment in the South School, estimated under Financial Summary on Page 131 of the Town Report, the report of the School Committee was accepted. The report of the Building Inspector was accepted following a lengthy discussion relative to the granting of a permit for a business building on Cambridge Turnpike. The Treasurer of the Library explained the difference in the Librarian's salary on Pages 77 and 110, following which the report was accepted.

Article 4. Voted: That the salaries of the elective officers of the Town for the current year be fixed at the following amounts respectively:

Selectmen, each	$200 00
Treasurer	400 00
Collector of Taxes	1,250 00
Assessors Chairman	200 00
Assessors, other members, each	175 00

Constables, each	$50 00
Auditor	150 00
Town Clerk	250 00
Water Commissioners, each	75 00

and that the Water Commissioners be authorized to employ one of their members as Superintendent of the Water Department at a salary of $400.00 per year, and that one or more Cemetery Commissioners be authorized to work on the Cemetery grounds at the rate of fifty cents per hour. And that the Water Commissioners be authorized to employ one of the members to take the Water census at a salary of $100.00 per year.

Article 5. Voted: That the following appropriations be made:

Cemeteries	$840 00
Dependent Children, Aid to	3,250 00
Election Expenses	75 00
Fire Department	2,350 00
Health, Board of	2,572 00
Highways (Chap. 90)	3,000 00
Highways and Bridges	19,365 00
Highway Machinery	2,675 00
Insurance	1,780 00
Library and Dog Tax	1,260 00
Machinery Fund	1,700 00
Miscellaneous	2,232 00
Old Age Assistance	6,780 00
Planning Board	50 00
Police Department	2,530 00
Public Welfare	2,700 00
Reserve Fund	1,000 00
Salaries	5,100 00
Schools	43,545 00
Street Lights	4,200 00
Town Bonds, payment of	5,000 00
Town Hall	3,920 00
Town Debt, interest on	600 00
Tree and Moth Work	2,500 00
Veterans Aid	1,000 00
Vocational Training	1,110 00
	$121,134 00
Water Works	16,125 00

Voted: That for the appropriations $10,000.00 be taken from Free Cash, $1,000.00 be taken from Overlay Reserve, and $300.00 from Cemetery General Fund, and for Water Works $2,900.00 be taken from the Water Works Treasury, and $13,225.00 from the current years receipts.

Article 6. Voted: That the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor payable within one year, and to renew any note or notes that may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 7. Voted: That the sum of $830.30, this being the Town's share of the net cost of care, maintenance and repair of the Middlesex County Hospital including interest on temporary notes issued therefor and including Chapter 400, Section 25 G (6) (a) of the Acts of 1936, be and the said sum is hereby appropriated.

At this time it was voted to take up Article 19.

Article 19. Voted: That the Superintendent of Streets, Superintendent of Moth and Tree Department, Superintendent of the Water Department, Superintendent of Schools, School Teachers, and Clerk of the Board of Selectmen, all the aforesaid being of the Town of Lincoln, be entitled to Workmen's Compensation as provided by Section 69, Chapter 152, General Laws as amended by Chapter 403, Acts of 1936.

At this time it was voted to take up Article 14.

Article 14. A motion that the Town authorize the Water Commissioners to replace approximately 6,000 feet of four-inch water main with ten-inch water main starting on the Concord Turnpike at Bedford Road thence along the Old Cambridge Turnpike to Concord Turnpike to the Concord Line at a cost of approximately $21,000.00, with an amendment added: "and that of this amount the sum of $10,500.00 be taken from Free Cash and the sum of $10,500.00 be raised by bonds," was lost.

Article 8. Voted: That the Water Commissioners be authorized to renew approximately 2,000 feet of four-inch water pipe on Concord Road with an eight-inch main, starting at Gateley's Corner, so called, and proceeding in the direction of Wayland.

Article 9. Voted: That the sum of $2,500.00 be and hereby is appropriated for the purchase of a new truck for the Highway Department, said sum to be taken from the Highway Machinery Fund.

Article 10. Voted: That the sum of $2,000.00 be and hereby is appropriated for the purpose of renewing the water pipe to the DeCordova Museum and installing a hydrant for adequate fire protection, said sum to be taken from Free Cash in the Town Treasury.

Article 11. Voted: That the sum of $4,000.00 be and hereby is appropriated for the construction of two tennis courts at the Ball Field, that the Moderator appoint a committee of three within fourteen days from the date of this meeting with full power to enter contract and do all things necessary and proper within the limits of said $4,000.00 to construct said courts, that the committee make reasonable effort to break ground before June 1, 1941, and any balance left of this appropriation after construction has been completed, be used for the maintenance of said courts under the direction of the Selectmen, said sum of $4,000.00 to be taken from Free Cash in the Town Treasury.

Article 12. A motion "That the Town vote to replace the drain on the Old Cambridge Turnpike taken out when the new Turnpike was built, was withdrawn, it was then Voted: That the Selectmen look further into the situation caused by the present drain pipe on Old Cambridge Turnpike and take whatever action they may deem reasonable to correct this situation.

Article 13. A motion that the By-Laws be amended by striking out the first three sentences of Section 10, Article 2, and substituting therefor, "We do hereby direct the

Moderator to increase the Finance Board to nine members by appointing within thirty days three members for three years, two members for two years and two members for one year, and three members each year thereafter who shall be residents of the Town and shall hold no other elective Town office," was lost, after an amendment "That the vote be taken by ballot" was lost by Yes 10, No 137.

Article 14. See preceding Article 8.

Article 15. A motion to postpone indefinitely was lost. A motion "That the Town amend the By-Laws by dividing the Town into four districts namely Lincoln Centre, East Lincoln, North Lincoln and South Lincoln and electing five Selectmen at least one Selectman from each district and that the Moderator appoint a committee of nine members to make the division," was withdrawn. A motion "That the Moderator appoint a committee of nine members to look into the matter of districting the Town so that a Selectman can be appointed from a district roughly coinciding with North Lincoln, South Lincoln, East Lincoln and Lincoln Centre, and report at the next Town Meeting," was lost.

Article 16. Voted: That the Town appropriate the sum of $300.00 to celebrate the Fourth of July, and that the Moderator appoint a committee of fifteen for that purpose.

Article 17. Voted: That the Lincoln Planning Board be authorized to work with the School Committee on the problem of public skating in Lincoln, that they select a suitable site, determine upon a means of clearing and flooding such site regularly, and present an estimate of costs to the Town.

At this time Mr. Smith asked for, and obtained the consent of the meeting to take the floor for a few minutes, and spoke of Bill Board Legislation introduced in 1941 by the Massachusetts Federation of Planning Boards, at the conclusion of his remarks it was

Resolved: That it is the sense of this meeting that the Town will request its Senator and Representative in General Court

to favor the enactment of House Bills 435, 436, 437, and 438 for the further regulating of Outdoor (Billboard) advertising.

Article 18. Voted: To postpone indefinitely.

Article 19. See succeeding Article 7.

The Meeting adjourned at 10.50 P.M.

WILLIAM H. DAVIS,
Town Clerk.

ANNUAL TOWN ELECTION

Saturday, March 8th, 1941

In accordance with Article 1 of the Warrant the meeting was called to order by the Moderator, the ballot box was inspected, and the following Ballot Clerks were duly sworn, Manley B. Boyce, Helena A. Dee, William E. Costello, Bertha V. Bowles, Willis N. Cousins, and William O. Causer, the Polls were declared open at 12 o'clock Noon by the Moderator. SPECIAL TOWN MEETING
September 22, 1941

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the twenty-second day of September next at eight o'clock P.M., then and there to act on the following Article, by posting a copy of this Warrant, by you attested, in each of the Post Offices, and some other public place in said Town seven days at least before the twenty-second day of September next.

Article 1. To see if the Town will authorize the Selectmen to approve an agreement which Mr. Julian DeCordova proposes to make with the Merchants National Bank of Boston, whereby the terms of the existing agreement between them, made for the benefit of the Town will be affected substantially as follows:

First: That, to entitle the Town to receive twenty-five thousand dollars for school purposes upon the death of Mr. DeCordova, it will hereafter be unnecessary for the Town to abate certain taxes if Mr. DeCordova elects to pay the same.

Second: That the Town will not be entitled to receive, upon the death of Mr. DeCordova, two thousand dollars for any years in which certain taxes are not abated, provided the taxes for such years have been paid by Mr. DeCordova.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this thirteenth day of September in the year of our Lord one thousand nine hundred and forty-one.

SUMNER SMITH,
HERBERT G. FARRAR,
JOHN TODD,
Selectmen of Lincoln.

September 13th, 1941.

I have served this Warrant by posting attested copies in each of the Post Offices and one at the Railroad Station seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the meeting was called to order by the Moderator at 8 o'clock P.M. There being no objection a recess of 10 minutes was declared. At 8.10 P.M., the meeting was again called to order, and after a brief explanation by Mr. John Todd it was

Voted: (Unanimously) That the Town authorize the Selectmen to approve, if they so see fit, the agreement which Mr. Julian DeCordova proposes to make with the Merchants National Bank of Boston, whereby the terms of the existing Agreement between them, made for the benefit of the Town, will be affected substantially as follows:

First: That to entitle the Town to receive twenty-five thousand dollars for school purposes upon the death of Mr. DeCordova, it will hereafter be unnecessary for the Town to abate certain taxes, if Mr. DeCordova elects to pay the same.

Second: That the Town will not be entitled to receive, upon the death of Mr. DeCordova, two thousand dollars for any years in which certain taxes are not abated, provided the taxes for such years have been paid by Mr. DeCordova.

The meeting adjourned at 8.20 P.M.

WILLIAM H. DAVIS,
Town Clerk.

Vital Statistics

27 Births, 38 Marriages, and 22 Deaths were recorded during the year ending December 31st, 1941.

Births

Date of Birth	Name of Child	Names of Parents
Oct. 14, 1940	Nancy Jean Rooney	John J. and Margaret C. Rooney
Feb. 16, 1941	Christopher Dorr Wadsworth	Charles Y. and Virginia Wadsworth
Feb. 20, 1941	Sally Morris	Robert H. and Irene M. Morris
Mar. 3, 1941	Arthur Willard Putnam	Clyde H. and Blanche M. Putnam
Mar. 8, 1941	Thomas Garfield Mayo	Charles F. and Agatha L. Mayo
Mar. 19, 1941	Caroline Murfitt	Philip C. and Meryle R. Murfitt
Mar. 27, 1941	Mary C. S. Henderson	Ernest F. and Mary G. C. Henderson
Apr. 8, 1941	Brenda Ann Watson	Edgar and Thelma Watson
Apr. 10, 1941	Thomas John Williamson	Thomas J. and Elizabeth Williamson
Apr. 13, 1941	Allan Brock Willett	Hurd C. and Cynthia Willett
Apr. 13, 1941	John Adams	Thomas B. and Ramelle C. Adams
May 15, 1941	Roy Whitford Tomlin	Whitford and Helen F. Tomlin
May 17, 1941	Mary Caroline Rogers	David F. and Harriet R. Rogers

Stuart, Edward T.	South Lincoln	Machinist
Wood, Orrin C.	South Lincoln	Farmer

Appointed June 23rd, 1941.

WILLIAM H. DAVIS,
Town Clerk.

REPORT OF THE BOARD OF SELECTMEN

The Board organized with Sumner Smith, Chairman and John Todd, Secretary. Appointments made by the Selectmen are printed with the list of Town Officers.

Baker Bridge

The State Department of Public Works informs the Selectmen that the relocating and rebuilding of the Baker Bridge Railroad Crossing may be done in the near future. The project is very near the head of the list and will be started as soon as the Federal Government is ready to go ahead.

Town Dump

The Town is now paying $200.00 per year for the privilege of using land for a dump. The present arrangement is not altogether satisfactory, principally from a fire hazard and expense standpoint. A more suitable site has been sought without success and the Selectmen would welcome suggestions from anyone who knows of a possible new location.

Codman Grant

The traffic congestion on Lincoln Road at the Railroad Station and at St. Joseph's church has become serious. To relieve this situation it has been decided to widen the road starting just beyond the residence of Alfred M. Davis and continuing to the railroad tracks. The County Engineers surveyed the location and prepared a map of the proposed taking. The project was explained to Thomas Codman, Esq., who very generously agreed to give the land to the Town. The old wall is now being moved to the new boundary and the extent to which the land is developed for parking or road use depends upon the highway appropriation. It is planned to save as many trees as possible where they do not interfere with traffic or parking. The Selectmen express their appreciation to Thomas Codman, Esq., for his co-operation and generosity in this matter.

Police

All the regular police duties of the Town are at present performed by one officer, Chief John J. Kelliher. He is on twenty-four hour duty and often works long periods at night. Under his protection the Town has been fortunate to suffer very little from acts against law and order. However, it is believed that the Town needs additional protection especially in these times when danger from auto and tire thefts is rapidly increasing. Accordingly, the Selectmen recommended to the Finance Committee that the Police Appropriation for the year 1942 be increased to permit another police officer to be employed, primarily at night. The Finance Committee has approved this request and the amount recommended in their report provides for this additional officer.

Public Safety

Mr. George G. Tarbell was originally appointed by the Governor as Chairman of the Lincoln Committee on Public Safety. A committee was appointed by Mr. Tarbell whose principal duty was to watch for subversive activities. Mr. Tarbell was forced to resign when be became a member of the Executive Committee of the State Public Safety Committee. Mr. Sumner Smith was then appointed as the chairman of the Lincoln committee and an organization was set up as recommended by the State Committee. After the Pearl Harbor episode, the duties of the office became so complex that it was deemed advisable to distribute the work as much as possible. Mr. Smith resigned and Mr. William N. Page was recommended by the Selectmen as his successor. Mr. Page has entered into his job very diligently and the work of organization is being rapidly performed. In the report of the Finance Committee it is recommended that $1000.00 be appropriated for the expenses of this committee.

SUMNER SMITH,
HERBERT G. FARRAR,
JOHN TODD,
Selectmen of Lincoln.

REPORT OF THE FINANCE COMMITTEE

In submitting recommendations of appropriations for the year 1942, the Finance Committee wishes to make a statement of the policy which has been the basis of its decisions.

The nation is at war — fighting the most powerful combination of enemies in the world's history. There are only two possible results — victory or the total extinction of the United States. Victory is assured only by the effort and sacrifice of the entire nation. Action by individuals or by groups of citizens which constitute our towns should be scrutinized in the light of this question —"Will it help win the war?"

This is a war of production. Shortages in raw materials and skilled labor are already serious. The economic side of the picture is also vital, though secondary. The cost of war will be staggering. Federal taxes will create a serious problem for many Lincoln families. The decreased income of the Commonwealth from reduced gas tax must be made up by taxation on cities and towns. The estimate of increased state taxation looms large.

Therefore, we recommend to the citizens of Lincoln that the activities of all Town departments be cut to the point of bare necessity for reasonable maintenance of existing services and to safeguard the health and safety of our citizens and that the purchase of additional equipment and all new construction of whatever nature be postponed. The Town must give careful consideration to the fact that possible serious economic loss to the Commonwealth will so upset our municipal economy that it may be necessary to cut major items of expenditure in the future.

To the Town departments we extend our thanks for their wholehearted co-operation.

We respectfully submit our report herewith:—

Department	Appropriation 1941	Recommended By Finance Committee For 1942
Schools	$43,545 00	$43,051 00
Vocational Training	1,110 00	260 00
Highways and Bridges	19,365 00	19,640 00
Highway Machinery	2,675 00	2,350 00
To Machinery Fund	1,700 00	1,000 00
Highways Chapter 90	3,000 00	1,500 00
Cemeteries	840 00	850 00*
Library and Dog Tax	1,260 00	1,245 00
Board of Health	2,572 00	2,278 00
Tree and Moth	2,500 00	2,500 00
Miscellaneous	2,232 00	1,840 00
Street Lights	4,200 00	4,200 00
Fire Department	2,350 00	3,555 00
Interest on Town Debt	600 00	537 50
Police Department	2,530 00	4,137 50
Town Hall	3,920 00	3,058 00
Salaries	5,100 00	5,150 00
Insurance	1,780 00	1,500 00
Election Expense	75 00	200 00
Reserve Fund	1,000 00	2,000 00†
Public Welfare	2,700 00	1,500 00
Veterans' Aid	1,000 00	500 00
Old Age Assistance	6,780 00	3,376 00
Aid to Dependent Children	3,250 00	2,400 00
Planning Board	50 00	50 00
Payments of Town Bonds	5,000 00	5,000 00
Total	$121,134 00	$113,678 00
Water Works	$16,125 00	$12,962 50

*$50.00 to be taken from Cemetery General Fund.
†Out of Overlay Reserve.

The recommendations by the Finance Committee are $7,456.00 lower than 1941. The following comments are made on all changes amounting to more than $500.00:

Schools — Last year the School appropriation included a heater for the South School. Taking into consideration this non-recurring item, this year's school budget is increased over $2,000.00, principally accounted for by an addition of $1,000.00 on the salary account. A clerk was employed due to Superintendent Holloran's absence. The other additions are normal

increases. The balance is accounted for by increased cost of fuel, supplies, operating expenses, and repairs.

Vocational Training — Decreased $840.00 because of fewer pupils.

To Machinery Fund — Decreased $700.00 because less machinery is to be purchased in 1942.

Highways Chapter 90 — Decreased $1,500.00. No allowance was made for new construction because of probability of no State allotment.

Fire Department — Increased $1,200.00. Due to the emergency it is recommended that extra hose and minor items be purchased and to make an allowance for increased labor charges.

Police Department — Increased $1,607.50 because of the recommendation by the Selectmen of an additional man on the force.

Town Hall — Decreased $862.00, due to non-recurring item of a new furnace which was requested in 1941. Due to conditions, the old heater was repaired.

Reserve Fund — Increased $1,000.00. As the Reserve Fund is to be taken from the Overlay Reserve, there will be no effect upon the tax rate, but this increase is recommended because of present uncertain conditions.

Public Welfare — Decreased $1,200.00 because of fewer cases.

Veterans' Aid — Decreased $500.00 because of fewer cases.

Old Age Assistance — Apparent saving of $3,404.00 is due to the unexpended federal grants. Cash from the Federal Government is unexpended and therefore a credit to the year's operations. Actually, there will be a slight increase in the cost over last year.

Aid to Dependent Children — Decreased $850.00 because of fewer cases.

It is impossible at this writing to figure the tax rate even approximately due to the uncertainty of receipts from the

Commonwealth and the amount of State tax which it will be necessary for us to pay. It is planned, however, to present these figures at the Town Meeting.

Respectfully submitted,

GEORGE G. TARBELL, *Chairman*,
GUILBERT WINCHELL,
WILLIAM M. RAND, *Secretary*.
Finance Committee, Town of Lincoln.

January 26, 1942.

REPORT OF BUREAU OF OLD AGE ASSISTANCE

Board of Selectmen:
Gentlemen:

On January 1, 1941, twenty-three cases were receiving Old Age Assistance under Chapter 118 A, General Laws, as amended. During the year three new cases were added, two applications for assistance denied and four cases closed, two because of death and two because the recipients moved out of Lincoln, making a total of twenty-six cases aided during the year 1941. Payments were also made to other cities and towns where Lincoln settled cases were aided. On December 31, 1941, twenty-two cases were receiving relief, settled as follows: Lincoln 15, other cities and towns 2, no settlement 5. The four cases closed during the year were settled as follows: Lincoln 2, other cities and towns 1, no settlement 1.

Because of unused federal grants for the years 1936 and 1937, amounting to approximately $3,000.00, which is spent without an appropriation and can only be used for the granting of Old Age Assistance, the appropriation requested for the year 1942 is $3,376.00 as compared to $6,780.00 for the year 1941. This reduction is an artificial one since it reduces the cash in the Town Treasury the same as any amount voted to be taken from free cash. The total of expenditures for aid during 1942 is expected to increase slightly over the 1941 expenditures.

Respectfully submitted,

ANTHONY DOHERTY, *Chairman*,
JOHN J. KELLIHER,
OTTO HAGMANN.

REPORT OF THE SKATING RINK COMMITTEE

Selectmen of Lincoln:

Gentlemen:

The Town Meeting of March 3, 1941, authorized the School Committee and the Planning Board to jointly investigate the possibilities of a skating rink for the children of the Town.

Several meetings were held and every known waterway that lay within three-fourths of a mile from the school was visited. The four main considerations were parking, accessibility, supply of water, and safety.

The meadow on Weston Road owned by Dr. DeNormandie proved to be the best location and was most generously offered for that use by the owner. A dam was erected at no cost to the town. The Boy Scouts cleared a fair-sized plot and the Fire Department under Mr. Doherty's supervision burned the meadow.

Unfortunately due to the inclemency of the weather the place was not flooded early enough to be of real value this year. We hope, however, to create a satisfactory place for skating another year.

The Committee felt that the most valuable suggestions should be based on actual experience. Therefore, we went somewhat further than the recommendation. It is the Committee's suggestion that next year an early clean-up and snow removal be considered on this site.

JAMES DeNORMANDIE, *Chairman of School Committee,*
EVELETH R. TODD, *Chairman of Planning Board.*

ASSESSOR'S REPORT

The Board of Assessors submit the following report for the year 1941:

Computation of Tax Rate

Town appropriations to be raised by taxation	$127,859 00	
Town appropriations to be taken from available funds	10,200 00

WARWICK V. HARRIS,

Treasurer.

AUDITOR'S REPORT

I hereby submit a report of all money paid out by the Town Treasurer on order of the Selectmen of Lincoln.

I have examined the books and accounts of the officers entrusted with the receipt, custody, or expenditure of money and find that the reports of these officers to the Town are correct.

I have verified the cash balance of each of such officers by reconciliation of bank balances and account of cash.

JAMES W. LENNON,
Auditor.

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Division of Accounts

May 14, 1941.

To the Board of Selectmen:
Mr. Sumner Smith, Chairman
Lincoln, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Lincoln for the period from December 21, 1937, to February 24, 1941, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Lincoln for the period from December 21, 1937, the date of the previous examination, to February 24, 1941, the following report being submitted thereon:

General ledger accounts were compiled and the appropriation accounts were analyzed and checked to the amounts voted by the Town as listed from the Town Clerk's record of Town Meetings, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the Town on February 24, 1941. This balance sheet indicates that the financial condition of the Town is excellent.

Abatements of old age assistance taxes and an overlay deficit of the levy of 1939, as appearing on the balance sheet, should be provided for by the Assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the Town Treasurer were examined and checked in detail. The recorded receipts were compared with the records in the departments collecting money for the Town and with the other sources from which money was paid into the Town Treasury. The payments were checked to the approved orders on file, the cash book footings were verified, and the cash balance on February 24, 1941, was proved by reconciliation of the bank balances with statements furnished by the bank of deposit.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investments of the trust funds in the custody of the Town Treasurer and the Commissioners of Trust Funds were examined and listed. The income was proved and the transfers to the Town and to the Library Treasurer were verified.

The books and accounts of the Library Treasurer were examined and checked in detail. The recorded receipts and expenditures were verified, and the cash balance on April 7, 1941, was proved.

The tax titles taken by the Town for unpaid taxes were examined and the amounts added to the tax title account were compared with the Collector's records. The reported redemptions were checked with the receipts as recorded on the Treasurer's cash book, the foreclosures and disclaimers were verified, and the tax titles on hand were listed, proved, and checked with the records in the Registry of Deeds.

The books and accounts of the Collector of Taxes were examined and checked. The poll, property, and motor vehicle excise taxes, and water accounts receivable outstanding according to the previous examination were audited, and all subsequent commitments were checked to the Warrants for their collection. The payments to the Treasurer were checked to the Treasurer's cash book, the recorded abatements and discounts were compared with the records in the

departments authorized to grant such credits, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the Town, the replies received thereto indicating that the accounts, as listed, are correct.

The receipts of the Town Clerk for dog and sporting licenses were checked with the records of licenses issued, and the payments to the Division of Fisheries and Game and to the Town Treasurer were verified.

It was noted that the proceeds from the sale of cemetery lots and graves are deposited in a savings bank and that the income earned is added to this fund. A separate account should be kept of the money received from the sale of cemetery lots and graves which may be appropriated by the Town for the purposes stated in Section 15, Chapter 114, General Laws, but interest accuring on such funds deposited in a savings bank should be withdrawn and credited to the estimated receipts account.

The surety bonds furnished by the financial officials of the Town for the faithful performance of their duties were examined and found to be in proper form.

It appears that no fees for sealing and adjusting weights and measures have been collected by the Sealer of Weights and Measures during the period covered by the audit, in which connection attention is called to Sections 34 and 56, Chapter 98, General Laws, as amended.

It is recommended that steps be taken toward the establishment of a proper system of accounting, so that complete records may be available in a single Town Office and so that the true financial condition of the Town may be determined at any time.

In addition to the accounts mentioned, the records of all other departments collecting money for the Town or committing bills for collection were examined and checked in detail.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the Treasurer's

cash, summaries of the tax, tax title, and water accounts, as well as tables showing the condition and transactions of the various trust funds.

While engaged in making the audit, co-operation was received from all Town Officials, for which, on behalf of my assistant and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

REPORT OF THE SUPERINTENDENT OF STREETS

Board of Selectmen:

Gentlemen:

In the early months of 1941 we had only a moderate amount of snow which was handled in the customary way. We did, however, buy a V plow to be used on either of the two smaller trucks. We are now equipped with two V plows as well as our regular one-way and reversible plows.

We purchased this summer a mechanical sand spreader which proved very valuable in our surface treatment work which was carried on over approximately 11 miles of our roads.

Besides our regular maintenance we widened a portion of Sandy Pond Road on the hill beside the pond. We also widened curves on Lincoln Road and Winter Street and put up cable guard rail and posts. On Upland Fields Road we installed a culvert, gravelled, graded and treated about 1,000 feet.

Another improvement was the widening and banking of the curve on Lincoln Road near Mr. Cousen's house.

With our Chapter 90 Maintenance money we resurfaced parts of Concord Road and So. Great Road.

On Chapter 90 Construction we rebuilt a section of Trapelo Road starting at Old County Road at the water basin and extending about 2,100 feet.

In 1942 it seems quite possible that the State and County may not help us with Chapter 90 Construction money, but we hope to continue work on Trapelo Road as far as Winter Street.

The new truck to replace the 3-ton seven-year-old White has been ordered since August and at present is in Boston awaiting federal permission for delivery.

Our equipment is in reasonably good condition and barring emergencies our expenses should be about the same as 1941.

Respectfully submitted,

EDMUND GILES,
Superintendent of Streets.

REPORT OF WATER COMMISSIONERS

The Board organized with the choice of Sumner Smith, Chairman and Sidney G. MacRae, Secretary.

On Concord Road, starting at the junction with South Great Road, 2,500 feet of eight-inch transite pipe was laid replacing the four-inch cast iron main up to Farrar Road. It was quite difficult to obtain the necessary materials for this work and because of this condition, the project was not started until the valves, pipe and hydrants were on hand. The services were not renewed because of the lateness of the season.

The Board recommends that no extensions or renewals to the pipe system be made until the material shortage caused by the war diminishes.

Since August, 1930, the water level in Sandy Pond has not been as low as at present. On December 31, 1941, the pond was 4.36 feet below full pond level. In May, 1941, the Commissioners ordered that all irrigation be limited to one hour per day during the time 6 to 7 P.M. Unless the pond fills up this spring, the restriction on the use of water will need be continued and perhaps a still more severe curtailment will be ordered.

It is apparent that the water supply is becoming inadequate especially during dry seasons when the demand for water is the greatest. The Commissioners have considered two solutions to this problem. The first is to conserve the present supply of water by the installation of meters. In addition to reducing the use of water, the meters would equitably distribute cost of water service to the consumers. The second solution is to obtain an additional source of water supply. It is believed that the water takers prefer this second solution since the money thus expended procures more water and thus adds to the amount which may be used. Following this line of reasoning, a geologist highly recommended to the Commissioners by Water Boards of neighboring towns, has been engaged to survey the Town and to recommend locations where additional water supplies may be acquired. It is ex-

pected that his report will be received before the Annual Town Meeting and the Commissioners have placed an Article in the Warrant so that such action may be taken as the voters consider necessary. The Commissioners are not recommending that any definite action be taken, rather they are presenting the whole picture to the Town so that the voters have available the necessary knowledge before making their decisions. It was felt justified to make this survey because the report will always be available.

The Board itemizes the following budget which is requested be appropriated for the year 1942.

Power	$2,500 00
Salary	1,175 00
Census	100 00
Maps	200 00
Repairs and maintenance	1,000 00
Bond payment	5,000 00
Interest	437 50
Service installations and renewals	500 00
Legal	200 00
Survey for new water supply	300 00
Chlorination apparatus	1,200 00
Water ditch resurfacing	350 00
Total	$12,962 50

Respectfully submitted,

SUMNER SMITH,
JOHN J. KELLIHER,
SIDNEY G. MacRAE.

Statistics

1. Replaced 2,500 ft. of 4-inch pipe with 8-inch main.
2. Discontinued, none.
3. Total now in use, 29.19 miles.
4. Number of hydrants added, 1.
5. Number of hydrants now in use, 170.
6. Number of stop gates added, 1.
7. Number of stop gates renewed, 3.

8. Number of stop gates now in use, 256.
9. Number of blow-offs now in use, 27.
10. Range of pressure on mains, 40–100 lbs.
11. Total gallons pumped, 120,986,000.
12. Number of services added, 10.
13. Number of services renewed, 2.
14. Number of services now in use, 502.
15. Number of meters now in use, 15.

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen:

On March 9, 1941, the Board of Health met and elected Dr. DeNormandie, chairman, and Mr. David Rogers, clerk, for the ensuing year. Mr. John Kelleher was nominated inspector of slaughtering and was later confirmed by the State Department of Public Health. Mrs. Ober was re-appointed Nurse and the Board's agent. Dr. McGlinchey was appointed milk inspector. Dr. DeNormandie was appointed to the Nursing Committee.

Licenses for the sale of milk were granted to 9 milk dealers and 8 stores. The Board passed the following regulation, effective August 1, 1941: No person, firm, or corporation shall sell, offer for sale, hold in possession with intent to sell, exchange or deliver any milk or cream in the town of Lincoln unless such milk or cream is certified according to Section 20–25 inclusive of Chapter 180 of the General Laws, or pasteurized as provided for in Section 1 of Chapter 94 of the General Laws. This rule shall not apply to milk intended to be delivered for the purpose of pasteurization. No milk offered for sale shall be pasteurized more than once.

The clinic for the inoculation of dogs against rabies was held on June 7. At that time 85 dogs were inoculated. There has been a definite increase in rabies in the surrounding towns, and this year the clinic will be held as early as possible. The Board calls the attention of the citizens to the fact that if a dog bites a person, a physician should at once be notified and the dog tied up and kept in quarantine for two weeks, and not destroyed.

Seven licenses were granted for the transportation of garbage through the Town.

The following piggeries were licensed: Manuel Silva, 500; Louis Dean, 500; Boyce Brothers, 100; John Wilson, 100; E. S. Coburn, 75; John McHugh, 50; Nicholas Catoni, 50. An inquiry has been received about the establishment of another piggery, but the Board has informed the applicant that no more piggeries will be allowed in the town. This

action is taken because the Board feels that it is the wish of the citizens.

The number of contagious diseases reported to the Board has been astonishingly small: Whooping cough, 3; measles, 3; chickenpox, 3; mumps, 2; tuberculosis, 2; syphilis, 1; dog bite 5.

The Well Child Conference has been held each month. There were in attendance 34 new cases and 43 old ones. The total attendance was 169. Thirty-one children were inoculated against diphtheria, Schick tests were performed on 11 and 15 were vaccinated. As a result of the examinations at the Conference, 9 children had tonsillectomies, 1 was discovered to need glasses and is now wearing them, and 1 child, referred to the Children's Hospital, has been operated on for hernia.

The Board is confident that the citizens appreciate fully the able manner in which the Conference is carried on by Dr. Davies.

To those citizens who have helped in the transportation of the children, the Board again expresses its appreciation.

Respectfully submitted,

ROBERT L. DeNORMANDIE,
RICHARD K. CONANT,
DAVID ROGERS.

REPORT OF THE CEMETERY COMMISSIONERS

The general care given the three cemeteries the past year has been the same as in other years except in the case of the Town Hall Cemetery where special work was done to improve its sunken ground. As conditions will permit we propose to repair or remove the open tomb here and to improve the grades in the vicinity.

The co-operation of the Lincoln Garden Club in helping to improve the condition of the hedge around the Arborvitae Cemetery reflects the interest of our people in the proper maintenance of our cemeteries and is greatly appreciated. Such encouragement will tend to gradually improve the grounds so that they will assume the nature of a garden and ornamental land and will manifest the interest that the residents of Lincoln have in their burial grounds.

During the past year there were eight burials in the New Cemetery and one in the Arborvitae.

Six lots were sold in the new Cemetery, bringing in an income of $235.00 which was deposited in the Cemetery Fund.

We are asking for an appropriation of $800 for the general maintenance of all the cemeteries and in addition to this amount we would like to take $50.00 from the Cemetery Fund to be used to start a much needed improvement in the New Cemetery, namely the removal of the old iron pipe now used to define the boundaries of the lots. The iron pipe would be replaced by permanent concrete bounds set level with the ground. This will require time to complete entirely but once begun it can be continued yearly and new lots layed out would have these permanent bounds at the start. We feel that money taken from the Cemetery Fund should be used for permanent improvements of this nature which will reduce future maintenence cost and decidedly improve the whole appearance of the grounds.

Another essential improvement to the New Cemetery would be to plan for the riddance of water from the roadway and

lots on the Westerly side. This will require a study of grades and the best method of drainage which will be included in next year's report.

Respectfully submitted,

JOHN A. PETERSON,
GEORGE E. CUNNINGHAM,
SIDNEY G. MacRAE.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE

1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire or responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm,** nor drive said vehicle or park or leave the same unattended within **six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

REPORT OF THE LINCOLN FIRE DEPARTMENT

Board of Selectmen:

Gentlemen:

The Board of Fire Engineers herewith submit their Annual Report for the year ending December 31, 1941.

Force

The Department consists of the following: Chief, seven Engineers and twenty-three call men.

Apparatus

The apparatus belonging to the Department is as follows: one 600-gallon pump, one Combination 500-gallon Pump and Forest Fire Truck, one Combination 350-gallon Pump and Forest Fire Truck, two Foam Extinguishers, nine Ladders, 2,200 feet of 2½-in. hose, 400 feet of 1½-in. hose, 1,950 feet of 1-in. hose. Booster tanks on trucks carry 560 gallons of water.

Location of the Apparatus

Pump No. 1 and the Combination Pump and Forest Fire Truck No. 3 are stationed at Doherty's Garage, South Lincoln.

Combination Pump and Forest Fire Truck No. 2 stationed at Tracy's Gasoline Station, North Lincoln.

Fires

During this year 127 calls have been answered; 4 oil burners, 12 buildings, 14 chimney, 65 grass and wood, 4 automobile, 2 out of town, and 26 other calls. This year the Department answered seven calls to the Air Port in North Lincoln with a total of 507 man hours. The Department was also called to the Forest Fire in Groton. This and the large number of grass and wood fires accounts for the large jump in the labor cost of the Department. Loss $6,000.

Expenditures

Edison Electric Illuminating Co.		$47 50
New England Telephone and Telegraph Co.		48 30
Storage		600 00
Gas, Oil and Alcohol		64 95
Repairs and supplies for trucks		101 24
New equipment		286 47
Labor		
Air Port	$509 00	
Miscellaneous	1,427 50	
		1,936 50
		$3,084 91

Auxiliary

Thirty men have been asked to serve on the Auxiliary Department and are now enrolled in the Red Cross First Aid Course, at the completion of which a further course of training will be given.

Respectfully submitted,

M. H. DOHERTY, *Chief.*

REPORT OF THE LINCOLN NURSING COMMITTEE

During the year 1941 the Lincoln Community Nurse has made 1,491 calls, subdivided as follows: Medical 401, Surgical 331, Prenatal 35, Board of Health 29, Child Welfare 345, Social Welfare 156, Doctors' Offices and Hospitals 152, Home Delivery 1, Postnatal 41. For these visits she has collected $150.50, and this sum has been paid to the Town Treasurer.

During Mrs. Ober's vacation in the summer Miss Dorothy Bates, R.N., carried on her work as substitute Community Nurse.

This report does not include Mrs. Ober's work as School Nurse, which is covered in her report.

The increased activity of the Center School this fall required the use for school purposes of the office occupied by Mrs. Ober in that building. Accordingly her headquarters have been transferred to the Town Hall, where more space for her use was available. The telephone number at the new office of the Community Nurse is Lincoln 0289.

SUSAN LENNOX BRIGGS,
ROBERT L. DeNORMANDIE, M.D.,
EMILY K. KUBIK.

REPORT OF INSPECTOR OF ANIMALS

During the year 1941 there were 6 dogs quarantined. The dogs showing no signs of rabies were released in fourteen days.

Inspected 47 herds of animals, consisting of 348 cows, 151 young stock, 16 bulls, 1,374 swine, 26 goats, 6 sheep.

Respectfully submitted,

D. E. SHERMAN,
Inspector of Animals.

REPORT OF TRUSTEES OF THE LINCOLN LIBRARY

The Trustees submit herewith the report of the Treasurer of the Library and of the Librarian.

No major repairs were undertaken the past year and none are contemplated for the year ensuing.

The large linden tree on the north side of the Library has been slowly dying for several years and we plan to remove it in the spring. We have provided in our budget for the planting of three small shade trees to fill in the open spaces.

The Trustees wish to thank the several citizens who have loaned exhibits for the small show case. We hope that other citizens who have any exhibits of interest will feel free to offer them for exhibition in the Library.

The Lincoln Garden Club with Mrs. Thomas S. Ross in charge has added much to the attractiveness of the Library by its weekly contribution of flowers.

The Trustees also wish to thank the following who have donated magazines, pamphlets or books to the Library:

Al. Company of America
American Tel. & Tel Company
Miss Bertha Scripture
Mrs. H. S. Bean
Mrs. R. F. Beers
Mrs. L. M. Burr, Jr.
Mr. R. H. Brinkerhoff
Commonwealth of Massachusetts
Concord Library
Mrs. R. G. Crook
Mrs. Herbert Dodge
Mrs. R. D. Donaldson
Mr. E. R. Farrar
Girl Scout Mothers' Club
Dr. E. W. Herman
Mrs. F. W. Hibbard
Mr. Thomas Hinckley
Mr. C. F. Holloran
Mrs. Leonard Larrabee
Mr. P. J. Lennon
Mrs. Charles Mason
Mrs. R. S. Meriam
Mr. W. E. Palmer
Mrs. Hayward Peirce
Mr. David Phemister
Mrs. W. M. Preston
Mr. James Ryan
Mrs. Harrie Richardson
Mrs. J. L. Snider
Mrs. J. R. Wallace
Mr. J. H. Wilkins
Mr. and Mrs. R. S. Woodbury

An appropriation of thirteen hundred ($1300) dollars will be necessary to continue the same services for 1942.

Respectfully submitted,

JAMES DeNORMANDIE,
ROLAND C. MacKENZIE,
SUMNER SMITH,
C. LEE TODD,
GEORGE G. TARBELL.

REPORT OF THE PLANNING BOARD

Board of Selectmen:

Gentlemen:

The Board organized with Eveleth R. Todd, Chairman, and Charles K. Fitts, Clerk.

The following petitions for subdivision were acted upon:

J. J. Kelleher — Partial and final approval on land between Upland Field Road and Tower Road were granted after two public hearings. The first was granted June 26, 1941, and the final was granted July 26, 1941.

George G. Tarbell — A petition for change in lot lines of subdivision previously approved on Blueberry Lane. A public hearing was held and approval granted October 27, 1941.

Hazel B. Cooledge — Subdivision of land on Concord–Wayland Road between South Great Road and Codman Road. A public hearing was held and approval granted October 22, 1941.

Reviewing and acting upon subdivisions continued to be an active duty of the Board. Bearing in mind the importance of this function to the Town, to abutters on land subdivided and to prospective purchasers, the Board's regulations governing subdivisions have been reviewed and revised. We believe the regulations now more fully reflect the wishes and character of the Town.

Realizing that valuable help can be gained through contact with the neighboring Planning Boards, a meeting with Concord was arranged. Ideas were exchanged and the mutual problems of planning which might arise over a common boundary were discussed.

The Board has continued to search for all existing maps of Lincoln. As far as we know all those that have been prepared or are in the process of preparation have been unearthed. To supplement those already acquired, consideration has been given to an aerial map. The cost of such a map, we have been

advised by one company specializing in aerial photography, would be approximately $800.00. In view of the extensive mapping now being done by the Government and other agencies, we are still hopeful of obtaining an aerial map as well as a ground map at a much smaller cost.

Throughout the year we have been in touch with the School Committee to familiarize ourselves with their problems as they pertain to future expansion and growth. Possible sites for a High School or Junior High School have been studied and explored by the Board. During the coming year, we shall extend these studies to include other departments and shall make a long-range program of the physical and social needs of the Town.

Work done in conjunction with the Skating Rink appears in another report.

Respectfully submitted,

EVELETH R. TODD,
CHARLES K. FITTS,
HAYWARD PIERCE,
ROBERT D. DONALDSON,
WALTER LOVEJOY.

REPORT OF BOARD OF APPEALS UNDER THE ZONING BY-LAWS OF THE TOWN OF LINCOLN FOR 1941

To the Board of Selectmen:

Gentlemen:

The Board organized with Harland B. Newton, Chairman, and Anthony J. Doherty, Clerk. The following petitions were received and acted upon:

February 24, 1941:

Petition of Anne Connors for permission to use her property located on Bedford Road for purposes of a Rest Home or Sanitarium. Mrs. Connors stated that it was her intention to care for two or three patients, preferably older people who because of physical conditions would need care and attention.

The within petition was granted subject to the following conditions:

1. That no more than three patients are to be cared for at any one time.
2. That the permission hereby granted is to be in effect while the property in question is owned or occupied by the present owner.

March 17, 1941:

Petition of Harold E. Lawson for a variance of the Zoning By-Laws relating to "front yard set-back" as applicable to a proposed building to be erected on his property located on part of Old Concord Turnpike, near Lexington Road.

On this petition, it was unanimously voted by the Board to permit the erection of a single dwelling house upon the present foundation of a building heretofore used as a poultry house, located on said Old Concord Road, and that no part of said building or any addition thereto shall be erected or maintained nearer to Old Concord Turnpike than the present existing foundation of the said poultry house.

April 28, 1941:

Petition of Thomas J. and Doris D. Rouner for a variance of the District Regulations under the Zoning By-Laws to permit the conversion of a one-family house into a two-family house. Said building being located on Sandy Pond Road in the centre of the town. The within building is located in a district zoned for one-family houses only.

It was the unanimous opinion of the Board that the within petition was not one wherein an exception under Section 21 of the Zoning By-Laws would be warranted, and wherein a variance of the District Regulations would be in harmony with the provisions of this section of the By-Laws, and therefore this petition was denied.

April 28, 1941:

Petition of Mrs. Mildred E. Bowles for a variance of the application of the Zoning By-Laws to permit "the renting of ponies" on her property located at the corner of South Great Road and Tower Road in said Lincoln.

After hearing at which there were no objections, it was voted unanimously that this petition be granted with the following conditions:

1. That this permit shall expire on April 27, 1942.
2. That the number of ponies to be used for such purposes as petitioned for be not over seven at any one time.
3. That the use of said ponies is hereby restricted to the limits of the property as described, and that such ponies are not permitted to be on the highway.

May 21, 1941:

Petition of John F. Peterson for a variance of the Zoning Ordinances relating to "front yard set-back" as applicable to his property located in "Juniper Ridge" so-called, located at the corner of Bedford Road and New Concord Turnpike in the northerly part of the town.

After hearing the petition on this Application, the Board accompanied by Mr. Peterson visited the premises affected.

Upon examination of the premises and with the assent of the petitioner, it was agreed that the front yard set-back could be changed so that no part of the building would come within the 40-foot set-back required by the By-Laws. With this change, which was acceptable and approved by the petitioner, this petition was withdrawn.

Respectfully submitted,

BOARD OF APPEALS OF THE TOWN OF LINCOLN,

By ANTHONY J. DOHERTY,
Clerk.

REPORT OF THE FOURTH OF JULY COMMITTEE

In accordance with Article 16 of the Warrant for the Annual Town Meeting, held March 3rd, 1941, the Moderator appointed the following committee: H. S. Dean, J. Lahey, M. H. Doherty, J. J. Kelleher, J. E. Smith, R. N. Faber, Dr. P. W. Place, L. C. Larrabee, H. S. Cousins, J. W. Lennon, J. E. Frazier, D. J. Finlayson, G. E. Cunningham, W. V. Langille, and W. H. Davis, the latter to "call a meeting and act as chairman until the committee is suitably organized."

A meeting was held at the Town Hall on May 18th, 1941, W. H. Davis was elected chairman, with James W. Lennon, secretary. It was voted to have the following events, with the chairman and appropriation as listed:

Event	Chairman	Appropriation
Parade	R. N. Faber	$30 00
Sports	W. V. Langille	50 00
Ball Games	J. Todd	.....
Band Concert	W. H. Davis	100 00
Refreshments	J. Lahey	.....
Fireworks	H. S. Cousins	250 00
Children's Amusements	Dr. P. W. Place	5 00
Printing, etc.	J. J. Kelleher	10 00
Grounds Committee	R. D. Donaldson	.....

On June 2nd, Roger N. Faber resigned as Chairman of the Parade Committee, and the Moderator appointed Edmund W. Giles to serve in his stead. On June 10th, Waldo V. Langille resigned as Sports Chairman, and Harold S. Dean consented to act in that capacity.

A second meeting was called for June 15th, at which it was decided to invite some tournament tennis players to dedicate the new courts, but, although the courts were finished, it was thought inadvisable to allow the games to be played.

Despite threatening weather, the schedule of events was carried out as planned. The financial statement follows:

Receipts

Appropriation	$300 00
Donald Gordon Fund	150 00
Refreshment Concession	40 62
Balance Check Fourth of July Fund	19 22
	$509 84

Expenditures

Concord Legion Band	$100 00	
Fireworks	250 00	
Sports Prizes	42 22	
Parade Prizes	30 00	
Transportation St. Stephens Band	15 00	
Refreshments St. Stephen's Band	5 50	
Printing, etc.	11 50	
Janitor and Attendant	9 00	
Children's Candy	3 90	
Special Police	36 00	
Lumber	5 87	
Miscellaneous	85	
		$509 84

Respectfully submitted,

WILLIAM H. DAVIS,
Chairman.

REPORT OF WORK OF MIDDLESEX COUNTY EXTENSION SERVICE

The following is a report of some of the activities of the Middlesex County Extension Service in the Town of Lincoln during the year 1941:

Assistance during the year was given to local dairymen in crop planning, liming and fertilizing pastures, feeding and emergency hay production. Mr. James DeNormandie and Mr. Warren Flint are members of the County Dairy Committee. Storrow Farm has its herd in the Dairy Herd Improvement Association. Poultrymen were assisted with their general problems on disease control, brooding and poultry management. Twenty-five farm visits were made to market gardeners to assist them in their production problems.

A group of homemakers attended a series of meetings on furniture renovation and also assistance was given in canning.

Twenty-three boys and girls were enrolled in 4-H Club work. Mrs. Matthew H. Doherty served as Town Chairman. Other members of the Town Committee were Barbara Reid, Waldo Palmer, Eveleth Todd and Donald Donaldson. The Lincoln Garden Club awarded cash prizes to the following Garden Club members: Marie Gradeski, John Reiss, Felice and Joseph Rando, Marilyn Porter, Mildred Prescott, Sherman Davis and Beverly Cousins.

Lincoln was extremely generous with its contributions to Camp Middlesex at Ashby, Massachusetts.

REPORT OF THE TREE WARDEN

I submit herewith a brief report of the work done by this Department during the year 1941. The methods used in handling the Gypsy Moth were the same as in the past years, creosoting the egg nests on the roadside trees during the winter months and spraying with arsenate of lead in the spring as soon as the trees had enough foliage to hold the spray. Spraying operations started the second week of May and continued through the latter part of June. Very good results were obtained although it was necessary to spray a second time in badly infested areas. The spraying also effectively controlled the elm leaf beetle.

Brush was cut along the roadsides and dangerous limbs were removed from the trees. The total expenditure for the year 1941 was $2,485.19 and it is recommended that $2,500.00 be appropriated for Moth and Tree work in the year, 1942.

Respectfully submitted,

JOHN J. KELLIHER,
Tree Warden.

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen,
Town of Lincoln:

I herewith submit the Annual Report of the Building Inspection Department of the Town of Lincoln for the year ending December 31, 1941.

Permits	Classification of Work	Estimated Value

	Residential Alterations and Additions	
16	Building	24,065
16	Plumbing	5,760
15	Electrical	737
	Business	
1	Plumbing	800
1	Removal	100
121		$243,814
	Applications for permits refused	3
	Total fees collected	$221 00

HENRY B. HOOVER,
Building Inspector.

REPORT OF THE TENNIS COURT COMMITTEE

Within a few days of the annual Town Meeting in March, 1941, the Moderator appointed the undersigned to the Tennis Court Committee and instructed them to act under the following motion: "VOTED: That the sum of $4,000 be and hereby is appropriated for the construction of two tennis courts at the ball field, that the Moderator appoint a committee of three within fourteen days from the date of this meeting with full power to enter contract and do all things necessary and proper within the limits of said $4,000 to construct said courts, that the committee make reasonable efforts to break ground before June 1, 1941, and any balance left of this appropriation after construction has been completed be used for the maintenance of said courts under the direction of the selectmen, said sum of $4,000 to be taken from free cash in the Town treasury."

Immediately after appointment, the committee commenced to meet for the purpose of considering problems pertinent to proper construction of the courts, including the location of the same with respect to the ball field, the various types of construction and the relative costs of the same.

We made trips to a number of neighboring towns and inspected the courts which they maintained with a view to determining the type of court which would be most applicable to a town of Lincoln's character. The Superintendents of Parks and Playgrounds of Arlington and Belmont were very helpful to us during this period of study and gave us many valuable suggestions, some of which were embodied in our own specifications.

We gave much thought to the relative costs of construction and maintenance, as well as to the playing merits, of soft playing surfaces such as clay and dirt as compared with hard or permanent surfaces of asphalt, hot mixes, cement and the like. After weighing the pros and cons of the two types of surfaces, we decided that a soft surface would be more desirable.

The entire court area was laid out and the courts placed so as to be spaced from the fence and each other in a way to assure adequate room for players and those waiting to play. The location of the courts at the end of the ball field nearest the public road was chosen with the idea of utilizing that space of the Town-owned area which had the smallest use, actual or anticipated. The Committee believed that for purposes of administration and protection, the courts should be completely enclosed by a wire fence and gates provided which could be locked. Bids for the fencing were requested and the contract was awarded to the American Chain Link Fence Co., who had quoted the lowest price.

Specifications were submitted to several contractors for bids and estimates on the courts proper. E. A. Comeau, of Concord, presented the lowest figure and after visiting and examining approvingly a number of courts which he had previously built, his price was accepted. The contract called for a gravel base, a clay subsurface, and a top surface of crushed shale. The contractor had recommended the shale top surface in preference to clay, as it provided quicker-drying properties and was easier to maintain. Mr. Comeau commenced work on the courts May 6, 1941, and finished the work July 10, 1941. The courts were opened on July 12th, with exhibition matches which were kindly arranged by Mr. Wilkinson of Conant Road. The courts were then turned over to the Selectmen who supervised their maintenance in accordance with the terms of the motion.

Your committee is satisfied that the contractors, in their work, fulfilled all the terms of their respective contracts. The surface was quite playable in spite of its newness and the unusual dryness of the season and should improve with use. We made no compilation of the number of hours in which the courts were in use or the number of persons enjoying the same, but we can say from repeated observation prompted by interest that the courts were used to a gratifying extent by persons of all ages, representing all sections of Town.

Below, we have set out a statement of money expended in constructing the courts. The tool house was built to replace that destroyed last summer by the burning of the grandstand.

Hose bought for the courts and destroyed in the same fire was renewed.

E. A. Comeau, Construction of Courts..	$2,000 00
American Chain Link Fence Co.	785 00
James W. Brine Co., Nets, Tapes, etc...	55 10
James E. Lahey, Benches	69 45
Montford K. Hayden, Tool House	115 35
Maintenance of Courts, Labor	159 00
Lewis S. Harris, Consultation Services..	25 00
Miscellaneous Supplies, Hose, Roller, etc.	59 06
	$3,267 96
Appropriation	4,000 00

Respectfully submitted,

JOHN TODD, *Chairman*,
ELIZABETH H. DOHERTY,
ROBERT D. DONALDSON.

SCHOOL COMMITTEE REPORT

We herewith present our Annual Report for 1941.

It has been a year that posed many difficult problems, of which Superintendent Holloran's illness and the resignation of three teachers were the most important. Mr. Holloran was taken ill early last spring and had to withdraw completely from his work at the school. After discussion, he was granted a leave of absence until September 1, 1942, at one-half salary. When it was apparent that he would be unable to carry on his duties, Miss Thelma Goddard was appointed Acting Superintendent. She undertook this work at great personal sacrifice, and your committee wishes to here record its appreciation of Miss Goddard's many years of faithful service to the school children of Lincoln and especially of the splendid way she co-operated as Acting Superintendent, both in handling the problems of the school itself and also in tactfully meeting and discussing school difficulties with parents.

Miss Sanborn, formerly teaching in Grade 3, took Miss Goddard's place in Grade 4 when school reopened last September. Mr. Shipp also resigned to accept a more responsible position in Wethersfield, Connecticut, and Mr. Twombly resigned as instructor in Manual Training.

With an Acting Superintendent and three teachers to be found, your committee turned to Dr. Payson Smith, former Commissioner of Education for Massachusetts, who advised us to get in touch with the Harvard Graduate School of Education in the hope that we might find an experienced educator who would take up the reins in Lincoln for one year, and who, because of his training, could grasp the situation at once. That we were fortunate in finding such a man in Mr. Clarence V. Baker of Arlington Heights, Illinois, we think all who have come in contact with him will agree. He was engaged on a part-time basis while completing his studies for a Doctor's degree at Harvard University. He has met a difficult situation with a firm and friendly hand, and because of his educational qualifications and personality has made a place for himself in the Town that will not quickly be for-

gotten. He has been an inspiration both to children, parents and teachers as well as to your School Committee.

Miss Patricia Walker of Bar Harbor, Maine, was appointed to teach Grade 3. Mr. Edward McGonigle of Boston took Mr. Shipp's position in the Junior High grades. Miss Walker is a graduate of the Eastern State Normal School at Castine, Maine, while Mr. McGonigle is a graduate of Harvard College and the Graduate School of Education. Mr. G. A. Wiley is directing Manual Training while Mrs. F. M. Seeger has been Secretary. She has filled a particularly important position in view of Mr. Baker's inability to be present at all times.

Repairs have been made in accordance with the appropriations made at Town Meeting last March. The new heating and ventilation plant is working satisfactorily at the South School and some painting has been completed at the Center School. For many years the heating and ventilating at the Center School has been unsatisfactory. The health of the pupils has been continually jeopardized by alternate overheating and underheating together with an entirely inadequate supply of fresh air. Colds have been too frequent and often it has been necessary to wear some outdoor clothing to keep warm. At other periods overheating takes place as those of you who attended open house last autumn will recall. This situation also uses more coal than necessary and so besides endangering health, is also wasteful and expensive. Your committee feels that this situation should be straightened out this year, and in keeping with our policy of keeping the buildings in good order, we asked the firm of Hollis French Heating Engineers, who so satisfactorily handled the heating problem in the South School last year, to make a survey and report. After a thorough examination of the heating and ventilation system at the Center School, the following recommendations were made:

1. Install a unit ventilator at the ceiling of the Manual Training and Domestic Science Rooms.
2. Install a manually operated unit ventilator in each classroom.
3. Raise all radiators in basement so that the bottom of each radiator is at least 30″ above the boiler water line.
4. Rearrange piping to operate on vapor system.

5. Install automatic water feeders on each boiler as a protection against injury due to low water.

We, therefore, recommend that this complete renovation be made during the coming summer to provide adequate supplies of fresh, warm air in all classrooms at all times. The importance of this work cannot be over-emphasized in view of present crowding and the probability of much greater crowding before the Town will be in a position to make major building additions.

Joint meetings to discuss the future of our school have been held with the Planning Board. Your committee has authorized Messrs. Fuller and Simpson at the Harvard Graduate School of Education to make a complete survey of our school facilities with an eye to laying out a proper plan for Lincoln school development. They have been instructed to look into all phases of the problem, such as a probable early increased growth in the primary grades, proper handling of the High School and particularly the ninth grade, proper courses for a town of our general character, proper planning for future expansion, the best use of funds and property now available, and other similar problems.

Your committee hopes that this report will act as a guide to this and future committees in the development of an outstanding school system that really meets the needs of our children. Briefly, this records your Committee's activities and its trend of thought during the past year and in spite of obvious difficulties, the year has proved to be one of considerable progress. We have kept within our budget. Increases in the 1942 budget, however, are necessitated by important repairs, general increases in costs, and regular increases in salaries.

Respectfully submitted,

JAMES DeNORMANDIE,
WILLIAM N. PAGE,
SUSAN L. BRIGGS.

SUPERINTENDENT'S REPORT

To the Lincoln School Committee:

I am glad to report on the work of the public schools as I have observed it during this school year.

It has been our chief aim to encourage active participation by parents, teachers, and pupils in the development of the school program for 1941–1942. There has been an excellent co-operative attitude in all groups.

Open house was held November thirteenth during Education Week. An estimated seventy-five per cent of the homes were represented by one or both parents. An effort was made to show how the schools operate throughout the year.

Mr. Taunton has been spending one day each week teaching instrumental music to approximately forty-five boys and girls who make up the school band. The first appearance of the band was at the Christmas Assembly held at the Town Hall on Friday morning, December 19. They were well received.

A student council has been organized which meets once each week. Each room — Grades six through nine — elects three members who serve as representatives at the council meetings. Student problems and their relationship to both school and community are discussed and, if desirable, appropriate action is advised.

A series of four Junior High School parties has been planned for the year by the student council. The first was held on the evening of November 29 and proved successful. The next party will be held on February 14. Although these social activities are highly desirable, the more formal aspects of education are not being neglected. Good work can be seen going on in every classroom in reading, arithmetic, English, and social science. Modern teaching aids, such as educational films, supplementary reference materials, basic texts, maps, etc., are used in helping to develop the skills and habits, the knowledge and understanding, and the attitudes and appreciations which are the objectives of all good school systems.

Junior Red Cross and Defense Activities

Each room was enrolled in the Junior Red Cross during the drive in November. Seven rooms had one hundred per cent membership. The others met the fifty-cent quota for their rooms. There is now a balance of $22.04 in the fund. This money will be used to finance the sale of Defense Stamps in the schools.

Several rooms have carried on projects which have contributed to the success of the program. Making posters for the Red Cross drive, making bandages, filling Thanksgiving baskets, making and collecting toys for the Christmas party for Chinese children have been major interests at various times during the year.

Air raid drills have been held in anticipation of possible need. Teachers have enrolled in First Aid and Air Warden courses. Every effort has been and will be made in co-operating with Civilian Defense officials.

The attendance this year has been exceptionally good. This we believe is due chiefly to the effectiveness of the public health program. Physical and dental examinations with follow-up work by the School Nurse to insure corrective measures where necessary have, without question, raised the general level of the community health.

It has been a pleasure to work with all of you this year. Your chairman has been particularly helpful and has given generously of his time and energy. The teachers have all been co-operative and the children and parents responsive.

Respectfully submitted,

C. V. BAKER,
Acting Superintendent of Schools.

REPORT OF SCHOOL NURSE

To the School Committee of Lincoln:

A report of school nursing for the year ending December 31, 1941, is hereby submitted.

Schools have been visited daily. There have been 381 office calls for treatment or advice; 41 pupils have been taken home from school; 148 home visits have been made to check on absent pupils; and 9 visits with pupils were made to a doctor's office or hospital clinic.

I assisted Dr. Benjamin Wood, of Waltham, with the yearly physical examination of each pupil and home visits were made to follow up and carry out any suggestion made by the doctor to improve the health of our pupils. Other routine checkup was carried on, and each pupil was weighed and measured at least three times during the year.

All children entering the first grade had a pre-school physical examination, and all have had the toxoid inoculation. Five pupils were taken to the Middlesex Sanitorium for the Von Pirquet test or X-Ray.

The Lincoln Dental Committee, Mrs. Robert Loring, Chairman, conducted a clinic at the Center School with Dr. Spencer Taylor, Lexington, as dentist. 97.8% of our pupils received dental certificates either from the clinic or their family dentist.

In September my office was moved to the Town Hall so Mrs. Dorothy Seegar, Secretary to the Superintendent, took over the care of the pupils for minor first aid, calling me whenever necessary.

Very few cases of any contagious or communicable diseases were reported.

Respectfully submitted,

MARIAN N. OBER, R.N.,
School Nurse.

NOTICE

Business Meeting, Monday, March 2, 1942, at 7.30 P.M.

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the second day of March next at 7:30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the seventh day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested, in each of the Post Offices, and in some other public place in said Town seven days at least before the second day of March next:

The polls for voting the Australian ballot on Saturday, March seventh, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, *viz:*

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

Two Constables for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Board of Cemetery Commissioners for one year.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Selectmen

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Selectmen

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Departments, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Selectmen

Article 5. To appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Selectmen

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Selectmen

Article 7. To see if the Town will appropriate the sum of $963.14 to pay to the County of Middlesex, as required by law, the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1941, or take any action relative thereto.

Selectmen

Article 8. To see if the Town will appropriate the sum of $600.00 from the Machinery Fund for the purchase of a pick-up truck for the Highway Department, or take any action relative thereto.

Finance Committee

Article 9. To see if the Town will appropriate the sum of $1,000.00 for expenses of the Lincoln Committee on Public Safety, the expenditure of this appropriation to be under the direction of the Board of Selectmen, or take any action relative thereto.

Finance Committee

Article 10. To see if the Town will appropriate the sum of seventy-five dollars or some other sum to be used for clearing an area for an ice skating rink and maintaining the rink during the year 1942, or take any action relative thereto.

Skating Rink Committee

Article 11. To see if the Town will authorize the School Committee to make necessary repairs to the heating and ventilating equipment at the Center School, appropriate money therefor or take any action relative thereto.

School Committee

Article 12. To see if the Town will vote to raise and appropriate a sum of money for the purpose of establishing an additional system for supplying the Town of Lincoln and

its inhabitants with water, authorize the Water Commissioners to acquire water sources, necessary land and water or flowage rights and to construct pumping station, install pumping equipment and lay necessary water mains, enter into contract for the construction of said system, and to authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made and to use any other available funds that may be raised by taxation or appropriated for that purpose, or take any action relative thereto.

Water Commissioners

Article 13. To see if the Town will vote to appropriate the sum of four hundred and fifty dollars to provide summer playground activities in the Town this year, or take any action relative thereto.

By Petition

Article 14. To see if the Town will accept as a public way the private road known as Beaver Pond Road as shown on map dated June 16, 1941, prepared by Everett Brooks, Civil Engineer, Newtonville, and approved by the Town of Lincoln, Planning Board on July 26, 1941, or take any action relative thereto.

Selectmen

Article 15. To see if the Town will vote that the Selectmen be authorized to appoint one or more Constables each year instead of electing two Constables each year by ballot as at present, or take any action relative thereto.

Selectmen

Article 16. To see if the Town will vote to investigate the used car business of Thomas T. Giles on Concord Road with respect to its legality under the Zoning By-Laws of the Town, appoint a Committee, appropriate money, or take any other action on the matter.

By Petition

Article 17. To see if the Town will appropriate two hundred and fifty dollars for the proper observance of Memorial Day, to be expended by Lincoln Post No. 84 American Legion, Inc.

By Petition

Article 18. To see if the Town will vote to celebrate the Fourth of July, appropriate money therefor, appoint a Committee or take any action relative thereto.

By Petition

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this ninth day of February, in the year of our Lord one thousand nine hundred and forty-two.

SUMNER SMITH,
HERBERT G. FARRAR,
JOHN TODD,
Selectmen of Lincoln.

TOWN CLERK'S REPORT

Annual Town Meeting
Monday, March 2, 1942
WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln on Monday, the second day of March next at 7.30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday the seventh day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant by you attested, in each of the Post Offices, and in some other public place in said Town seven days at least before the second day of March next. The polls for voting the Australian ballot on Saturday March seventh, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, *viz:*

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

Two Constables for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Board of Cemetery Commissioners for one year.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers required by law to be elected by ballot or otherwise.

Article 3. To hear and act upon the report of the Town Officers, Committees, Commissioners and Trustees.

Article 4. To fix the salaries and compensation of the several elective officers of the Town, and to determine whether any departments, Board or Committees shall be authorized to employ for additional compensation any of its members, and to fix the additional compensation of such members.

Article 5. To appropriate money for the necessary and expedient purposes of the Town and enact anything in relation to the same.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will appropriate the sum of $963.14 to pay the County of Middlesex, as required by law

the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1941, or take any action relative thereto.

Article 8. To see if the Town will appropriate the sum of $600.00 from the Machinery Fund for the purchase of a pick-up truck for the Highway Department or take any action relative thereto.

Article 9. To see if the Town will appropriate the sum of $1,000.00 for expenses of the Lincoln Committee on Public Safety, the expenditure of this appropriation to be under the direction of the Board of Selectmen, or take any action relative thereto.

Article 10. To see if the Town will appropriate the sum of seventy-five dollars or some other sum to be used for clearing an area for an ice skating rink and maintaining the rink during the year 1942 or take any action relative thereto.

Article 11. To see if the Town will authorize the School Committee to make necessary repairs to the heating and ventilating equipment at the Center School, appropriate money therefor or take any action relative thereto.

Article 12. To see if the Town will vote to raise and appropriate a sum of money for the purpose of establishing an additional system for supplying the Town of Lincoln and its inhabitants with water, authorize the Water Commissioners to acquire water sources, necessary land and water flowage rights and to construct pumping station, install pumping equipment and lay necessary water mains, enter into contract for the construction of said system, and to authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made and to use any other available funds that may be raised by taxation or appropriated for that purpose or take any action relative thereto.

Article 13. To see if the Town will vote to appropriate the sum of four hundred and fifty dollars to provide summer playground activities in the Town this year or take any action relative thereto.

Article 14. To see if the Town will accept as a public way the private road known as Beaver Pond Road as shown on map dated June 16th, 1941, prepared by Everett Brooks, Civil Engineer, Newtonville, and approved by the Town of Lincoln, Planning Board on July 26th, 1941, or take any action relative thereto.

Article 15. To see if the Town will vote that the Selectmen be authorized to appoint one or more Constables each year instead of electing two Constables each year by ballot as at present, or take any action relative thereto.

Article 16. To see if the Town will vote to investigate the used car business of Thomas T. Giles on Concord Road with respect its legality under the Zoning By-Laws of the Town, appoint a Committee, appropriate money, or take any other action on the matter.

Article 17. To see if the Town will appropriate two hundred and fifty dollars for the proper observance of Memorial Day, to be expended by Lincoln Post No. 84 American Legion, Inc.

Article 18. To see if the Town will vote to celebrate the Fourth of July, appropriate money therefor, appoint a Committee or take any action relative thereto.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this ninth day of February in the year of our Lord one thousand nine hundred and forty-two.

SUMNER SMITH,
HERBERT G. FARRAR,
JOHN TODD,

Selectmen of Lincoln.

On the reverse of the Warrant is the following, I have served this Warrant by posting attested copies in each of the Post Offices, one at the Railroad Station and one at the Town Hall seven days before the date of said meeting.

JOHN J. KELLIHER,
Constable.

ANNUAL TOWN MEETING
Monday, March 2, 1942

In accordance with the foregoing Warrant the meeting was called to order by the Moderator at 7.30 P.M., the return was read by the Clerk, and the Moderator called attention to Article 1.

Article 2. Voted: That Hermon T. Wheeler and Harold S. Cousins be elected Measurers of Wood and Bark for the ensuing year.

Article 3. Voted: That the reports of the Town Officers, Committees, Commissioners and Trustees be accepted.

Article 4. Voted: That the salaries of the elected officers of the Town for the current year be fixed at the following amounts respectively:

Selectmen each	$200 00
Treasurer	400 00
Collector of Taxes	1,250 00
Town Clerk	300 00
Assessors Chairman	200 00
Assessors other members, each	175 00
Auditor	150 00
Water Commissioners, each	75 00
Constables, each	50 00

and that the Water Commissioners be authorized to employ one of their members as Superintendent of the Water Department at a salary $400.00 per year, and that one or more Cemetery Commissioners be authorized to work on the Cemetery grounds at the rate of fifty cents per hour, and that the Water Commissioners be authorized to employ one of their members to take the Water census at a salary of $100.00 per year.

Article 5. Voted: That the following appropriations be made:

Schools	$43,051 00
Vocational Training	260 00
Highways and Bridges	19,640 00

Highway Machinery	$2,350 00
To Machinery Fund	1,000 00
Highways Chap. 90	1,500 00
Cemeteries	850 00
Library and Dog Tax	1,245 00
Board of Health	2,278 00
Tree and Moth	2,500 00
Miscellaneous	1,840 00
Street Lights	4,200 00
Fire Department	3,555 00
Interest on Town Debt	537 50
Police Department	4,137 50
Town Hall	3,058 00
Salaries	5,150 00
Insurance	1,500 00
Election Expenses	200 00
Reserve Fund	2,000 00
Public Welfare	1,500 00
Veterans Aid	500 00
Old Age Assistance	3,376 00
Aid to Dependent Children	2,400 00
Planning Board	50 00
Payments of Town Bonds	5,000 00
	$113,678 00
Water Works	12,962 50

Voted: That for Cemeteries $50.00 be taken from Cemetery General Fund, for Reserve Fund $2,000.00 be taken out of Overlay Reserve, and for Water Works $3,000.00 be taken from the Water Works Treasury and $9,962.50 from the current year's receipts.

Article 6. Voted: That the Town Treasurer with the approval of the Selectmen, be authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 Chapter 44, General Laws.

Article 7. Voted: That the sum of $963.14 be appropriated to pay to the County of Middlesex the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1941.

Article 8. Voted: That the Town appropriate the sum of $600.00 for the purchase of a pick-up truck for the Highway Department, said sum to be taken from the Machinery Fund.

Article 9. Voted: That the sum of $1,000.00 be appropriated for the expenses of the Lincoln Public Safety Committee, the expenditure of this appropriation to be under the direction of the Board of Selectmen.

Article 10. Voted: That the sum of $75.00 be appropriated for the clearing of an area for an ice skating rink and maintaining the rink during the year 1942, said sum to be expended under the direction of the Board of Selectmen.

Article 11. Voted: That the sum of $4,600.00 be appropriated for the repairs of the heating and ventilating system at the Center School.

Article 12. Voted: That the sum of $1,000.00 be appropriated to be expended under the direction of the Water Commissioners for the further exploration of the advantages and possible use of Wellhead Brook, and the South Lincoln site back of Mr. P. Lennon's, as a source of water for the Town.

Article 13. Voted: That the Town appropriate the sum of $450.00 to carry on summer playground activities in the Town during the coming year, and that the Moderator appoint a Committee of three with full authority to expend said sum, and plan and supervise such activities during the coming year.

Article 14. Voted: That the Town accept as a public way the private road known as Beaver Pond Road as shown on plan dated June 16, 1941, prepared by Everett Brooks, Civil Engineer, Newtonville, on file with the Town Clerk, and that a certified check in the amount of $500.00 be deposited.

Article 15. Voted: That beginning with the year 1943 the Selectmen be authorized to appoint one or more Constables each year instead of electing two Constables each year by ballot.

Article 16. Voted: That the Selectmen be instructed to investigate the subject matter of the Article to enforce the Zoning By-laws and that the sum of $250.00 be appropriated for that purpose.

Article 17. A motion to appropriate $250.00 was lost.

Article 18. Voted: That the sum of $75.00 be appropriated to celebrate the Fourth of July, and that the Moderator appoint a committee.

The meeting adjourned at 10.15 P.M.

WILLIAM H. DAVIS,
Town Clerk.

WILLIAM H. DAVIS,
Town Clerk.

Lincoln, Mass.
April 26th, 1942.

A meeting of the officers qualified to elect a Selectman to fill the unexpired term of John Todd, he having entered the U. S. Army, was held on the above date, present Sumner Smith, Herbert G. Farrar, Donald P. Donaldson, Warwick V. Harris and William H. Davis. Five ballots were cast all for Albert A. Schaal of Concord Road, South Lincoln. Mr. Schaal qualified April 27th, 1942.

WILLIAM H. DAVIS,
Town Clerk.

SPECIAL TOWN MEETING

August 3, 1942

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs to meet in the Town Hall in said Lincoln on Monday the third day of August next at eight o'clock P.M., then and there to act on the following Articles by posting a copy of this Warrant by you attested, in each of the Post Offices and some other public place in said Town, seven days at least before the third day of August next.

Article 1. To see if the Town will authorize the Selectmen to settle the pending suits for damages arising from the death of Martin J. Rooney who was accidently killed on June 23, 1938, while in the performance of his duties as an employee of the Town, appropriate a sum of money therefor or take any action relative thereto.

Article 2. To see if the Town will appropriate the sum of $4,604.04 to pay to the County of Middlesex, as required by law, the amount of the judgment obtained by Edward F. Flint for damages caused by the laying-out of Lexington Road.

Article 3. To see if the Town will appropriate a sum of money to the Miscellaneous Account to be expended for (1) Expenses incurred in connection with the trial of the case of Edward F. Flint *vs.* The County of Middlesex (2) Equipment and supplies required by the Rationing Board and (3) Supplies for the several Town Officers.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this twenty-third day of July in the year of our Lord one thousand nine hundred and forty-two.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT A. SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the Following:

July 24th, 1942.

I have served this Warrant by posting attested copies in each of the Post Offices, one at the Railroad Station and one at the Town Hall seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the meeting was called to order by the Moderator at 8 o'clock P.M. The return of the Warrant was read by the Clerk. The Moderator designated several seats in the rear of the Hall for non-voters.

Article 1. Voted: That the Board of Selectmen be hereby authorized to settle the pending suits for damages arising from the death of Martin J. Rooney, who was accidently killed on June 23rd, 1938, while in the performance of his duties as an employee of the Town, that the sum of $3,860.00 be and hereby is appropriated, $3,500.00 to be paid to the legal representative of the estate of Martin J. Rooney if and when the Selectmen shall receive such properly executed instruments as may be necessary to release the Town, its Officers, agents and servants from any and all liability growing out of said accident, and $360.00 to be expended for legal fees and expenses incurred by the Town in this case.

Article 2. Voted: That the sum of $4,604.04 be and hereby is appropriated for payment to the County of Middlesex for the judgment obtained by Edward F. Flint for damages caused by the laying-out of Lexington Road.

Article 3. Voted: That the sum of $965.00 be and hereby is appropriated to the Miscellaneous Account as follows: (1) $835.00 for legal expenses incurred in the trial of Edward F. Flint *vs.* The County of Middlesex (2) $50.00 for supplies and equipment for the Rationing Board, (3) $80.00 for supplies for the Town Officers, and that all amounts under the three Articles be taken from Free Cash.

Meeting adjourned at 8.30 P.M.

WILLIAM H. DAVIS,
Town Clerk.

STATE ELECTION
November 3rd, 1942

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln:

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Lincoln, duly qualified to vote in the election of State and County Officers to assemble at the Town Hall, on Tuesday, November 3, at 12 o'clock Noon, to give in their votes for the following Officers *viz:* Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, Senator in Congress, Representative in Congress, Councillor, Senator, Representative in General Court, District Attorney, Register of Probate and Insolvency, County Commissioner, County Treasurer, and any other Officers required by law to be chosen in the month of November of the current year. All officers enumerated above are to be designated and voted for on one ballot, and also the questions:

Question No. 1. Law proposed by Initiative Petition.

Shall the proposed measure which provides that the present Statutes which make it a crime punishable by fine or imprisonment knowingly to advertise, print, publish, distribute or circulate any matter containing any reference to any person from whom or place where any drug, instrument or means whatever, or any advice or information may be obtained, for the purpose of preventing pregnancy, or to sell, lend, give away, exhibit, offer or advertise any drug, medicine, instrument or other article for the prevention of conception, or to write or print information of any kind stating when, where, how, of whom, or by what means such article can be obtained, or to manufacture or make such article, shall not apply to

treatment or prescription given to married persons for protection of life or health by or under the direction of registered physicians nor to teaching in chartered medical schools nor to publication or sale of medical treatises or journals, which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 133 in the negative, and in the Senate by a vote of 16 in the affirmative and 18 in the negative, be approved?

Yes

No

To obtain a full expression of opinion, voters should vote on all three of the following questions: (a) If a voter desires to permit the sale in this Town of any and all alcoholic beverages to be drunk on and off the premises where sold he will vote "yes" on all three questions. (b) If he desires to permit the sale herein of wine and malt beverages only to be drunk on and off the premises where sold he will vote "No" on question one, "Yes" on question two and "No" on question three. (c) If he desires to permit the sale herein of all alcoholic beverages, but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on questions one and two and "Yes" on question three. (d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on question one, and "Yes" on questions two and three. (e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "No" on all three questions.

1. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

Yes

No

2. Shall licenses be granted in this Town for the sale therein of wines and malt beverages (wines, beer, ale and all other malt beverages)?

Yes

No

3. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises? Yes
No

1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this County? Yes
No

2. Shall the pari-mutuel system of betting on licensed dog races be permitted in this County? Yes
No

Question of Public Policy

Shall the Representative in the General Court from this district be instructed to vote to request the President and Congress to call at the earliest possible moment a convention of Representatives of all free peoples, to frame a Federal Constitution under which they may unite in a Democratic World Government? Yes
No

The Polls will be open at 12 o'clock noon, and may be closed at 7 o'clock P.M., and you are directed to serve this Warrant by posting an attested copy thereof in each of the Post Offices, and in another public place, seven days at least before the day appointed for said meeting and to make seasonable return thereof with your doings thereon to the Town Clerk.

Hereof fail not. Given under our hands this twenty-sixth day of October, in the year of our Lord one thousand nine hundred and forty-two.

SUMNER SMITH,
HERBERT G. FARRAR,
Selectmen of Lincoln.

The return of the Warrant reads as follows:

October 27th, 1942.

I have served this Warrant by posting attested copies at each of the Post Offices and at the Railroad Station seven days before the date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the Polls were declared open at 12 o'clock noon by Sumner Smith, Presiding Officer. The return of the Warrant was read, the ballot box inspected and the following ballot clerks were duly sworn, D. Everett Sherman, Jr., Bertha V. Bowles, James P. Eaton, Willis N. Cousins, Raymond E. Hagerty, Helena A. Dee, Manley B. Boyce and Andrew J. Dougherty, Jr. At 6.55 P.M., it was voted to close the polls at 7.30 P.M., at which time they were declared closed. Total number of votes cast 704 resulting as follows:

Governor

Peterson, John F.	Retired

Appointed June 22nd, 1942.

WILLIAM H. DAVIS,
Town Clerk.

REPORT OF THE BOARD OF SELECTMEN

The Board organized with Sumner Smith, Chairman and John Todd, Secretary. Mr. Todd soon entered the army and was unable to continue to perform his duties as a Selectman. Accordingly, the two remaining Selectmen met with the Moderator, Town Clerk and Treasurer to appoint an acting officer in his stead. Mr. Albert A. Schaal was the officer thus selected. He will hold office until Mr. Todd's return or until the expiration of Mr. Todd's term of office, whichever occurs first. Appointments made by the Selectmen are printed with the list of Town Officers.

Ball-Field

The care of the ball-field and tennis courts has been turned over to the Highway Department. There is practically no other labor available to perform this work.

Old Bedford Road

At the request of the U. S. Engineer's Office, the Board of Selectmen voted to close Old Bedford Road to public use and travel from the Bedford Airport boundary to the Bedford-Lincoln town line. Copies of the vote were sent to the Governor's Office for his approval.

Town Hall

The office requirements of the Rationing Board and Public Safety Committee made it necessary to construct temporary offices in the lower Town Hall. Three offices were made, one for the Rationing Board, another for the Public Safety Committee and the third for the Public Health Nurse.

The shortage of fuel oil has caused the Selectmen to cancel all reservations for the use of the hall which are not necessary. This order has met with the full co-operation of persons and groups affected.

Police

The appropriation for the Police Department was sufficient to employ an additional police officer during the year 1942. Applications for the position were received and several con-

ferences were held with Chief of Police, John J. Kelliher. No appointment had been made by the end of the year.

Rationing Board

At the request of the State Director of the Office of Price Administration, the Selectmen appointed Messrs. Joseph L. Snider, Henry Warner and John J. Kelliher as members of the Lincoln Rationing Board. When the duties of the members became more complex, two additional members were appointed, namely, Mrs. Emily K. Kubik and Mrs. Gertrude C. Bliss. Mr. Snider is chairman of the Board.

It is the opinion of the Selectmen that the arduous, conscientious, and effective work done by this Board deserves the recognition and appreciation of the residents of Lincoln.

Estate of Martin J. Rooney *vs.* Town of Lincoln

The suit arising from the accident on June 23, 1938, when Martin J. Rooney was killed while in the employ of the Highway Department was settled out of court. At a Special Town Meeting held on August 3, 1942, the sum of $3,860.00 was appropriated, $3,500.00 to be paid to the plaintiff and $360.00 for legal expenses incurred by the Town.

Edward F. Flint *vs.* County of Middlesex (and Town of Lincoln)

The Flint land damage suit was caused by the Taking of an indefinite amount of land from Mr. Flint by the County Commissioners for the purpose of establishing the line of Lexington Road, the Town of Lincoln being obliged to reimburse the County for any land damages incurred by such Taking. Before making the Taking the County Commissioners held two hearings, duly advertised, and no complaints or objections were received.

Less than a year after the Taking however, Mr. Flint sued for damages and later the Federal Farm Loan Bank, Mortgagee, joined in the action.

The Selectmen regretted exceedingly that such a situation had arisen because the Board did not like to be involved in litigation with an aged and respected inhabitant who had held various Town offices, including that of Selectman. Further-

more it was the first suit against the Town caused by road relocation, and as this relocation was petitioned for primarily to determine the front boundary of the abuttors' land, to straighten bad curves, widen the travelled way and permit the installation of a new and larger water main in its proper location, it was felt that this suit was a step in the wrong direction, as far as the future growth of the Town was concerned. As the zoning by-laws specify that dwellings erected after their adoption must be set back forty (40) feet from the line of the road, until a road is formally located, the owner of land is not sure that the location of a proposed house conforms to the by-laws.

After the Taking had been made a meeting was held at the office of the County Commissioners at which Mr. Flint was present, his grievance was studied and attempts made to change the proposed road location so that the line would be further from his house and nearer to that of his brother Ephriam. The County Commissioners held the opinion that the road, as laid out by its Engineers, was the best solution and did not injure one abuttor more than another, considering the location of the old road. The Selectmen sought the advice of citizens and independent real estate experts concerning the damage caused by the relocation and as there was such a great difference between their estimates and the damages claimed by the plaintiff it was necessary to let the case go to trial.

The Jury awarded the plaintiff $6,347.04 damages which was more than one-third the assessed value of the whole farm. The Counsel for the County Commissioners and the Town filed a motion that the verdict be set aside as excessive and the Court, after a personal inspection of the Taking, required the plaintiff to accept $4,492.88 and costs, or stand a new trial. The plaintiff elected to take the amount specified by the Court.

The County Commissioners paid the same and the Town was obliged to reimburse the County.

SUMNER SMITH,
ALBERT A. SCHAAL,
HERBERT G. FARRAR,
Selectmen of Lincoln.

REPORT OF THE FINANCE COMMITTEE

February 5, 1943

The Finance Committee has considered in detail the requests of each Department for funds for the year 1943.

The Finance Committee has considered not only the needs of the present year but also future requirements. The Committee desires to recommend amounts which the Town can afford to spend without increasing the present tax rate. After the War, town buildings and equipment may need repairs or replacements; the roads may need resurfacing; trucks and automobiles should be replaced. Taxes at that time will be high. In order to establish a fund to be used for post-war reconstruction and replacements, a special article will be put in the warrant so that the Town may authorize the purchase of $7,500 in United States Bonds. It is recommended that these bonds be purchased with the intention of using the proceeds after the War as follows:—

Fire Department	$500 00
Highway Department	4,950 00
Highway Machinery	500 00
Schools	675 00
Town Hall	500 00
Health	375 00
TOTAL	$7,500 00

We wish to extend our appreciation to all of the officers of Town Departments who have worked in full co-operation with us in an attempt to recommend to the Town appropriations which will continue operation of their Departments without unduly burdening the taxpayers. We respectfully submit our report. The form is altered somewhat from former reports in that the Departments are listed alphabetically. This is done for ease of reference. The total for 1943 is $2,640.00 lower than for the year 1942.

Department	Appropriation	Recommended by Finance Committee for 1943
Cemeteries	$850 00	$1,020 00*
Election	200 00	75 00
Fire Department	3,555 00	2,265 00
Health	2,278 00	2,500 00
Highways and Bridges	19,640 00	13,870 00
Highways Chapter 90	1,500 00	1,500 00
Highway Machinery Account	2,350 00	1,900 00
Highway to Machinery Fund	1,000 00	1,000 00
Insurance	1,500 00	1,500 00
Interest	537 50	475 00
Library	1,245 00	1,484 00
Miscellaneous	1,840 00	2,645 00
Payment Town Bonds	5,000 00	5,000 00
Planning Board	50 00	25 00
Police	4,137 50	2,860 00
Public Safety	1,000 00	600 00
Public Welfare	1,500 00	1,500 00
Aid to Dependent Children	2,400 00	2,700 00
Old Age	3,376 00	6,735 00
Veterans' Aid	500 00	500 00
Reserve	2,000 00	1,000 00†
Salaries	5,150 00	5,255 00
Schools	43,051 00	45,135 00
Vocational Training	260 00	194 00
Street Lights	4,200 00	4,200 00
Summer Playgrounds	450 00	450 00
Town Hall	3,058 00	3,350 00
Tree & Moth	2,500 00	2,750 00
Total	$115,128 00	$112,488 00
Water Works	$13,962 50	$13,800 00

*$60.00 from Cemetery Fund.

†$1,000.00 from Overlay Reserve.

The following comments are made on all changes amounting to more than $500.00:—

Fire Department— There has been a reduction of $1,290.00. No new hose is to be purchased in 1943, there being sufficient on hand for all purposes.

Highways and Bridges — A reduction of $5,770. There is a limited amount of tar and oil available, repair and upkeep items are materially cut, and the amount of labor is reduced.

Miscellaneous — There is an increase of $805, due to possible legal expenses. It is expected that the Murphy case will be brought before the Supreme Court of Massachusetts and funds will be necessary to protect the Town's interest.

Police Department — There is a reduction of $1,277.50. This year's appropriation does not contemplate the hiring of an additional policeman.

Schools — There is an apparent increase of $2,084. The net cost to the Town, however, will not be as large as this, as the item of more than $6,000 for transportation to High Schools will be largely returned by the State.

It is recommended that full-time employees of the Town be increased 10% in pay. This increase is included in all of the recommended amounts shown above. The increase is assumed to be of temporary nature and for the year 1943 only.

Respectfully submitted,

GEORGE G. TARBELL, *Chairman*,
GUILBERT WINCHELL,
WILLIAM M. RAND, *Secretary*,
Finance Committee, Town of Lincoln.

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

Board of Selectmen:
Gentlemen:

The Old Age Assistance law, so called, was amended by Chapter 729 of the Acts of 1941. Part of the new law became operative on January 1, 1942, and the remainder on April 30, 1942. In accordance with the law as amended, the State Department of Public Welfare prepared a manual of standards of assistance for the administration of public assistance. Budgets for all the cases were refigured to conform with the State standards. The net result was an increase in the amount of aid granted, although in three cases the grant was reduced.

During the year 1942, seven new cases were approved for Old Age Assistance. One case had been previously denied and was approved upon second application. Another case appealed to the State Subdivision of Appeals which ruled in favor of the applicant. We were ordered to grant aid to this case. Three applications for assistance were denied including the two cases just mentioned which subsequently received aid. Five cases were closed, two because of death, two because of admittance to State institutions, and one for reason of private employment.

On January 1, 1942, twenty-two cases were being aided. Total cases aided during the year is twenty-nine. On December 31, 1942, twenty-four cases were receiving assistance. The twenty-nine cases aided during the year were settled as follows: Lincoln 18, Other Cities and Towns 5, No Settlement 6. The twenty-four cases receiving aid on December 31, 1942, are settled as follows: Lincoln 16, Other Cities and Towns 3, No Settlement 5.

Expenditures Made During the Year 1942

To Other Cities and Towns	$191 43
Administration and travel	478 65
Old Age grants to and in behalf of recipients	10,177 41
Total	$10,847 49
Federal grants	7,537 39
Town appropriation	3,310 10
Appropriation requested for 1943	$6,735 00

Very truly yours,

ANTHONY DOHERTY,
JOHN J. KELLIHER,
OTTO HAGMANN.

ASSESSORS' REPORT

The Board of Assessors submit the following report for the year 1942.

Computation of Tax Rate

Town appropriations to be raised by taxation	$123,203 00	
Town appropriations to be taken from available funds	6,050 00	
Deficit due to abatements in excess of overlay for 1939	274 80

AUDITOR'S REPORT

I have examined the books and accounts of the officers entrusted with the receipt, custody, or expenditure of money and find that the reports of these officers to the Town are correct.

I have verified the cash balance of each of such officers by reconciliation of bank balances and account of cash.

Following you will find a report of all the money paid out by the Town Treasurer on order of the Selectmen of Lincoln.

JAMES W. LENNON,
Auditor.

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxations
Division of Accounts

April 7, 1942.

To the Board of Selectmen:
Mr. Sumner Smith, *Chairman*
Lincoln, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Lincoln for the period from February 25, 1941, to February 25, 1942, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Lincoln for the period from February 25, 1941, the date of the previous audit, to February 25, 1942, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the Town or committing bills for collection, were examined and checked in detail.

The appropriations voted by the Town were listed, the charges against appropriations were checked, general ledger accounts were compiled, and a balance sheet, showing the financial condition of the Town as of February 25, 1942, was prepared and is appended to this report. This balance sheet indicates that the Town is in excellent financial condition.

An overlay deficit for the levy of 1939 and Old Age Assistance Tax abatements granted by the Assessors, aggregating $274.80, should be provided for by the Assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the Town Treasurer were examined and checked. The footings of the cash book were proved and the recorded receipts were compared with the records of the departments making payments to the Treasurer. The payments by the Treasurer were compared with the Selectmen's orders authorizing the Treasurer to disburse Town funds.

The cash balance on February 25, 1942, was verified by reconciliation of the bank balances with statements furnished by the bank of deposit.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities held as investments of trust funds in the custody of the Town Treasurer, the Trust Fund Commissioners, and the Library Trustees were examined and listed. The income was proved and the receipts and disbursements were verified.

The books and accounts of the Library Treasurer were examined and checked in detail. The recorded receipts and expenditures were verified, and the cash balance on March 21, 1942, was proved.

The books and accounts of the Collector of Taxes were examined and checked. The commitments of poll, property, motor vehicle excise taxes, and water accounts were verified, the abatements were checked to the records of abatements granted, the payments to the Treasurer were compared with the Treasurer's books, and the outstanding accounts were listed and proved.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the Town, and from the replies received it would appear that the accounts as listed are correct.

The books and records of the Town Clerk were examined and checked in detail. The recorded receipts from dog licenses issued on behalf of the county, and of sporting licenses, the proceeds of which are paid to the State, were checked with the stubs on file. The payments to the State and Town were checked with the receipts on file and with the treasurer's cash book.

The books and records of the several departments, including those of the Selectmen, the Building Inspector, and the Library, Cemetery and Health Departments, were examined and checked. The payments to the Treasurer were verified by comparison with the Treasurer's record of receipts.

The surety bonds of the several Town officials required by law to furnish them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are schedules showing a reconciliation of the Treasurer's and Collector's cash, summaries of the tax and tax title accounts, as well as tables showing the trust fund transactions.

For the co-operation extended by the several Town officials during the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

TOWN OF LINCOLN

Balance Sheet — February 25, 1942

REPORT OF THE SUPERINTENDENT OF STREETS

Board of Selectmen:

Gentlemen:

The winter of 1942 brought little snow and ice and so required little expense. The regulation imposed by the government on tar and asphalt was quite strict but we managed to get half of our normal requirement.

During the summer our main work was the construction of the parking lot near the Lincoln Railroad Station on land donated to the Town by Mr. Thomas Codman. As the transportation of fuel became a more serious public problem, we dispensed with all but the very essential work with the trucks to save gasoline and rubber.

Chapter 90 work was limited to maintenance. We cut the brush, scraped and cleaned up the roads and painted the fences.

The truck which we had ordered to replace the old White truck was finally refused us by the Office of Defense Transportation. Accordingly, we were therefore compelled to overhaul this truck and equip it with new tires. Because of the difficulties experienced in our attempts to secure this large truck, we decided to do a motor job on the pick-up truck and put on new tires, even though money had been appropriated for the purchase of a new one. Our equipment is in reasonably good condition and with good care it probably will last for the duration. However, we must be prepared for a considerable expense to replace our equipment after the end of the war.

Respectfully submitted,

EDMUND W. GILES,
Superintendent of Streets.

REPORT OF WATER COMMISSIONERS

The Board organized with the choice of Sumner Smith, Chairman and Sidney G. MacRae, Secretary. Mr. MacRae has entered the U. S. Army and no acting officer has been appointed in his stead.

The work of the Department during the year consisted almost entirely of maintenance. Difficulty is still being experienced with the gates installed by the National Engineering and Contracting Co. of Dorchester, Mass. The gaskets on the top of the gates give away and a leak results. It then becomes necessary to dig out the gate to install a new gasket. In December one eight-inch gate leaked at the bottom gasket. Until now, we have never had any trouble with gates of other manufacturers and it is apparent that the gates installed by the National Engineering and Contracting Co. are of inferior construction. This is the same contractor who has entered suit against the Town of Lincoln alleging performance of extra work and other costs.

The water level in Sandy Pond rose somewhat during the year. On December 18, 1942, the pond was 2.82 feet below full pond level. This is approximately $1\frac{1}{2}$ ft. higher than at the same time in 1941. The report of Mr. Irving B. Crosby, geologist employed to locate an additional water supply, is printed separately following this report. It is planned to continue the work this year in the hope of obtaining an adequate supply near our present pipe system.

The Board itemizes the following budget estimate for the year 1943.

Power	$2,500 00
Salary	1,225 00
Census	100 00
Bond payment	5,000 00
Interest	375 00
Maintenance and repairs	1,500 00
Test wells	1,000 00
Chlorinator	1,200 00

Truck	$500 00
Maps	200 00
Legal	100 00
Miscellaneous	100 00
Total	$13,800 00

Respectfully submitted,

SUMNER SMITH,
JOHN J. KELLIHER,
SIDNEY G. MacRAE,
Water Commissioners.

Statistics

1. Pipe now in use, 29.19 miles.
2. Number of hydrants now in use, 170.
3. Number of stop gates now in use, 256.
4. Number of blow-offs now in use, 27.
5. Range of pressure on mains, 40-100 lbs.
6. Total gallons pumped, 100,614,000.
7. Number of services added, 2.
8. Number of services renewed, 9.
9. Number of services now in use, 504.
10. Number of meters now in use, 15.

REPORT ON ADDITIONAL SOURCES OF WATER SUPPLY

The following conclusions and recommendations are made by Mr. Irving B. Crosby, Consulting Geologist. The Board of Water Commissioners expresses appreciation for the co-operation and assistance rendered by Mr. Roland F. Beers in testing locations by geophysical methods.

Conclusions and Recommendations

A satisfactory water supply can be obtained from wells in the valley of the Sudbury River near South Great Road and it is probable that a smaller supply can be obtained near Lincoln Road between the Center and the Railroad Station.

There is, however, less certainty about the quality of the water at this latter location. A large supply of satisfactory water cannot be obtained near existing large size water mains. All other prospects have been examined and unsatisfactory conditions have been found at each. The choice is, therefore, between a large supply about a mile and a quarter from a large main and a smaller supply within two or three hundred yards of an existing large main. The choice should be based upon the needs of the Town and should be made by the Water Commissioners. Then the area chosen should be tested by drilling as to quantity and quality of water available.

It is recommended, if it is decided to test the area between the Center and the Station, that if feasible a geophysical investigation of the depth to rock be made. If rock is found to be at least 20 feet below the adjacent swamp level it is recommended that test borings be then made in the sand and gravel ridge west of Lincoln Road and south of MacIntosh Lane or if rock is not sufficiently deep here, in a sand and gravel ridge where rock is deep enough. If satisfactory conditions are found the water should be tested for quality and a pumping test made to determine the safe yield of a well.

If it is desired to test the area near the Sudbury River and South Great Road, it is recommended that test borings be made in the knoll, above described, and in two small ridges which extend from higher land to the river between the knoll and South Great Road. Samples of the water from the different holes should be tested and a pumping test conducted at the most favorable place.

In brief, it is believed to be possible to develop a satisfactory water supply from wells near the Sudbury River or a smaller supply from wells near Lincoln Road between the Center and the Railroad.

Respectfully submitted,

IRVING B. CROSBY,
Consulting Geologist.

6 Beacon Street
Boston, Mass.
December 30, 1942

REPORT OF BOARD OF HEALTH, 1942

To the Board of Selectmen:

In March, 1942, Mr. David Rogers, clerk of the Board, resigned as he was moving from the Town. In order to fill the vacancy, according to the statutes a meeting was held with the Selectmen on April 7, 1942, and Mr. H. Bigelow Hills was elected by ballot to serve as a member of the Board of Health until the next Town Meeting.

Mr. Hills was later elected clerk. Mrs. Ober was reappointed nurse and the Board's agent, Dr. McGlinchey was appointed milk inspector and Mr. John Kelliher was nominated inspector of slaughtering, his appointment later being confirmed by the State Department of Public Health. Dr. DeNormandie was appointed to the Nursing Committee.

Licenses for the sale of milk were granted to 9 dealers and to 7 stores. All milk for sale in Lincoln is now pasteurized.

The clinic for the inoculation of dogs against rabies was held on June 20 and 109 dogs were inoculated.

Seven licenses were granted for the transportation of garbage through the Town, and the following piggeries were licensed: Manual Silva, 500; Louis Dean, 500; Boyce Brothers, 100; John Wilson, 100; E. S. Coburn, 75; John McHugh, 50; Nicholas Catoni, 50.

In the report of the Board for last year, it was stated that an inquiry had been received about the establishment of another piggery, and that the applicant had been told that a license would not be granted him. In spite of this warning, he proceeded to repair the old Connors piggery in North Lincoln which had not been used for a year and a half, and some time in June began to bring in pigs. As soon as the Board discovered this, suit was brought against him. It seemed advisable, after consultation with our lawyer, to bring suit on charges of violation of the zoning and building laws. On these charges the trial was held in November, at which time the defendant stated that he planned to have 2,500 pigs. A decree against the defendant on violation of both the zoning and building laws was rendered by Judge

Baker at the end of December. The defendant immediately filed an appeal to the Supreme Court, and his lawyer agreed that the present number of pigs would not be increased until the decision of the Court on the appeal.

Because the officer in charge of the Bedford Airport represented that some of the construction crew at the Airport could not find living quarters, the Board voted in October, as a war emergency, to issue a special license to Mr. Alvin E. Fernald until December 20 to keep 4 trailers on his property in North Lincoln.

The following contagious diseases were reported during the year: chickenpox, 3; measles, 9; mumps, 4; scarlet fever, 2; whooping cough, 4; dog bite, 7.

The Well Child Conferences have been held each month. There were 23 new cases, 69 old cases, with a total attendance of 157. Nineteen children were vaccinated, 57 inoculated against diphtheria, and Schick tests were done on 34 children. In November, the combined diphtheria and tetanus toxoid was begun, and 5 children were inoculated. Three children were found to have eye conditions which needed further investigation.

We are again grateful to Dr. Davies for the splendid manner in which this Conference is carried on.

Respectfully submitted,

ROBERT L. DeNORMANDIE,
RICHARD K. CONANT,
H. BIGELOW HILLS.

REPORT OF CEMETERY COMMISSIONERS

The general care given the three cemeteries in 1942 was the same as in other years, i.e., cutting grass and keeping the grounds reasonably clean. With the small appropriation that we have (a wartime necessity) we cannot make the repairs that we desire such as plumbing memorials, raising sunken places and improving roadways.

As proposed in last year's report we are getting granite boundary posts to replace the iron pipes now used on some of the lots already sold. These posts will have the number of the lot cut on the right hand corner boundary, so that lots may be easily identified even though there are no memorial stones.

We are again helped by the Lincoln Garden Club contributing three flowering dogwoods (Cornus Florida) which were planted near the entrance adding to the appearance of this part of the grounds.

On the plan of the New Lincoln Cemetery there are laid off about 657 lots of various sizes, of these 141 have been sold and 16 of these have been divided and sold as half-lots.

Our list of lot owners number 153, in some cases more than one lot stand in the same name.

During the past year there were twelve burials in the New Cemetery and one in the Arborvitae, seven lots were sold during the year bringing an income of $275.00 which was turned over to the Town Treasurer and deposited in the Cemetery Fund.

We are asking for an appropriation of $960.00 which is 20% more than last year and it seems necessary to do this in order to pay the going rate for labor of this character. In addition to this we would like to take $60.00 from the Cemetery Fund in order that we may continue to remove the iron pipe and replace with granite posts. It must be kept in mind that permanent improvements of this character help to reduce future maintenance besides helping to improve the general appearance.

In last year's report we spoke of the necessity of getting rid of water in the roadway on the Westerly side. A study of the situation reveals that this occurs only, when the ground is frozen and water accumulates before the ground thaws completely.

This could be remedied at this time by building a dry well at this point which later could be connected with any drainage system that might be adopted. If an interment should be made in this vicinity when the water is there it would cause some trouble.

Our associate, Sidney G. MacRae, enrolled in the armed forces in mid-summer and like many other civil activities we carry on, with the hope that his absence may be of short duration.

Respectfully submitted,

JOHN F. PETERSON,
GEORGE E. CUNNINGHAM,
SIDNEY G. MacRAE.

REPORT OF THE LINCOLN FIRE DEPARTMENT

Board of Selectmen:

Gentlemen:

The Board of Fire Engineers submit their annual report for the year ending December 31, 1942.

Force

The Department consists of the following: Chief, seven Engineers, twenty-one call men and twelve auxiliary firemen.

Apparatus

The apparatus belonging to the Department is as follows: one 600-gallon pump, one Combination 500-gallon Pump and Forest Fire Truck, one 350-gallon Pump and Forest Fire Truck. The Department also has two Foam Extinguishers, nine ladders, 3,200 ft. of $2\frac{1}{2}$-in. hose, 400 ft. of $1\frac{1}{2}$-in. hose, 2,350 ft. of 1-in. hose. Booster tanks on trucks carry 560 gallons of water.

Pump No. 1 and the Combination Pump and Forest Fire Truck No. 3 are stationed at Doherty's Garage, South Lincoln.

Combination Pump and Forest Fire Truck No. 2 stationed at Tracy's Gasoline Station, North Lincoln.

Fires

During the year 88 calls have been answered; 48 grass and wood, 15 chimney, 2 oil burners, 2 cars, 12 building, 2 dump, 1 haystack, 1 out of town, 1 false alarm and 4 calls to locate fires. Loss $10,000.

Expenditures

Edison Electric Ill. Co.	$57 98
New Eng. Tel. & Tel. Co.	64 79
Storage	600 00
Garage services and supplies	85 93
New Equipment	1,568 74
Labor	1,033 00
	$3,410 44

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE

1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire or responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm,** nor drive said vehicle or park or leave the same unattended within **six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

NURSING COMMITTEE REPORT

During the year 1942 the Lincoln Community Nurse has made 1,566 calls, subdivided as follows: Medical 627, Surgical 324, Pre-natal 36, Board of Health 27, Social Service 127, Child Welfare 368, Out of Town Trips 57. For these visits she has collected $80.25, and this sum has been paid to the Town Treasurer.

During Mrs. Ober's vacation in the summer Miss Dorothy Bates, R.N., carried on her work as substitute Community Nurse.

This report does not cover Mrs. Ober's work as School Nurse which is covered in her report.

SUSAN LENNOX BRIGGS,
ROBERT L. DeNORMANDIE, M.D.,

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen:

Gentlemen:

I hereby submit my report as inspector of Animals for the year 1942, quarantined 7 dogs. They showed no signs of rabies and were released in 14 days.

Respectfully submitted,

D. E. SHERMAN,
Inspector of Animals.

REPORT OF TRUSTEES OF THE LINCOLN LIBRARY

In the death of Miss Carrie B. Chapin the Library has lost the advice and help of one who had served on the Book Committee for nearly seventy years. This remarkable record of continuous service may be without equal in the Commonwealth. The Trustees wish to record their admiration and appreciation of a life-time of interested service.

The Trustees submit the reports of the Treasurer and of the Librarian.

During the past year no major repairs were needed, and none are foreseen for the ensuing year.

A much needed Encyclopedia Americana was added to our reference shelves, the cost being charged to the Abbie J. Stearns fund for the purchase of books. Your Trustees feel that this fund should be kept for the purchase of extraordinary books rather than be used for current material.

In spite of the restrictions on automobile travel the circulation of the library increased approximately three percent over the preceding year. This is of interest because war conditions in the past have been reflected in a general decrease in library circulation. The present drastic regulations on pleasure driving have not yet seriously cut down on our circulation, but it is impossible to foresee what effect an extended period of this restriction will have on the library.

During the Victory Book Campaign 1,140 books were donated, and in addition a large number of periodicals were given through the U.S.O. The Victory Book Campaign will continue through 1943.

Again we wish to thank the Garden Club for their regular contributions of flowers. The Trustees also thank the following who have made donations to the library:

Mrs. T. M. Ballit
Mrs. H. S. Bean
Mrs. R. F. Beers
Mrs. C. V. Briggs
Mr. R. H. Brinkerhoff
Mrs. L. M. Burr, Jr.
Miss Addie Campbell
Mr. Christopher Hurd
Mrs. William King
Mrs. Leonard Larrabee
League of Women Voters
Mrs. R. S. Meriam
New England Tel. &. Tel. Co.
Mrs. H. G. Nichols

Mrs. Daniel Comstock
Concord Free Library
Mr. Russell G. Crook
Mr. James DeNormandie
Mrs. R. D. Donaldson
Mrs. A. I. duPont
The duPont Co.
Girl Scout Council
Mrs. E. R. Farrar
Harvard Cooperative Society
Mrs. Hayward Peirce
Mrs. W. M. Preston
Mr. M. S. Renner
Mr. William C. Robus
Mrs. E. S. Taylor
Mrs. Frances Wallace
Mrs. Burgess Whitney
Mr. John H. Wilkins
Mr. R. S. Woodbury

The Trustees ask for an appropriation of $1,400.00 for the year ensuing.

Respectfully submitted,

JAMES DeNORMANDIE,
ROLAND C. MacKENZIE,
SUMNER SMITH,
GEORGE G. TARBELL,
C. LEE TODD.

REPORT OF THE PLANNING BOARD

January 20, 1943.

Board of Selectmen:

Gentlemen:

During the past year there has been no activity in developments and no subdivisions were presented to the Board for approval. Our efforts, therefore, have been concentrated on the physical and social needs of the Town. We have held joint meetings with several Departments and Boards to discuss their present and probable future needs. The Board feels that long-range programming is one of its most important functions.

We have reviewed the Zoning Laws to see whether revision or clarification of certain sections would be advisable. Further steps will be taken in this regard.

Because the Board feels that an accurate map is the basis of intelligent planning, particularly in a growing community, much thought has been given to the type of map that would be most useful for a Town of our size. We have met with an engineer to discuss the work being done by other towns offering problems similar to ours. After due consideration a map designed to show the Town's streets, roads, property lines and buildings co-ordinated with the State Control points was considered to be the most practical. Such a map we believe would be of great future value to the Assessors and at the same time would be of real help in the work of certain other departments. Inasmuch as the work as it progresses is flexible it can be adapted to meet situations or needs as they arise. From it the Planning Board will have a start toward a master plan which would be of great assistance in the study of future growth and developments.

If this map is to be undertaken it must be done well, and means considerable expense to the Town. It is estimated that the total cost will be $15,000. This work does not need

to be done nor can it be done in one year. It should be extended over a period of years as the finances of the Town permit.

We hope that conditions will allow us to start this project at an early date.

EVELETH R. TODD,
CHARLES K. FITTS,
HAYWARD PEIRCE,
ROBERT D. DONALDSON,
WALTER LOVEJOY.

REPORT OF BOARD OF APPEALS FOR YEAR 1942

To the Board of Selectmen:

Gentlemen:

The Board was organized with Harland B. Newton, Chairman and Anthony J. Doherty, Clerk.

The following petitions were received and acted upon:

April 6, 1942:

Petition of Mrs. Mildred Bowles for a variance of the application of the Zoning By-Laws to permit "the renting of ponies" on her property located at the corner of Tower Road and South Great Road.

After hearing this petition, which was duly advertised and notice sent to abutters and those whose property in the vicinity might be affected, and no objection having been made, it was unanimously voted that this petition be granted with the following provisions and conditions:

1. That this permit shall expire on April 27, 1943.
2. That the number of ponies be used for such purposes as applied for and be not over seven (7) at any one time.
3. That the use of said ponies is hereby restricted to the limits of the property as described and such ponies are not permitted on the Highway.

Petition of Mrs. Lena Woodward for permission to install an extra sink in her home located on Tower Road in said Lincoln.

This petition was duly advertised and notice sent to abutters and others entitled to such notice were duly notified by mail.

Mrs. Woodward, the petitioner, stated that at the time her home was purchased by her husband, it was being used as and for a two-family house. Originally it had been built as a one-family house. After the purchase, a sink, that was

located in one of the rooms upstairs, which room was used as a kitchen for the upper apartment, was removed by Mr. Woodward and the house from then on was used by them as a one-family house.

The Petitioner asked that permission be given to install a sink in the room upstairs previously used as a kitchen. It appears that a number of years had elapsed since the house had been used as and for two families.

No one appeared in opposition to this petition.

After hearing and due consideration by the Board, it was unanimously voted that this petition be denied.

Although certain exceptions are permitted under the By-Laws, which exceptions would "permit the conversion of a one-family house into a two-family house," existing at the time of the adoption of the By-Laws, the within application was not one where the Board of Appeals, in its judgment, could say that the "public convenience and welfare would be substantially served and where such an exception would tend to improve the status of the neighborhood" as provided in section 21 of the zoning By-Laws.

Respectfully submitted,

BOARD OF APPEALS, TOWN OF LINCOLN,

By ANTHONY J. DOHERTY,

Clerk.

REPORT OF THE FOURTH OF JULY COMMITTEE

In accordance with the vote taken under Article 18 of the Warrant for the Annual Town Meeting, the Moderator appointed a committee consisting of one representative from each organization in Lincoln as follows:

Selectmen, Sumner Smith
Grange, Clifford M. Bowles
Fire Department, Matthew H. Doherty
Police Department, J. J. Kelliher
School Committee, William N. Page
Red Cross, H. Bigelow Hills
Men's Club, Edmund W. Giles
St. Anne's, Harold S. Dean
Service League, Edith C. Stone
Stone Church, Rev. C. M. Styron
Young Adults, Louis E. Paddock
Junior Church, Eva Langille
St. Joseph's, James Lahey
Legion, Paul A. Menard
Boy Scout's, Harry B. Knowles, Jr
Girl Scout's, Mrs. A. M. Davis
Parent Teacher Association, Mrs. Paul Brooks
Garden Club, Mrs. G. Winchell
Hospital Aid, Mrs. A. C. Comey
Women's Society, Mrs. H. Hoover
Young People, Millie Henry
Rod and Gun Club, Waldo V. Langille
St. Anne's Fellowship, Alisca Cullen
League of Women Voters, Mrs. W. Lovejoy

also to serve in an advisory capacity the following:— Harold S. Cousins, James W. Lennon, Dr. Philip Place, George E. Cunningham, and John E. Smith.

A meeting was called on June 7th, 1942, and William H. Davis was requested to "take charge until the meeting and committee is suitably organized."

The following were elected, Chairman, William H. Davis; Secretary, Harold S. Dean; Treasurer, Matthew H. Doherty.

It was voted to add several new features and to donate any surplus funds to the U.S.O., the amount contributed was $550.00, itemized as follows:—

Sale of Tags	$144 61
Dance	108 85
Refreshments	74 04
Bond Drawing, etc.	121 00
Midway	75 19
Baseball Collection	20 00
Contributions	6 31
	$550 00

The appropriation of $75.00 and amount received from the Donald Gordon Recreation Fund $95.06 totaling .. $170 06 was expended as follows:—

Sports prizes	$25 50	
Parade prizes	30 00	
Horse Gymkana	7 50	
Tennis prizes	6 00	
Concord Legion Band	75 00	
Printing	19 50	
Lumber	6 56	
		$170 06

Respectfully submitted,

WILLIAM H. DAVIS,
Chairman.

REPORT OF WORK OF MIDDLESEX COUNTY EXTENSION SERVICE

This is a report of the work done in Lincoln during 1942 by the Middlesex County Extension Service:

Mr. James DeNormandie has been appointed Extension Service director for Lincoln. A food production and conservation committee was appointed. This committee consists of Miss Ruth Lyon, chairman; Mr. James DeNormandie, Mr. Manley Boyce, Mr. W. N. Page, and Mr. James P. Eaton. This committee has been active in encouraging home gardens and canning in the Town of Lincoln.

The Extension Service has assisted in victory vegetable gardens with the co-operation of the Lincoln Garden committee and the Grange. Nearly every farm family had a garden. This greatly helped in the family's food supply.

Dairy farmers have been given marketing information from time to time. They have been advised on herd management and feeding for production, fertilizing of permanent sod pastures where there is moisture has been stressed. Plowing and re-seeding of old pastures has been urged, with proper liming and fertilizing. Assistance has been given in farm planning.

DeNormandie Farm was a co-operator in the County hay land top dressing Project. Warren Flint and James DeNormandie are members of the County Dairy Committee. Poultrymen have been assisted in disease control, production problems, and record keeping through farm visits and circular materials. Vegetable growers were sent insect and disease control charts each month during the summer.

The Home Department conducted a twenty-hour nutrition course with twenty women receiving certificates. Food preservation demonstrations were held in two sections of the Town. A re-upholstery class was conducted and demonstrations on home mechanics was held.

Activities in gardening and poultry closely related to the war effort were carried on by 4-H club members. The Lincoln Garden Club awarded cash prizes to Marie Gradeski, Marilyn Porter, Sherman Davis and Beverly Cousins on their fine garden work.

REPORT OF TREE WARDEN

The work on the trees has been carried on as in former years, removing dangerous limbs from the trees along the roadsides and cutting the brush where it was necessary.

The spraying for the Elm Leaf Beetle was very effective this year and the results attained were very encouraging. We shall have the beetle with us for some years to come and it will be necessary to spray the elms thoroughly and as early as possible. The Gypsy Moth problem is still a serious one. The infestation is general all over Town and very heavy in some of the woodlands. The usual work of creosoting egg nests on the roadside trees and the spraying with arsenate of lead was done. Some sections had to be sprayed a second time on roads bordered by woodland where the infestation was heavy.

The expenditure this year was $2,494.08 and it is recommended that $2,750.00 be appropriated for Moth and Tree in the year 1943.

Respectfully submitted,

JOHN J. KELLIHER,
Tree Warden.

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen,

Town of Lincoln:

I herewith submit the Annual Report of the Building Inspection Department of the Town of Lincoln for the year ending December 31, 1942.

New Houses

Permits			Estimated Value
1	Building		$5,600
4	Plumbing	completion of 1941 house construction	2,539
2	Electrical		560

Residential Alterations and Additions

2	Building	740
9	Plumbing	1,022
3	Electrical	240
2	Town work	160
3	Farm buildings	725
1	Farm electrical	24
27		$11,620

Applications for permits refused	2
Total fees collected	$36.00

HENRY B. HOOVER,
Building Inspector.

1942 LINCOLN PLAYGROUND REPORT

The Town Meeting of March 2, 1942, authorized the appropriation of $450 and a committee of three to be appointed by the Moderator to carry out a Summer Playground program.

The program consisted of baseball, softball and tennis for boys and girls of all ages under the direction of Mr. James Dudley. The baseball and softball program consisted of practise sessions and games with playgrounds from other towns. Along with regular tennis coaching a tournament for all was held at the end of the summer.

A Handcraft class for the younger girls was held twice a week at the Center School under the supervision of Miss Elizabeth Herman.

Regular weekly rehearsals of the School Band were held one evening a week and individual instruction on the same afternoon. This work was carried on under the direction of Mr. Taunton the school music teacher.

The plans for 1943 call for essentially the same type of program with the addition of active participation of the boys and girls in the Victory Garden Program. We are recommending an appropriation for 1943 of $450 which we believe to be the minimum amount needed to continue a playground program consistent with the needs of the Town.

SUSAN BROOKS,
ELIZABETH DOHERTY,
ETHAN A. MURPHY,

Playground Committee,
Town of Lincoln.

REPORT OF COMMITTEE OF PUBLIC SAFETY

This is the first Annual Report of the Lincoln Committee on Public Safety. The past year has been one of organization and training and we feel that much has been accomplished towards giving the Town protection commensurate with its size and type. Being a residential and farm community and widely scattered, we are fortunately not faced with the potential dangers of many of our neighbors and we feel that there is more possibility of our having to be of assistance to others than to protect ourselves. However, we have attempted to plan for any contingencies that might arise and with the organization that exists are confident that we can adequately contend with them.

The Report Centre, located at the Town Hall, is the pulse of the Protection Division and it is there that all messages are received and dispatching done. It is from here that air raid wardens, auxiliary police, and ambulance units are controlled. These units are all trained basically and are complete for efficient functioning. Our Medical Centre, well equipped, is also set up here. The Committee has installed auxiliary gas lighting and two-way radio, should the regular services be eliminated.

The matter of warning signals throughout the Town has caused considerable concern and study. We installed in North Lincoln one additional signal to augment the fire alarm previously located in South Lincoln. It is very difficult to cover every residence with our own alarms because of the many variable factors. The Committee has felt that in case of a real emergency the combination of our own sirens, plus those of surrounding towns, together with radio notifications, would undoubtedly reach practically every resident. The cost of small whistles is about $500 each installed. For the needs of the Town, if any additions are made, we should put in two. We have also given consideration to a siren on the top of the Town Hall, which would cost approximately $1,000. We are not recommending any additional equipment and it has not been included in our request for our appropriation of the budget. However, if a sufficient number of citizens de-

sire to authorize the expense, we will be glad to see that the installations are made.

The functions of the Committee have involved not only preparation for the protection of the Town but the care and feeding of evacuees. The Women's Division, now known as the "War Services Division," has carried on admirably the drives involving the collection of scrap metals, rubber, tin cans, and paper. It is also their responsibility to see that information is disseminated on food, fuel oil rationing, and many other subjects affecting the household.

It might be of interest to know just how many of our citizens are connected with Civilian Defense and you will find them below:

Staff	9
Wardens	65
Report Centre	16
Auxiliary Police	45
Auxiliary Firemen	32
War Service Division	43
Ambulance	18
Medical Centre	12
Service and Supply	4
Rescue Squad	7
Planning	1
Decontamination	1
Radio	4
Total	257

At the last Town meeting an appropriation of $1,000 was made and we have spent of this amount $777.51 as follows:

Postage and supplies	$155 01
Filing Cabinet	41 50
Radio	91 66
Screens and cabinets	40 16
Photographs	68 50
Maps	46 55
Gas installation (supplies and service)	85 42
Stirrup pumps	13 90
Horn signal	116 78
Report Centre supplies	33 35
Traveling expense (Decontamination School)	11 48
Arm bands	10 00
Police equipment	63 20
	$777 51

Many of these items are non-recurring and will not have to be provided for in 1943. However, there are certain running expenses that we will have and there should be some provision made for expenses that might occur in cases of emergency. Consequently, we are asking for an appropriation for the year of $600.

Thanks should be extended to all the personnel who have given so cheerfully and unselfishly of their time on training courses and during the various practices that we have had throughout the year. Furthermore, there had been certain installations made at no cost to the Town itself. It is possible that there will be even further demands so that we can attain an efficient operating unit in each division. Undoubtedly, it is well to remember that we must function smoothly for our own protection. Mention should be made of the co-operation that is being extended to us by the Red Cross. The great majority of our personnel has received first aid instruction, which has been arranged for and given by the Lincoln Chapter.

Respectfully submitted,

LINCOLN COMMITTEE ON PUBLIC SAFETY,

WILLIAM N. PAGE,

Chairman.

SCHOOL COMMITTEE REPORT

We herewith present our Annual Report for 1942:

Acting Superintendent, Clarence V. Baker of Arlington Heights, Illinois, completed a very successful year in June and Mr. Holloran returned in September as Superintendent. The School Committee wishes to record in this report its appreciation of Mr. Baker's leadership and helpful co-operation during this period.

The following changes have occured in the staff:

Mr. Edward McGonigle was granted a military leave of absence in June to enter the U. S. Navy Air Corps and has been replaced by Mr. Frank P. Castles who comes to us from the Priory School, Portsmouth, Rhode Island. Miss Walker, due to illness, found it necessary to resign and her position in Grade 3 has been taken by Miss Vivian C. Burns. Mr. William Gilchrist of the Cambridge School in Kendall Green is teaching Manual Training while the position as Secretary is now being filled by Mrs. Thomas J. Dee.

Repairs have been made in accordance with appropriations made at the Town Meeting last March. After considerable delay, the remodeled heating and ventilating system in the Center School is in working order and is proving very satisfactory. We believe it will not only provide more adequate heating and ventilating but will also prove to be more economical.

Your Committee received from Professors Fuller and Simpson of the Harvard Graduate School of Education their report submitted after making a comprehensive survey of our school facilities and program. A number of recommendations have already been put into effect. The ninth grade has been discontinued and tuition is being paid for these children in the high schools of Concord, Weston and Waltham. The junior high school setup has been abolished and we are concentrating on establishing the best possible elementary school. The position of remedial teacher has been discontinued and it is believed that adjustments in the program will take care

of the needs for which this teacher was originally employed. The transportation of pupils has been reorganized with the resulting elimination of one bus. It is hoped that eventually the cost of this service may be considerably reduced.

The remaining recommendations which your School Committee has received in this report we feel embody many constructive suggestions which at present are being seriously considered.

Your Committee believes that this report fulfills the hope expressed last year that the recommendations might act as a guide to this and future committees in the development of an outstanding school system.

Your Committee has kept within its budget in spite of many unforeseeable expenses. We feel that many of the changes during the past year will be reflected in future savings.

In keeping with the policy of maintaining the physical property in good order, we plan to repaint a number of classrooms during the coming year as well as the outside fire-escape. If toilet equipment is available, it is planned to make certain essential repairs in both the Center and South schools. We would also like to point out the necessity of resurfacing the roadway lying between the Center School and the Telephone office, together with the school's rear driveway. Drainage on these roadways has been exceedingly poor for a number of years and it is important that this situation be remedied at the earliest possible moment.

The School Committee wishes to record its appreciation of the co-operation given by the townspeople at various ration days during the year.

Attached is a summary of the Simpson-Fuller report.

Respectfully submitted,

JAMES DeNORMANDIE,
SUSAN LENNOX BRIGGS,
WILLIAM N. PAGE.

Summary of the Report of Professors Alfred D. Simpson and Edgar Fuller of the Graduate School of Education, Harvard University

The primary inquiry is whether Lincoln is now justified in utilizing the Smith legacy to construct a high school.

Numerous other matters and policies have become involved, however, and the recommendations which follow refer to several important aspects of the school system. The general principle upon which the recommendations are made rests upon the belief that they will result in a higher level of educational effectiveness than has yet been obtained in Lincoln.

An administrative organization has been recommended that is in harmony with modern trends and best practices all for the purpose of facilitating improvement of the educational program in a manner both educationally sound and financially economical.

Changes in the Lincoln school system have been less during the past dozen years than was anticipated in the report of Professor L. Leland Dudley in 1930.

The extremely small junior high school has clearly failed to live up to its promises. Some of the responsibility for lack of a dynamic educational program can be traced to the 6–3–3 or junior high organization. The 6–6 or 8–4 plans are more acceptable in the small town school system as they more closely co-ordinate all of the grades whereas the 6–3–3 plan places unnecessary obstacles in the path of that co-ordination.

Recommendations

1. That no high school be constructed in Lincoln now or in the foreseeable future.

On the basis of present facts, it is difficult to predict any large increase in school enrollment for many years. Lincoln is not near any large industrial area, has adequate building restrictions with relatively high land values and is likely to remain a residential area. If all those presently enrolled in grades seven to twelve were housed in one building the total secondary school enrollment would be approximately 140. It is extremely difficult to provide an adequate high school program for such a small number except through heavy

expenditure of funds and it is unlikely even then to achieve the expected results.

High School students need the stimulation and competition of larger groups working together. Present day education demands larger high school attendance units than Lincoln can now provide. In addition, present costs of transportation and tuition for students in other towns are much less than the estimates for maintaining a high school in Lincoln. To build and operate either an extension of the present building, or a separate new building, would more than double present costs.

2. That Lincoln schools be organized on the 8–4 basis.

The elimination of the ninth grade in the Lincoln schools would mean that pupils would being the first year of their four year high school program on the same educational basis as all other ninth grade pupils. Our investigations make it clear that this will be a distinct advantage as pupils will meet all the problems of orientation and adjustment to high school at the same time as other members of their class.

The fact that Lincoln does not operate its own high school gives it the distinct advantage of being able to make use of the educational opportunity of all neighboring high schools thereby gaining for its relatively small high school group an educational opportunity comparable in richness and diversity to that available only in high school systems of the largest cities and towns.

The adoption of the 8–4 plan will give more adequate facilities for the children in grades one through eight. The present ninth grade room will be available for special class purposes and for a school library.

3. That Lincoln plan to enter a superintendency union not later than July 1, 1943.

The present superintendency arrangement is not only expensive but is unlikely to secure for the town a broad-gauge type of administrative competence. It cannot provide effective stimulation and leadership in the development of a modern educational program.

The independent superintendent acting also as principal in the extremely small school system is so closely bound up with the local situation that he often finds it difficult to act constructively for the high growth of the system. On him alone rests expertness in leadership both in administration and in the stimulation of the educational program. Best results are rarely attained in either field under these circumstances.

It is less expensive and more desirable to provide for those phases of administration, external to the educational program, including the advisory and executive relationships of the administrator to the Board through the employment of a Superintendent who is constantly dealing with a broader administrative situation and who is somewhat removed from the minute details of the local attendance unit.

This change will secure for Lincoln a greater administrative competency than will be possible operating independently. It is significant that 213 of the 312 Massachusetts towns (excluding cities) now operate under this union superintendency system.

4. That after the union superintendency is established a teaching Principal be employed to advise and organize the educational program.

The position may be filled by either a man or a woman. The principal should arrange to spend at least one-half of the time in actual teaching in order to relieve regular classroom teachers who have special abilities that they may conduct classes in music, industrial arts or home-making, thus avoiding the necessity of bringing in specialists on a one-day-a-week basis.

5. That teachers who are specially trained in home-making, industrial arts and music be employed as the natural turnover of teachers occurs.

Present programs in the better teacher-training institutions are developing teachers' capabilities in all fundamental subjects as well as one or two specialties.

With care taken as vacancies are filled, a well-balanced educational program can be developed by the regular full-time staff.

Inadequate equipment for industrial arts and home-making makes replacements and additions in this field essential at the earliest possible moment.

6. That the position of a "remedial teacher" be abolished.

It should be possible to organize the staff under the leadership of the principal to get a far broader remedial program than would ever be possible for one person to offer. All teaching is essentially remedial in nature and special help and guidance should be the responsibility of the staff as a regular part of its teaching duties.

7. That under the union superintendency plan an office clerk for full or part-time work be employed.

As the principal will be engaged in actual teaching, together with work of an executive nature, clerical duties of the office must be delegated to a school secretary who in addition to keeping records might also assist in the operation of the school library. It is also expected that she will be able to help the teachers from time to time in the preparation of their materials.

8. That planning be begun for the postwar construction of a combination gymnasium-auditorium at the Center School with which would be combined shower room, health offices and cafeteria.

Kindergarten space may well be provided if community interest is sufficient to warrant the additional expense.

Gymnasium-auditorium facilities have been a recognized need for many years. They are equally as important for children in the elementary school as for those in high school. A proper physical training program cannot be carried out in Lincoln without these facilities.

A stage will be of tremendous value in pupil development in the fields of creative expression and dramatics.

Most children cannot return to their homes for lunch. Therefore, provision must eventually be made for serving a well prepared and properly balanced noon-day meal.

9. That the South and Center Schools be consolidated as soon as possible.

By including two classrooms in the gymnasium-audi-

torium addition, the work of the primary grades may be carried on at the Center School resulting in transportation savings as well as closer co-ordination and more efficient supervision.

Playground space is sufficient to care for such an added enrollment, and with the gymnasium available, the work of the primary grades might be greatly expanded.

There would be a considerable reduction in maintenance and heating costs through the consolidation of both schools.

Adequate space for the nurse's office and dental clinic would provide facilities for carrying on a far more satisfactory health program.

10. That the School Committee plan to reduce transportaion costs through the reorganization of the present bus routes.

A recent study of transportation costs in Massachusetts shows that Lincoln is spending more per pupil than any other district in the Commonwealth. It should be possible through re-routing and through consolidation with high school transportation to arrange for the elimination of one bus.

Conclusion

By following the recommendations herein outlined, a more efficient school program at lower costs to the Town should result. However, economy in spending consists in spending wisely and getting one's money's worth. No function of the school should be curtailed in order that savings of a few dollars may result. It is well recognized that an increase of expenditures for needed materials and equipment will often bring a larger return from already fixed costs.

Lincoln is a Town that is well able financially and conceptually to support a strong school program. At the same time it should be borne in mind that a strong school program does not depend upon the provision of all school facilities within the Town's geographical limits. It does not depend upon certain organizational features such as the junior high school, nor upon a separate Town superintendency. In fact, these sometime mistaken marks of a good school system may

well be more of a handicap than a help to the development of a strong total educational opportunity for youth.

Your consultants have sought to look at the Lincoln school problem realistically. We are confident that these recommendations as a whole will produce a distinctly better educational system for Lincoln. This is the real criterion.

If, however, at the same time there are actual money savings in the proposals, weight is added to the argument. Economy need not be a dominant factor in Lincoln but it should never be neglected. The total picture here presented, therefore, is one of progress in the realization of money's worth in education.

From the basic pattern here outlined, the School Committee should be constantly alert to proceeding with the objective of improving the substance of the educational process, through strengthening the teaching personnel, through curriculum reorganization, through plant improvement, and through the continuous development of improved school community relations.

Finally, your consultants wish to record their pleasure in working with the Lincoln School Committee and their faith in this Committee's devotion in their dealing with the problems of educational policy in this Town.

SUPERINTENDENT'S ANNUAL REPORT

Personnel

The following changes were made in the teaching staff during 1942:

Mr. Edward F. McGonigle was granted a military leave of absence when he entered the armed services.

Mr. Frank P. Castles was elected to fill this vacancy.

Mrs. Patricia Walker Salisbury resigned in November and Miss Vivian C. Burns was elected to teach Grade 3.

Mr. William Gilchrist was elected teacher of manual training.

Transportation

Of the 216 pupils in our schools on January 4 only 16 walk to school, and of these only one attends the South School.

The three buses which transport these pupils cover 93 miles daily.

Transportation to Concord High School is provided by two buses which cover 59.9 miles daily. Pupils attending Waltham and Weston High Schools are allowed 40 cents and 30 cents daily, respectively, and make their own arrangements for transportation.

Regulatory power over school buses is now in the Office of Defense Transportation and all school buses are required to have a Certificate of War Necessity. The policies outlined by the ODT are very far reaching and will undoubtedly result in a curtailment of existing transportation.

High School

We are now paying tuition for 89 pupils attending Concord, Weston and Waltham High Schools.

The school and grade distribution:

Grade	9	10	11	12	Totals
Concord	23	16	10	16	65
Waltham	2	7	6	0	15
Weston	1	1	3	4	9
Totals	26	24	19	20	89

Fuel Oil

Since the South School is heated by oil that building is affected by the oil rationing program.

During the 1941–1942 school year 4,253 gallons of fuel oil were used in this school. Under the rationing program we are allowed 3,040 gallons, approximately 71% of last year's total.

In order to conserve this fuel as much as possible we are maintaining the room temperature at 65°.

Junior Red Cross

The Junior Red Cross under the leadership of Miss Elizabeth A. Sanborn has achieved 100% enrollment.

At Thanksgiving a contribution of vegetables, fruit and canned goods was made to the New England Home for Little Wanderers.

War Savings Stamps

The pupils of the Center School have purchased a total of $485.30 in War Savings Stamps since September, 1942.

Respectfully submitted,

CARL F. HOLLORAN,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

To the School Committee of Lincoln:

A report of school nursing for the year ending December 31, 1942, is hereby submitted.

Schools have been visited daily.

There have been 305 office calls for treatment or advice; 42 pupils have been taken home from school; 153 home visits have been made to check on absent pupils; and 13 visits were made to a doctor's office or hospital clinic.

I assisted Dr. Benjamin Wood of Waltham with the yearly physical examination of each pupil, and weighed and measured each pupil three times during the year. Scalps were examined frequently.

The children entering the first grade attended the Well Child Clinic 100%; were weighed, measured, given eye test and physical examination by Dr. John A. V. Davies of the Children's Hospital of Boston.

All first grade pupils have had toxoid inoculation, Schick tests and vaccination. One pupil was taken to Middlesex Sanitorium for the Von Pirquet test and X-Ray.

The Lincoln Dental Committee, Mrs. Robert Loring, Chairman, conducted a clinic at the Center School with Dr. Spencer Taylor of Lexington as dentist.

The school enjoyed a very healthy year, very few contagious or communicable diseases were reported.

Everyone was very happy to welcome Mr. Holloran back with us in September.

Respectfully submitted,

MARIAN N. OBER, R.N.,
School Nurse.

NOTICE

Business Meeting, Monday, March 1, 1943, at 7:30 P.M.

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the first day of March next at 7:30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the sixth day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested, in each of the Post Offices, and in some other public place in said Town seven days at least before the first day of March next:

The polls for voting the Australian ballot on Saturday, March sixth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One member of the Board of Health for one year.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for two years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Selectmen

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Selectmen

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Departments, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Selectmen

Article 5. To appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Selectmen

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Selectmen

Article 7. To see if the Town will vote to raise and appropriate the sum of $7,500.00 for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, or take any action relative thereto.

Finance Committee

Article 8. To see if the Town will accept as public ways the private roads known as "Old Farm Road" and "Grasshopper Lane" as shown on a plan on file in the Land Registration Office being plan numbered 16659A2, and approved by the Board of Survey of the Town of Lincoln December 22, 1937, this acceptance being subject to the payment to the Town of an amount sufficient to properly surface the roads, or take any action relative thereto.

Selectmen

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid. Given under our hands this 8th day of February, in the year of our Lord one thousand nine hundred and forty-three.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT A. SCHAAL,
Selectmen of Lincoln.

TOWN CLERK'S REPORT

Annual Town Meeting
Monday March 1st, 1943

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting, for the transaction of Town affairs, to meet in the Town Hall in said Lincoln on Monday, the first day of March next at 7.30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the sixth day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested in each of the Post Offices, and in some other public place in said Town seven days at least before the first day of March next: The polls for voting the Australian ballot on Saturday March sixth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One member of the Board of Health for one year.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for two years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Article 3. To hear and act on the reports of Town Officers, Committees, Commissioners and Trustees.

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Departments, Board or Committee, shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Article 5. To appropriate money for the necessary and expedient purposes of the Town and enact anything in relation to the same.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will vote to raise and appropriate the sum of $7,500.00 for the purchase of War Bonds or other bonds that are legal investments for saving banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5 Acts of 1943, or take any action relative thereto.

Article 8. To see if the Town will accept as public ways the private roads known as "Old Farm Road" and "Grasshopper Lane" as shown on a plan on file in the Land Registration office being plan numbered 16659A2 and approved by the Board of Survey of the Town of Lincoln December 22, 1937, this acceptance being subject to the payment to the Town of an amount sufficient to properly surface the roads or take any action relative thereto.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this 8th day of February in the year of our Lord one thousand nine hundred and forty-three.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT A. SCHAAL,
Selectmen of Lincoln.

The return of the Warrant is as follows:

I have served this Warrant by posting attested copies in each of the Post Offices, one at the Railroad Station and one at the Town Hall seven days before the date of said meeting.

JOHN J. KELLIHER,
Constable.

ANNUAL TOWN MEETING
Monday, March 1st, 1943

In accordance with the foregoing Warrant the meeting was called to order by the Moderator at 7:30 P.M., the return of the Warrant was read, and the Moderator called attention to Article one.

Article 2. *Voted:* That Hermon T. Wheeler and Harold S. Cousins be elected Measurers of Wood and Bark for the ensuing year.

Article 3. *Voted:* That the Reports of the Town Officers, Committees, Commissioners and Trustees be accepted.

Article 4. *Voted:* That the Salaries of the Elected Officers of the Town for the current year be fixed at the following amounts respectively:

Selectmen each	$200 00
Treasurer	400 00
Collector of Taxes	1,375 00
Town Clerk	250 00
Assessors Chairman	200 00
Assessors other members, each	175 00
Auditor	150 00
Water Commissioners, each	75 00

and that the Water Commissioners be authorized to employ one of their members as Superintendent of the Water Department at a salary of $400.00 per year, and that one or more Cemetery Commissioners be authorized to work on the Cemetery grounds at the rate of fifty-five cents per hour.

Article 5. *Voted:* That the following appropriations be made:

Cemeteries	$1,020 00
Election Expenses	75 00
Fire Department	2,265 00
Health, Board of	2,500 00
Highways and Bridges	13,870 00
Highways Chapter 90	1,500 00
Highway Machinery	1,900 00

Highway to Machinery Fund	$1,000 00
Insurance	1,500 00
Interest	475 00
Library and Dog Tax	1,484 00
Miscellaneous	2,645 00
Payment Town Bonds	5,000 00
Planning Board	25 00
Police Department	2,860 00
Public Safety	600 00
Public Welfare	1,500 00
Aid to Dependent Children	2,700 00
Old Age Assistance	6,735 00
Veterans Aid	500 00
Reserve	1,000 00
Salaries	5,255 00
Schools	45,135 00
Vocational Training	194 00
Street Lights	4,200 00
Summer Playgrounds	450 00
Town Hall	3,350 00
Tree and Moth	2,750 00
	$112,488 00
Water Works	13,800 00

Voted: That for Cemeteries $60.00 be taken from Cemetery General Fund, for Reserve Fund $1,000.00 be taken out of Overlay Reserve, and for Water Works $5,000.00 be taken from Water Works Treasury and balance of $8,800.00 from the current year's receipts.

Article 6. *Voted:* That the Town Treasurer with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 Chapter 44, General Laws.

Article 7. *Voted:* That the Town appropriate the sum of $7,500.00 to be taken from free cash, for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5 Acts of 1943, and that the issue or issues of bonds so purchased be determined by the Trust Fund Commissioners.

In connection with the foregoing Article 7 it was

Resolved: That it is the intent of the Meeting in appropriating the sum of $7,500.00 under Article 7, to establish a post-war reserve fund for maintenance and/or replacement of services and equipment which cannot or should not now be provided because of the need for conserving all possible labor and material for the war effort as follows:

Fire Department	$500 00
Highways	4,950 00
Highway Machinery Operation	500 00
Schools	675 00
Town Hall	500 00
Board of Health	375 00

Article 8. *Voted:* That the Town accept as public ways the private roads known as "Old Farm Road" and "Grasshopper Lane" as shown on plan on file in the Land Registration Office being plan numbered 16659 A.2 and approved by the Board of Survey of the Town of Lincoln December 22, 1937, and that a certified check in the amount of $550.00 be deposited with the Town Clerk to be expended for the surfacing of the roads.

Meeting adjourned at 8 o'clock P.M.

WILLIAM H. DAVIS,
Town Clerk.

WILLIAM H. DAVIS,
Town Clerk.

Lincoln, Mass.
March 6th, 1943.

A meeting was held at the Town Hall on the above date for the purpose of electing one member of the Trust Fund Commissioners to fill the unexpired term of Major Frederick M. Seeger, he having entered the U. S. Army. Present, Sumner Smith, Herbert G. Farrar, Donald P. Donaldson, Warwick V. Harris and William H. Davis. Five ballots were cast and Leonard C. Larrabee was unanimously elected.

WILLIAM H. DAVIS,
Town Clerk.

Lincoln, Mass.
June 14th, 1943.

A meeting was held at the Town Hall on the above date for the purpose of electing one member of the Board of Water Commissioners to fill the unexpired term of Sidney G. MacRae, he having entered the U. S. Army. Present, Sumner Smith, Herbert G. Farrar, Albert A. Schaal, Warwick V. Harris and William H. Davis. Five ballots were cast all of which were for Roland F. Beers.

WILLIAM H. DAVIS,
Town Clerk.

SPECIAL TOWN MEETING
August 9th, 1943

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs to meet in the Town Hall in said Lincoln on Monday the ninth day of August next at 8 o'clock P.M., then and there to act on the following Articles by posting a copy of this Warrant by you attested, in each of the Post Offices and some other public place in said Town, seven days at least before the ninth day of August next.

Article 1. To see if the Town will vote to appropriate the sum of $3,775.00 for Highways and Bridges, to be expended for road surfacing work, or take any action relative thereto.

Article 2. To see if the Town will vote to appropriate a sum of money to be expended for the construction of an Honor Board, for Lincoln men and women serving with the armed forces of the United States of America, direct the Selectmen to proceed with said construction, arrange for the erection and dedication, or take any action relative thereto.

Article 3. To see if the Town will vote to appropriate a sum of money for Insurance on Town property to provide adequate protection for the Town, or take any action relative thereto.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this twenty-ninth day of July in the year of our Lord one thousand nine hundred and forty-three.

SUMNER SMITH,
HERBERT G. FARRAR,
A. A. SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the following:

July 30th, 1943.

I have served this Warrant by posting attested copies at both Post Offices, the Railroad Station and Town Hall seven days before the date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the meeting was called to order by the Moderator at 8 o'clock P.M., the return of the Warrant was read by the Town Clerk.

Article 1. *Voted:* That the sum of $3,775.00 be appropriated for Highways and Bridges, to be expended for road surfacing work, said sum to be taken from Free Cash. And further it was

Resolved: That in as much as the appropriation of $3,775.00 for Highway use fulfills in part the purpose for which the purchase of bonds under Article 7 of the Annual Town Meeting of 1943 was voted, it is the sense of the meeting that of the bonds so purchased the amount then designated for Highway use be reduced from $4,950.00 to $1,175.00 and that $3,775.00 be added as an item for general purposes consistent with Chapter 5 of the Acts of 1943.

Article 2. *Voted:* That the sum of $225.00 be appropriated for the construction of an Honor Board for Lincoln men and women serving with the armed forces of the United States of America, that the Selectmen be directed to proceed with said

construction and arrange for the erection and dedication, said sum to be taken from Free Cash.

Article 3. *Voted:* That the sum of $800.00 be appropriated for insurance on Town Property to provide adequate protection for the Town, said sum to be taken from Free Cash.

Voted to adjourn at 8.45 P.M.

WILLIAM H. DAVIS,
Town Clerk.

SPECIAL TOWN MEETING
November 22nd, 1943

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln on Monday the twenty-second day of November next at 8 o'clock P.M. then and there to act on the following Article by posting a copy of this Warrant by you attested, in each of the Post Offices and in one other public place in said Town, seven days at least before the twenty-second day of November next.

Article 1. To see if the Town will accept $10,000.00 as a gift from Julian DeCordova, Esq. The above sum to be turned over to the Trust Fund Commissioners under the following conditions:

This sum shall be invested and the income shall accumulate and be invested from time to time. Upon and after my decease the Trust Fund Commissioners shall pay over such amount from the Fund out of income, principal or both, from time to time as the Selectmen in their sole judgment shall requisition for the purpose of making repairs or improvements to and for maintaining and operation the property heretofor conveyed by me to the Town, (subject to a life interest in myself) for use of the Town as a Museum and Park, until the fund hereby created is exhausted.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the Meeting aforesaid.

Given under our hands this tenth day of November in the year of our Lord one thousand nine hundred and forty-three.

SUMNER SMITH,
HERBERT G. FARRAR,
A. A. SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the following:

November 13th, 1943.

I have served this Warrant by posting an attested copy in each of the Post Offices and one at the Railroad Station, seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the meeting was called to order by the Moderator at 8 o'clock P.M., the return of the Warrant was read by the Clerk and it was

Voted: (unanimously) That the Town accept the sum of $10,000.00 as a gift from Julian DeCordova, Esq., in accordance with his letter to the Selectmen dated November, 1943. The above sum to be turned over to the Trust Fund Commissioners under the following conditions, which are hereby agreed to:

This sum shall be invested and the income shall accumulate and be invested from time to time, upon and after the decease of said DeCordova the Trust Fund Commissioners shall pay over such amounts from the Fund out of income, principal or both, from time to time as the Selectmen in their sole judgment shall requisition for the purpose of making repairs or improvements to, and for maintaining and operating the property heretofor conveyed by said DeCordova to the Town, (subject to a life interest in said DeCordova) for use of the Town as a Museum and Park, until the Fund hereby created is exhausted.

Meeting adjourned at 8:25 P.M.

WILLIAM H. DAVIS,
Town Clerk.

REPORT OF BOARD OF SELECTMEN

The board organized with the choice of Sumner Smith, Chairman. Otto Hagmann acted as Clerk until he accepted a defense position in August. Mrs. William Causer was selected to succeed him.

Roads Discontinued by the Government on Account of Bedford Air Field

The Town has been notified by the U. S. Government that Bedford Road and Virginia Road at the point where they enter or interfere with the Air Port are closed indefinitely. The State Highway Department is working on a plan to notify the Government that the State, County, and Town have been damaged by this road closing and ask for reimbursement which if collected could be used toward the building of what is called a Closure Road, which would connect these dead ends in Lincoln in the most convenient manner to an existing highway or highways.

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

Superior Court in Equity
No. 12982

Town of Lincoln
vs.
Thomas T. Giles

A brief report should be made of this case for the benefit of future Town officers who have zoning questions presented to them.

It is recommended that selectmen in the future never give a permit or a license unless they are absolutely certain that the petitioner's purpose is definitely within the law. In this case the mistake was made which was both expensive to the Town and Mr. Giles in that he was given a license on a temporary basis with no guarantee or understanding that the Selectmen were in any way obligated to continue granting him licenses for doing an automobile business around his home on

Concord Road. When asked to present his case to the Board of Appeals, which was proper, he refused and the evidence which the Selectmen collected from Town's people was turned over to a lawyer who gave the opinion that the Town had a good opportunity to successfully prosecute Mr. Giles as a violator of the zoning by-laws.

The case was heard in Superior Court in January and a copy of the Final Decree is printed herewith:

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

Superior Court in Equity
No. 12982

Town of Lincoln
vs.
Thomas T. Giles

FINAL DECREE

This cause came on to be heard at this term on the merits and was argued by counsel and thereupon, upon consideration thereof, it is

ORDERED, ADJUDGED AND DECREED that the defendant be and he hereby is enjoined against carrying on the trade or business of buying, selling, exchanging, assembling or storing second-hand motor vehicles or parts thereof on the premises owned by him in the Town of Lincoln described in a deed from Edmund W. Giles, et als. to the defendant dated February 15, 1937 and recorded with Middlesex South District Deeds, Book 6098, page 415.

The importance of winning of this and the Murphy case on pigs, as described in the Board of Health Report, cannot be over estimated as regards the validity and strength of the zoning by-laws of the Town and their influence in discouraging those who would attempt a violation in the future.

Fire Insurance Coverage

Some years have elapsed since the values on Town Buildings, Contents of Buildings, Automotive equipment, Fire rates, Public Safety and the adequacy of current insurance, have been reviewed.

In June of 1943, the Selectmen, authorized competent Rate & Safety Engineers to proceed with this work, without expense to the Town. Their findings were checked with the New England Fire Insurance Rating Association and found substantially correct. Quotations on the insurance costs have been received from three different sources.

Findings and Recommendations

Town Properties

1. Endorsement and correction of current policies to make coverage more comprehensive. (No extra cost)
2. Insurance coverage on Buildings reduced from $197,000.-00 to $194,000.00.
3. Insurance on Contents of Buildings increased from $20,-700.00 to $33,517.00.
4. Fire and Theft insurance to be placed on Automotive equipment for $28,566.00. Now only partially covered for Fire Loss only, while housed at specific locations.
5. Loss or damage to buildings or contents as the result of: windstorm, cyclone, tornado, hail, explosion, riot, civil commotion, aircraft, automobiles, smoke and smudge, to be added as a rider to existing Fire Insurance policies in the amount of $227,517.00. (This clause is known as Extended Coverage No. 4.)
6. Based on recommendations received, approximately $200.00 is needed for structural building changes, fire extinguishers, etc., to bring the physical equipment up to standard. This will result in greater public safety and will effect a saving of $155.00 per year in contemplated insurance costs.

The DeCordova Estate

1. $50,000.00 of Insurance now covers most of the buildings which have an estimated value much above this figure. $67,547.00 Fire Insurance to be added to the $50,000.00 now effective. The total $117,547.00 will cover all buildings in an amount more in keeping with their value to the town. The above policies to be endorsed by rider for $117,547.00 of Extended Coverage No. 4, previously described under item No. 5, Town Property.

2. Structural changes and reclassifications of these buildings indicate a substantial reduction in rates.

Gifts of Julian DeCordova, Esq.

The Town is again deeply indebted to Mr. DeCordova for a conditional gift of $10,000 on November 22nd, terms of which are reported in the Town Clerk's Report. In December Mr. DeCordova made an unconditional gift of two thousand dollars ($2,000.00) and this money is added to the surplus in the Town treasury to be used as any other money in the treasury by a Town vote.

Compulsory Automobile Insurance Rates

These rates are made up every year by the State Commissioner of Insurance. They are based on the damage losses which result from accidents caused by cars registered as garaged in Lincoln. The average payments by insurance companies on account of their Lincoln clients exceeded the premium intake during the last five years and the rates, for this reason, had to be increased and they will remain at the present rate or a higher one until the losses are substantially lower.

William H. Ryan

Mr. Ryan, a faithful employee of the Highway Department most of his life, was accidently killed in the performance of his duties July 30, 1943.

Accidental Fires

A State statute forbids anyone starting a fire in the open except on rainy days or on plowed land without a permit from a forest warden, in the case of Lincoln.

JOHN J. KELLIHER.

The fire department has been called out many times because someone's incinerator fire spread beyond safe limits or because the wind suddenly spread a grass fire. Just because careless people have not been investigated and prosecuted is no reason why similar ones may not be called to account in the future.

DEDICATION ADDRESS

WILLIAM M. RAND

★

Ladies and Gentlemen,
Citizens of Lincoln,
Neighbors:

We are gathered, on this October afternoon, to dedicate a Roll of Honor which bears the names of one hundred and seventy-eight men and women of Lincoln who have left their homes, their families, and their friends to enter the military services of our country.

Such a dedication symbolizes the underlying spirit of this democracy. Regardless of race, station, political faith, or creed, newcomer or older inhabitant, we stand shoulder to shoulder with but one thought in our minds, one purpose in our hearts: to honor all who are ready at any cost to defend our way of life, our institutions, and our freedom.

The names inscribed on this Honor Roll take their places with those of three hundred and twenty others who have answered the call of their country to serve in five former wars, through the one hundred and eighty-nine years of Lincoln's history. There are no names which command greater respect and more gratitude than the names of those who have sacrificed so that others may be free.

There are names of five women included on this Honor Roll. They have joined the armed forces and reflect the outstanding service that women everywhere are rendering in this struggle. All honor to them!

In no other wars have the sons of Lincoln been so widely separated. In Africa, Italy, England, all sections of the United States, Panama, the Hawaiian Islands, the Southwest Pacific, India, and in other far reaches of the globe, on the oceans, on the land, and in the air, are there men from this small town. We wonder what their thoughts of home may be.

In battle lines, in training camps, and on the wide stretches of the seas there is some boy who thinks of Lincoln. How did the Mohawks do last summer? Is the foliage as bright as ever in Lincoln's woods? Are the boys gathering at Corrigan's store, putting the spotlight on the town government? Oh, for

a day hunting pheasant in the meadows and swamps, or a run down the town hill on skis! Or a hockey game on Farrar Pond!

Happy thoughts from far-off places! They know our thoughts are constantly with them, and as our prayers are told for their safety, we dedicate this Honor Roll by heart beats rather than by words.

Many of these soldiers and sailors who have gone forth were at an age when future plans were being built. One was to go into business, one to run the farm, others were training to be doctors, or lawyers, or scientists. Some were about to be married. Their paths led to a bright future.

With shocking suddenness, the action at Pearl Harbor plunged the nation into war. Plans and dreams were laid aside. We hold them in trust. Let us be true to that trust. Let us, as part of this nation, do all in our power to give to the returning men and women the fruits of their victory — freedom — the freedom of opportunity to carry out to the limit of each one's ability the plans they made, the dreams they dreamed.

If any one of these service men were to dedicate this Honor Roll, you may be sure he would belittle his contribution and minimize his sacrifice. We wonder what he would demand of us? How great the inspiration he would receive if he were certain that we, too, were ready to make any sacrifice that he might the sooner return!

What surge of spirit would come to him and his companions if they knew that we are willing to submit to inconveniences, yes even hardships, to regimentation, encroachments on our liberty, that we are willing to work, without the incentive of time and a half or double time, that we are willing to follow the leadership of our elected or appointed officers with loyalty, realizing that on their shoulders rests the responsibility of guiding this nation to victory.

The sincerity of our dedication will be shown by the enthusiasm with which we do these things. If we meet our returning service men with our consciences clear, then the dedication of this Honor Roll will have been completed.

Let us look forward to that day of victory as they would wish us to, with confidence and with a smile, even though for some of us the smile may have to shine through tears.

REPORT OF THE FINANCE COMMITTEE

During the past year Mr. William M. Rand moved from Lincoln and in consequence tendered his resignation as a member of the Finance Committee. He had served on the Committee since it was first appointed in 1934. His interest in the affairs of the Town and his common sense approach to its problems have added greatly to our sound financial position. Mr. F. Winchester Denio has been appointed to fill the vacancy.

The Finance Committee has considered the Department requests for 1944. There appear to be no major changes of policy other than the presentation to the Town by the School Committee of the opportunity to establish a kindergarten grade. The Finance Committee believes that this new function of the schools should be undertaken only if the town so desires, and then only if there is a sufficient number of pupils to justify its maintenance. It is our understanding that this position is shared by the School Committee who presented it to the Finance Committee on that basis.

The Town is in a strong financial position. It is the belief of your Committee that the tax rate should be maintained at what might be termed a normal low, rather than use an unusually large amount of surplus cash to further reduce the rate at this time. The re-adjustment of the post-war period makes for an uncertain future when a substantial cash balance may be the means of saving us from a high tax rate. If the re-adjustment period is less severe than is anticipated, the cash balance will be very useful in providing a partial cushion for the capital outlay that always comes to a growing town.

The Finance Committee again recommends the purchase of bonds to provide a post-war reserve as authorized by the Legislature in 1943. We have inserted an article providing for such purchase for the following purposes:

Schools	$3,000 00	(Modernization of Toilets)
Library	1,000 00	(Additional Stack Room)
Fire Department	500 00	(Equipment)
Town Hall	500 00	(Heater)
Highway Machinery	1,000 00	(Mechanized Equipment)
	$6,000 00	

We recommend an increase in base pay for call firemen from $1.00 per hour to $1.25 per hour. While this compensation may seem to be high it must be remembered that they are called at any time, day or night, often when their fire duties conflict seriously with their occupation. About 75% of the fires require their presence for only an hour or so and in consequence their day is broken into for a period of short service. A further factor in this recommendation is that most of them use their own cars for transportation to and from the fires.

Your Committee has considered with great care the question of the Town's schedule of salaries in comparison with other municipalities and private industry, and particularly with reference to war-time cost of living. Last year the Town voted an increase in pay of 10% to its employees. This is in line with what other towns are doing, but we believe that our lower salaried employees are slightly below comparative schedules elsewhere. To correct this we recommend that, except for call firemen, a bonus of $2 per week, or that amount proportionately for part time, be granted to employees working for an hourly wage, or other employees working for comparative compensation. In considering this problem it should be borne in mind that the cost of the basic necessities of life have been largely stabilized and that the vast majority of our citizens who work for a fixed salary cannot receive any raise in compensation because of Government regulations. The fact that municipal employees are exempt from these regulations does not release the Town from the responsibility of establishing a reasonable salary schedule and at the same time doing its share towards the prevention of inflationary standards. So that the Town may consider this latter recommendation more clearly we have inserted it as a separate item.

Department	1943 Appropriation	Recommended by Finance Committee for 1944
Cemeteries	$1,020 00	$800 00
Election	75 00	200 00
Fire Department	2,265 00	2,500 00
Health	2,500 00	2,550 00

Tree and Moth	2,750 00	2,425 00
Bonus	0 00	1,125 00
Total	$117,063 00	$121,904 00
Water Works	$13,800 00	$14,240 00

*$1,000 00 from Overlay Reserve.

The following comments are made on major changes from the previous year: —

Election Expenses, — An increase of $125 due to the customary increase for the State election.

Highways, — A reduction of $590. This account showed a substantial unexpended balance for 1943 and we do not be-

lieve conditions of labor or material will change greatly in 1944.

Highway Machinery, — An increase of $675 for the purchase of tires and repair of power lawnmower.

Insurance, — An increase of $825.00. There was an unexpended balance of over $900.00 in 1943, due to the fact that the re-adjustment of the policy schedules was not completed in time to charge the additional premiums to the appropriation of last year. The high cost this year is due to the hold-over item, plus the costs of re-adjustment. After its completion the annual premiums should level off to approximately $1,900.00 a year.

Miscellaneous, — An increase of $1,237, due to the transfer of the charge for Selectmen's clerk from the Salaries Account to Miscellaneous. The item for "Salaries" will show a corresponding decrease.

Public Welfare, — A decrease of $500. Due to lowered estimate of welfare cases.

Aid To Dependent Children, — A decrease of $700. Due to a smaller number of cases.

Old Age Assistance, — An increase of $1,700. Due largely to the increase in payments called for by the legislation of 1943.

Salaries, — See remarks under Miscellaneous.

Schools, — An increase of $1,375. Due to an increase in salaries amounting to $1,669, $350 more for repairs, and a saving of $800 on High School Transportation.

Kindergarten Grade, — New item. Explained in our report.

Vocational Training, — An increase of $606. Due to a larger number of pupils.

Town Hall, — A decrease of $550. Due to a non-recurring item for alterations.

Bonus, — New item. Explained in Committee's report.

We wish to extend to all the Town Officers our appreciation of their co-operation in the preparation of their respective budgets.

Respectfully submitted,

F. WINCHESTER DENIO,
GEORGE G. TARBELL,
GUILBERT WINCHELL,
Finance Committee, Town of Lincoln.

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

The Old Age Assistance law, so called, was amended by Chapter 470, 489, 490, 506 and 512 of the Acts of 1943. Budgets for all cases were refigured to conform with the revised State standards.

During the year 1943, three new cases were approved for Old Age Assistance and one case, closed in 1942, was reopened. Four cases were closed, two because of death, one because of support from relative, and one for reason of discontinuance of residence in Lincoln.

On January 1, 1943, twenty-four cases were receiving aid. Total number of cases aided during the year is twenty-eight, settled as follows:

Lincoln 17, Other Cities and Towns 2, No Settlement 9. The twenty-four cases receiving aid on December 31, 1943, are settled as follows:

Lincoln 15, 8 No settlement, Other Cities and Towns 1.

Expenditures During Year 1943

To Other Cities and Towns	$361 41
Administration, supplies and travel	417 73
Aid to and in behalf of recipients	11,634 80
Total	$12,413 94
Federal Grants	4,958 31
Town Funds	7,545 63
Appropriation requested for 1944	$8,435 00

Very truly yours,

ANTHONY J. DOHERTY,
JOHN J. KELLIHER,
OTTO HAGMANN.

ASSESSORS' REPORT

The Board of Assessors submit the following report for the year 1943.

Computation of Tax Rate

Town appropriations to be raised by taxation	$114,853 00

WARWICK V. HARRIS,
Treasurer.

AUDITOR'S REPORT

I have examined the books and accounts of the officers entrusted with the receipt, custody, or expenditure of money and find that the reports of these officers to the Town are correct.

I have verified the cash balance of each of such officers by reconciliation of bank balances and account of cash.

Following you will find a report of all the money paid out by the Town Treasurer on order of the Selectmen of Lincoln.

JAMES W. LENNON,
Auditor.

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxations
Division of Accounts

April 30, 1943.

To the Board of Selectmen:
Mr. Sumner Smith, *Chairman*
Lincoln, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Lincoln for the period from February 26, 1942, to January 13, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Lincoln for the period from February 26, 1942, to January 31, 1943, and submit herewith the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined and checked.

General ledger accounts were compiled from information obtained in auditing the several town departments, the appropriations as voted by the town were listed from the town clerk's records of town meetings, the charges against the appropriations were checked, and a balance sheet showing the financial

condition of the town as of January 31, 1943, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The cash book additions were verified and the recorded receipts were compared with the records of the departments making payments to the treasurer. The payments by the treasurer were checked with the selectmen's orders authorizing the treasurer to disburse town funds, and the cash balance on January 31, 1943, was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash on hand.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The custom of making petty cash advances for highways should be reduced to a minimum, since under the provisions of Section 35, Chapter 41, General Laws, no person other than the town treasurer may pay any bill of any department.

The savings bank books and securities representing the investments of trust funds in the custody of the town treasurer, the trust fund commissioners, and the library trustees were examined and listed. The income was proved and the receipts and disbursements were verified.

The books and accounts of the library treasurer were examined and checked in detail. The recorded receipts and expenditures were verified, and the cash balance on February 26, 1943, was proved.

The books and accounts of the collector of taxes were examined and checked. The tax accounts outstanding at the time of the previous examination and all subsequent commitments of poll, property, motor vehicle excise taxes, and water accounts receivable were audited. The abatements were checked to the records of abatements granted, the payments to the treasurer were compared with the treasurer's books, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received

thereto indicating that the outstanding accounts, as listed are correct.

The receipts of the town clerk from dog licenses and from sporting licenses were checked with the stubs on file.

The payments to the State and to the town treasurer were checked with the receipts on file and with the treasurer's cash book.

The records of the building inspector were examined and checked. The cash balance of $74.50 as of January 31, 1943, should be paid into the town treasury.

The books and records of all other departments collecting money for the town or committing bills for collection were examined and checked, and the payments to the treasurer were verified by comparison with the treasurer's record of receipts.

The surety bonds of the several town officials required by law to furnish them were examined and found to be in proper form.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and tax collector's cash, summaries of the tax and tax title accounts, as well as tables showing the trust fund transactions.

While engaged in making the audit, cooperation was extended by the several town officials, for which, on behalf of my assistant and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

REPORT OF THE SUPERINTENDENT OF STREETS

Board of Selectmen:

Gentlemen:

In the early months of 1943 we had only a moderate amount of snow and ice which was handled the customary way.

During the summer our main work was tarring the roads, grading and resurfacing of Grasshopper Lane and Beaver Pond Road.

Another improvement was the widening of Storrow's hill and putting up guard post on Baker Bridge Road.

Chapter 90 work was limited to maintenance. We cut the brush, scraped and cleaned up the roads and painted the fences.

Our equipment is in reasonably good condition and with good care it will probably last for the duration.

Respectfully submitted,

THOMAS COAN,
Superintendent of Streets.

REPORT OF WATER COMMISSIONERS

The Board organized with the choice of Sumner Smith, Chairman. Mr. Roland F. Beers was appointed to act for Mr. Sidney G. MacRae now in the U. S. Army.

Due to war conditions the work of the Department during the year was mostly routine. Difficulty is still being experienced with the gates. The gaskets on top of the gates as usual gave way and it was necessary to dig out four gates during the year.

The water level in Sandy Pond rose somewhat during the year. On December 30, 1943, the pond was 2.50 feet below full pond level. This is slightly lower than at the same time in 1942.

The Board itemizes the following budget estimate for the year 1944:

Power	$2,500 00
Salary	1,225 00
Census	100 00
Bond payment	5,000 00
Interest	312 50
Maintenance and Repairs	1,500 00
Test wells	1,000 00
Chlorinator	1,200 00
Maps	200 00
Legal	100 00
Miscellaneous	100 00
Heating Plant	1,000 00
Total	$14,237 50

Respectfully submitted,

SUMNER SMITH,
JOHN H. KELLIHER,
ROLAND F. BEERS,
Water Commissioners.

Statistics

1. Pipe now in use, 29.19 miles
2. Number of hydrants now in use, 170.
3. Number of stop-gates now in use, 256.
4. Number of blow-offs now in use, 27.
5. Range of pressure on mains, 40-100 lbs.
6. Total gallons pumped, 1,097,102.00
7. Number of services added, 0.
8. Number of services renewed, 6.
9. Number of services now in use, 504.
10. Number of meters now in use, 15.

REPORT OF THE BOARD OF HEALTH FOR 1943

To the Board of Selectmen:

At the town election in March, 1943, Mr. H. Bigelow Hills was elected a member of the Board of Health for one year and Mr. Robert H. Brinkerhoff for three years.

On March 22 the first meeting of the new Board was held. Dr. DeNormandie was elected Chairman, Mr. Hills was elected Clerk and Mr. Brinkerhoff was appointed a member of the Nursing Committee. Mrs. Ober was appointed by the Board as its agent. Mr. John J. Kelleher was nominated inspector of slaughtering, the appointment later being confirmed by the State Department of Public Health.

Seven licenses were granted for the transportation of garbage through the town.

The following piggeries were licensed: Manuel Silva, 500; Louis Dean, 500; Boyce Brothers, 100; John Wilson, 100; E. S. Coburn, 75; John McHugh, 50; Nicholas Cotoni, 50.

During the year one piggery was discovered to be operating without a license. It was inspected and was found to be in bad condition. The license was held in abeyance until the owner could show that the place was cleaned up. The Board is still dissatisfied with its condition and no license has been issued.

On June 15 the Supreme Court handed down a decision sustaining the verdict of the Superior Court in regard to the Murphy piggery. All the pigs were finally removed from this piggery on December 24.

The medical officer in charge of the Bedford Airport has complained to the Board of the fly nuisance at the Airport, stating that it is believed that the flies come from the piggeries surrounding the Airport. The Board inspected the piggeries in North Lincoln with this officer. They were without exception very dirty. Several had more pigs than their licenses permitted, and the accumulation of garbage and filth was most disconcerting. All owners must make a greater effort to keep their places clean in order to reduce the number of flies. With

care and with added help, the fly nuisance can be abated. The Board will insist during the coming year on stricter adherence to its regulations.

The license granted to Mr. Alvin E. Fernald to have two trailers on his property was extended until July 1, 1943.

Licenses for the sale of milk were granted to 9 dealers and to 5 stores.

The clinic for the inoculation of dogs against rabies was held on July 17, and 101 dogs were inoculated.

The following diseases dangerous to the public health were reported during the year: Measles 19, whooping cough 26, chickenpox 8, scarlet fever 6, German measles 9, syphilis 1, influenza 1, dogbite 5.

The Well Child Conferences have been held each month. There were 46 new cases and 47 old cases, with a total attendance of 183. Forty-one children were vaccinated, 18 were inoculated against tetanus and 10 children have been given the combined diphtheria and tetanus toxoid. The Board considered giving inoculations against whooping cough, but on Dr. Davies' advice, because of the fact that frequently there is a marked reaction following the use of this vaccine, it was decided not to attempt it this year.

With Dr. Davies as busy as he is, we are more than ever grateful for his continued care of the children.

Respectfully submitted,

ROBERT L. DeNORMANDIE, M.D.,
ROBERT H. BRINKERHOFF,
H. BIGELOW HILLS, *Clerk*.

REPORT OF CEMETERY COMMISSIONERS

The care given our three Cemeteries in 1943 was limited to the amount of labor we could get, and the same conditions will probably apply to the coming season. However, we feel that a decided improvement has been made in the New Lincoln Cemetery with the removal of the old iron posts being replaced with granite posts set level with the ground and having the number of the lot cut on them. We propose doing more of this work each year as it will not only improve the general appearance of the grounds, but in addition it will reduce the cost of future maintenance because of the fact that the boundary posts are set level with the grade so they will not be in the way of the lawn mowers in the green cutting.

In buying the granite posts we asked bids from several granite cutters and were able to purchase them at a reasonable cost.

During the past year a total of thirteen burials were made. Eleven were in the New Lincoln Cemetery and two in the Arborvitae. Three lots were sold bringing an income of $175.00 which was turned over to the Town Treasurer and deposited in the Cemetery Fund.

For 1944 we are asking an appropriation of $800.00 which is $220.00 less than last year anticipating that we shall be unable to get the needed labor to care for the cemetery as in past years. It shall be our earnest endeavor, however, to maintain the grounds in reasonable order and to plan for further improvements when conditions get back to normal. The trees and shrubs can be helped considerably by cutting out dead wood and prunning, and the roadways should be properly drained and graded.

There have been complaints that Lincoln Cemetery is hard to find, and we believe that the entrance could be greatly improved and some means of identification made so that anyone passing would recognize it as the Town Cemetery.

It may not be generally known that every resident of Lincoln has the right to purchase a lot in the New Lincoln Ceme-

tery and it is our judgment, that in every family a burial lot is an essential part of their possessions. Lots may be purchased for as low as $100.00 in a naturalistic setting which the larger cemeteries of the cities do not have.

Respectfully submitted,

JOHN F. PETERSON,
GEORGE E. CUNNINGHAM,
ROBERT D. DONALDSON.

REPORT OF THE LINCOLN FIRE DEPARTMENT

Board of Selectmen,

Gentlemen:

The Board of Fire Engineers herewith submit their annual report for the year ending December 31, 1943.

Force

The Department consists of the following: Chief, seven Engineers, fifteen call men and twelve auxiliary firemen.

Apparatus

The apparatus belonging to the Department is as follows: one 600 gallon pump, one combination 500 gallon pump and forest fire truck, one 350 gallon pump and forest fire truck. The Department also has two Foam extinguishers, nine ladders, 3,200 ft. of 2½ in. hose, 400 ft. of 1½ in. hose, 2,300 ft. of 1 in. hose. Booster tanks on trucks carry 560 gallons of water.

Pump No. 1 and the Combination Pump and Forest Fire Truck No. 3 are stationed at Doherty's Garage, South Lincoln.

Combination Pump and Forest Fire Truck No. 2 is stationed at Tracey's Gasoline Station, North Lincoln.

Fires

During the year 99 calls have been answered; 65 Grass and Wood, 7 Building, 17 Chimney, 1 Car, 8 other calls and 1 Out of Town.

The Engineers, call men and auxiliary firemen have answered all Civilian Defense calls and the Fire Department has co-operated and received emergency calls at all hours.

Expenditures

Storage	$600 00
Gas, Oil and Supplies	65 92
Edison	68 25
New Eng. Tel. & Tel.	73 76
Labor	1,088 50
Printing	7 00
New Equipment	104 39
	$2,007 82

This Department is very much handicapped with the lack of man power and asks that the townspeople exercise great caution and observe the law requiring a permit for all out of door fires.

Respectfully submitted,

MATTHEW H. DOHERTY,
JOSEPH TRACEY,
JOHN J. KELLIHER,
A. J. DOUGHERTY, Jr.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE

1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire or responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm,** nor drive said vehicle or park or leave the same unattended within **six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars (Approved April 28, 1926.)

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

NURSING COMMITTEE REPORT

During the year 1943 the Lincoln Community Nurse has made 1,667 calls, subdivided as follows: Medical 723, Surgical 386, Pre-natal 34, Board of Health 32, Social Service 110, Child Welfare 333, Out-of town Trips 49. For these calls she has collected the sum of $139.00, which sum has been paid to the Town Treasurer.

While Mrs. Ober was absent on her vacation during the summer, her work was carried on by Miss Dorothy Bates, R. N., as substitute Community Nurse.

This report does not include Mrs. Ober's activities as School Nurse, which are covered in her report.

SUSAN LENNOX BRIGGS,
ROBERT H. BRINKERHOFF,
EMILY K. KUBIK.

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen:

Gentlemen:

I hereby submit my report as inspector of Animals for the year 1943, quarantined 4 dogs. They showed no signs of rabies and were released in 14 days.

Respectfully submitted,

D. E. SHERMAN,
Inspector of Animals.

REPORT OF TRUSTEES OF THE LINCOLN LIBRARY

The Trustees submit herewith the reports of the Treasurer and of the Librarian. The report of the Treasurer shows a material reduction in receipts on account of Trust Funds. This is because of the re-investment of some funds in United States Bonds with a consequent change of interest rates so that part of the income normally received in 1943 will be received in 1944.

The stack-room has reached the limits of its capacity. By shifting some of the books to the attic or cellar we can probably continue with the present space for the duration of the war. By then it is obvious that an increase in the facilities for storing books will be a necessity. We believe that it would be wise for the Town to purchase one thousand dollars in bonds as a post-war reserve for this purpose.

The war has brought to all communities a youth problem, the seriousness of which seems to be variable in different cities and towns. In the Library there is a marked increase in the thoughtless behavior of some of the younger generation. The Trustees welcome them to the Library. Indeed we urge them to make the fullest possible use of its facilities, both as a library and as a social center; but we must ask them to be more considerate of others who expect a reasonable degree of quiet and lack of turmoil in and around the building. We hope that all parents will bring this to the attention of their children and will assist us in correcting a situation that has become unpleasant.

The Trustees ask for an appropriation of $1,632 for the year ensuing.

We wish to thank the following who have made donations to the library during the past year.

List of those who have given books or magazines to the Library in 1943:

Mrs. T. M. Ballit
Mrs. H. S. Bean
Mr. C. V. Briggs
Misses Campbell
Mr. J. Chapman
Concord Library
Mrs. R. D. Donaldson
Mr. R. T. Eaton
Mr. E. R. Farrar
Mrs. D. T. Finlayson
Mr. W. B. Fletcher
Miss M. Ford
Mr. H. B. Hills
Mrs. L. Larrabee
League of Women Voters
Mrs. R. S. Meriam
Mr. H. Peirce
Mr. H. Potter
Mr. C. C. Sawtell
Mrs. J. L. Snider
Mr. H. L. Van Leer
Mr. and Mrs. J. H. Wilkins

Respectfully submitted,

JAMES DeNORMANDIE,
ROLAND C. MacKENZIE,
SUMNER SMITH,
GEORGE G. TARBELL,
C. LEE TODD.

Library Statistics

Number of volumes, January 1, 1943	13,590
Number of volumes added by gift	65
Number of volumes, purchased	312
Number of volumes withdrawn	88
Total, December 31, 1943	13,879

Circulation

Number of days library was open	103
Number of volumes of fiction lent	4,173
Number of volumes of non-fiction lent	2,232
Number of children's books lent	5,205
Number of periodicals lent	817
Total number of volumes circulated	12,247

Note: The figures show a drop of 828 in the three adult reading classes, fiction, non-fiction, periodicals, offset by an increase in children's reading of 768. The school has borrowed no home-room collections this year, presumably on account of a complete change in personnel. We hope they will resume the practice.

REPORT OF THE PLANNING BOARD

Board of Selectmen,
Gentlemen:

This year's Planning Board organized with H. Peirce as chairman and C. K. Fitts as secretary. Due to demands of personal business, Mr. Fitts resigned in November from the secretaryship and W. E. Lovejoy was chosen to fill the office.

The Board has had only one application for subdivisions during the year. Mrs. M. S. Henderson applied for a relocation from a previously approved subdivision of certain lot lines thereon. A public hearing was advertised and held on April 12, 1943, when approval was granted to the revised subdivision.

Much of the years work was devoted to a study of the existing Zoning By-Laws for the purpose of clarifying and correcting defects that have appeared since its adoption. The Board is of the opinion that the Zoning By-Laws are a very definite factor in the molding of the future character of the town. These By-Laws determine to the degree to which Lincoln shall be kept a purely residential town and, therefore, the type of citizen which will be attracted to its environment. The Zoning By-Laws, have to the present, produced good results and the Board found little to criticize. Its findings are presented to the town for its enactment.

In reviewing the town, the Board sees little to suggest. For its population, the school system, the fire system, the highways and the public buildings appear to be adequate to take care of the town's present requirements. However, repairs, expansions and improvements will occur and, not only in advantage to the town, but also in accordance with the National Post-war Program of Employment, any such contemplated activities should now be thoroughly considered for the future.

The Board is of the opinion that to be an up-to-date town, Lincoln will some day require an official map. The demand for this map may not be urgent at the present time, but as the town ages and new residents appear, the need will be more and

more apparent. Such a map, or system of maps, to be of most efficient use, should be flexible in form and should be of sufficient scale to clearly locate highways, buildings, property lines and other pertinent data. This kind of map should cost not more than $15,000, and can be done over a period of years, on a pay as you go policy, without requiring any large annual expenditures from the town. The Planning Board urges that the town obligate itself to the preparation of such a map, devoting some money each year to be used on the project.

Respectfully submitted,

HAYWARD PEIRCE,
CHARLES K. FITTS,
WALTER E. LOVEJOY,
ROBERT D. DONALDSON,
JOHN O. WILSON.

REPORT OF BOARD OF APPEALS FOR YEAR 1943

To the Board of Selectmen:

Gentlemen:

Other than occasional inquiries made relative to certain provisions of the By-Laws, and their application to particular conditions, your Board reports that no Petitions or Applications have been presented for its consideration during the present year.

Respectfully submitted,

BOARD OF APPEALS, TOWN OF LINCOLN,
By ANTHONY J. DOHERTY,
Clerk.

REPORT OF WORK OF MIDDLESEX COUNTY EXTENSION SERVICE

This is a report of the work of the Middlesex County Extension Service in the town of Lincoln for 1943.

Because of war conditions, the Staff of the Extension Service had to devote a great deal of time this year to overhead organization work pertaining to machinery rationing, food distribution orders, farm labor and other regulations, as issued by our Government, and establishing the number of war units on certain farms for Selective Service boards. An attempt was made to see to it that these regulations were explained and applied to local conditions.

Lincoln poultrymen have been sent information on price ceilings, the feed situation, and other emergency policies. Also, they have been sent circular material on up-to-date production practices. They have been advised concerning keeping records, improving ranges, disease control, and reducing wastes. Many have been visited concerning specific problems.

Farm management problems were discussed with individual farmers, also liming and fertilizing pastures for increased feed production. Farmers have been advised on growing alfalfa, and the Massachusetts State Experiment Station has co-operated in a special pasture seed mixture experiment.

Co-operation was given the Victory garden committee and the fall judges were furnished for the Harvest Show.

In co-operation with Civilian Defense Woman's Chairman, Miss Ruth Lyons, a community program, of three canning demonstrations, was arranged to assist homemakers with their canning.

16 boys and 21 girls were enrolled in 4-H club work carrying on activities in gardening, canning, poultry, dairy and pig raising. Club work was carried on under the general supervision of Mrs. Gilbert Winchell. Local leaders were Mrs. Hans Van Leer, Mrs. Ethan Murphy, Mrs. Harold Sears.

A. F. MacDOUGALL,
Director.

REPORT OF TREE WARDEN

The work on the trees has been carried on as in previous years, removing dead trees, dead limbs and limbs obstructing the highways. The brush was also cut along highways where it interfered with public travel. As we have a good many miles of very narrow roads in Lincoln, our work cannot be confined to any one section, but we do try to keep our highways passable and safe for the general public.

The spraying for the Elm Leaf Beetle was very effective this year, and the results attained were very encouraging. We shall have the beetle with us for some years to come and it will be necessary to spray the Elm trees thoroughly and as early as possible. The usual work of creosoting nests and spraying our roadside trees has been carried on against the Gypsy Moth with very good results.

The expenditures this year was $1,924.24 and it is recommended that $2,425.00 be appropriated for Moth and Tree in the year 1944.

Respectfully submitted,

JOHN J. KELLIHER,
Tree Warden.

1943 LINCOLN PLAYGROUND REPORT

At the Annual Town Meeting the town appropriated the sum of $450.00 as recommended by the Finance Committee, for the 1943 Summer Playground and the Selectmen were authorized to appoint a committee of three to care for the necessary detail.

The Committee felt that they were extremely fortunate to again secure the services of Mr. James Dudley who has made the Playground so very popular for the past summers.

There was a ten-week program of tennis, softball and baseball for both boys and girls. Approximately three hundred children a week were supervised and instructed during the summer. Baseball and softball programs consisted of both practice sessions and games. Tennis instructions were concluded with a tournament for children and adults. The response was so great that it was found necessary to appoint a part-time assistant.

Owing to the absence of semi-professional baseball in Lincoln during the summer a novel program of twilight baseball games involving boys and men was tried out. These teams played two nights a week throughout the summer and were very successful from a baseball point of view as well as bringing together the boys and men of the town.

Twenty-three children signed up for 4H Club work including gardening, canning and raising livestock. In the fall the Lincoln Garden Club, Victory Garden Committee and the Grange held a Victory-Harvest Festival. The 4H Club was invited to exhibit at this show. Many fine vegetables, nice canning and good looking livestock were entered. Prizes were awarded in each group. The Playground Committee feels that the children acquired much experience and knowledge through this project and that it should be continued this summer.

Under the supervision of Mr. Taunton regular weekly rehearsals of the school band were held during the summer, also individual instructions were given every Tuesday on any instrument including the piano. This program was very well

attended and many expressions of appreciation came to the Committee from the parents.

Our plans for 1944 call for a program similar to that of last year with the addition of a town-wide tennis tournament in mid-summer. The Committee is asking an additional $50.00 to take care of extra equipment needed to cope with the ever increasing number of children.

Upon the suggestion of several parents of young children we would like to recommend the construction by the town of a few swings, a Jungle Gym, etc., as soon as it is possible, on the playground.

Respectfully submitted,

ELIZABETH DOHERTY,
EVELYN WINCHELL,
ETHAN MURPHY.

REPORT OF COMMITTEE ON PUBLIC SAFETY

Conditions within the European War area have created a far different picture as it affected the Committee on Public Safety during 1943, as against the problems we were faced with a year prior. At one time we were faced with the possibility of enemy invasion — whereas, that seems now to have dimmed into the realm of unprobability.

Our emphasis was primarily on building a Protection Division and this resulted in a large number of our citizens being properly trained to handle any condition that might arise. That work was completed and we have had a certain number of trials during the year to make the Division more efficient in carrying out their duties. The dimout was withdrawn during the year and exercises are at a minimum. While the number of personnel has been somewhat reduced and the feeling of security may have lessened interest, we still feel that we are able to cope with any emergency whether or not strictly within the duties of the Committee and that our personnel would willingly respond.

The duties of the War Services Division have increased during the year and the Division has functioned splendidly with a great deal of time being given by many people. In the spring — a survey of Victory Gardens and the need for canning information was made. It showed that there was a desire for help and a special committee functioned in this regard. Three canning demonstrations were held with an average of sixty people attending.

The results of gardeners and canners were shown at a fall exhibit sponsored by the Garden Club and Committee jointly.

Due to the difficulty in getting information to the people of the town where no local newspaper is available, a bulletin was published which contained not only items of our own but those pertaining to Red Cross, Ration Boards, etc. Four issues have gone out and we hope they have served a useful purpose.

The Salvage Committee has done well a job that called for many hours of labor and untiring effort. Sixty-six tons of scrap iron were collected and turned over to salvage dealers. Receipts from the sale went into the Town Treasury.

We have likewise collected tin cans from depots located throughout the Town and have obtained over six tons.

Scrap paper drives have been handled entirely by the Boy Scouts. The boys have not only made a worthwhile contribution to the war effort but have also helped sustain financially their own organization without an appeal for contributions. During 1943 they salvaged fifteen and one-half tons.

For the year 1943 the town appropriated $600.00 for the use of the Committee and our expenses are listed below:

Supplies	$120 57
Printing and Forms (Bulletin)	204 09
Medical Centre	124 05
Rent (Legion Hall — Aux. Police)	20 00
Map	16 94
Property Officer's Bond	5 00
	$490 65

The town has received at no cost two gasoline driven pumps, mounted on trailers, complete with hose equipment, etc.

Respectfully submitted,

LINCOLN COMMITTEE ON PUBLIC SAFETY,

WILLIAM N. PAGE,
Chairman.

REPORT OF THE LINCOLN SCHOOL COMMITTEE for the Year 1943

We submit herewith our Annual Report covering the year 1943.

Changes in program and personnel have occurred in almost every part of the School System. Supt. Carl F. Halloran resigned on January 31, 1943, to become Superintendent in Canton, Mass. The Committee appointed Mr. Frank Castles, Acting Superintendent.

In accordance with the Harvard Survey, steps were taken to form a Superintendency Union with Concord, details of which are reported by the Superintendent.

Mr. H. Paul Larrabee was appointed Union Superintendent for three years at a salary of $5,000.00. Of this amount, $1,000.00 is Lincoln's share.

Mr. Clark Dexter was appointed Principal of the Lincoln Schools. He was formerly Principal of the Hardy School in Wellesley and more recently has been teaching in the Brookline system. Mr. Dexter fortunately was able to begin his duties here early last spring and became thoroughly acquainted with our School problems. For this reason we had no difficult transition period this past autumn.

With the exception of Mrs. Doherty, Miss Powers and Miss Burns in Grades one, two and three, we have a completely new personnel. Mrs. Ennis is assisting Mrs. Doherty in the first grade where together they are successfully working out the problems of adjusting a large group of children to school conditions. The Superintendent's report gives details of other faculty changes.

Mr. William Harrington resigned as Custodian of both school buildings early in the autumn and has been replaced by Mr. Edgar Browning and Mr. Andrew Wheeler in the Center and South Schools respectively.

While the transition from one personnel to another is always upsetting in a school system, we feel that full credit should be

given to Mr. Larrabee and Mr. Dexter for the success, both apparent and real, of the changes that have been made.

In accordance with the Harvard Survey, Mr. Dexter is spending considerable time teaching and in order that the work of the Principal's office may be carried on smoothly, Miss Wilda Murray has been appointed Clerk.

The financial bookkeeping of the Committee has been revised and brought into conformity with State requirements and modern school practice.

The new heating system at the Center School is working out satisfactorily. The fire escapes were repainted and the flag pole repaired. One classroom and the entire hallway were repainted.

Expenses for tuition now amount to approximately one-quarter of the entire School budget, but the Committee wishes to emphasize again how fortunate the town is to be able to take advantage of the excellent facilities of our neighboring cities and towns for High School instruction. We could not hope, except at exorbitant cost, to provide teaching and equipment of similar quality for our relatively small group should we have our own High School.

The Committee has voted to establish a kindergarten beginning next September which will be available to children who have reached the age of five years on or before January 1, 1945, subject of course to the approval of the School budget. It is our opinion that there should be a registration of approximately twenty children to make such a kindergarten worthwhile and to justify the expenditure of the required funds for teaching and equipment. It must be realized that absences will inevitably reduce the actual attendance during winter months. It is planned to use the so-called Cooking Room in the Center School for this purpose. It is bright and sunny and adequately warm now that Univents have been installed. Children will be transported to kindergarten by the regular school busses on the morning trip but parents will be expected to call for them at the close of the kindergarten day, around noontime.

It is our firm belief that the changes of the past two years have laid a solid foundation for the future development of a

school system in which parents may have confidence and of which all townspeople will be proud.

Please accept our sincere appreciation for the close co-operation received from town groups and parents during the past year.

The Committee also wishes to compliment Mr. Larrabee on the quality of the teachers whom he has recommended and for the smoothness with which recent changes have been made.

Respectfully submitted,

JAMES DeNORMANDIE,
SUSAN L. BRIGGS,
WILLIAM N. PAGE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Lincoln, Massachusetts.

I herewith submit my first annual report as Superintendent of Schools in Lincoln.

Superintendent Carl F. Halloran resigned on January 31, 1943, and I was appointed acting Superintendent beginning February 1, 1943. The School Committee of Lincoln and Concord met on April 15, 1943, and organized a joint School Committee for the supervision of the schools of the two towns. The establishment of a union was approved by the State Department of Education, and the union was organized as provided in the General Laws, Chapter 71, Section 63. The joint School Committee for one year beginning April 15, 1943, is composed of Mr. Harold Tompkins, Chairman; Mr. William N. Page, Secretary; Miss Mary E. Harrington; Mrs. Susan L. Briggs; Mr. James DeNormandie; and Rev. Edward P. Daniels.

The following regular teachers left the service of the Lincoln School Department during the past year: Elizabeth A. Sanborn, May V. Loring, Dorothy E. Davis, Florence E. Wheeler, and Frank P. Castles. Mr. Edward McGonigle is on military leave of absence.

We have been particularly fortunate in obtaining replacements. The new teachers are, in every case, of sound training and experience. The faculty has proven to be competent, co-operative and congenial. I have been impressed with the fine spirit which prevails in both schools.

Under the arrangement of a union Superintendent it was decided to employ a full time Principal, whose duties would be to supervise both the Center School and the South School. The establishment of the position has been a most satisfactory arrangement. In procuring the services of Mr. Clark L. Dexter, we obtained a man who was admirably suited to the duties of Principal in Lincoln.

Beginning in September, 1943, classroom instruction in Art was begun under the direction of a special supervisor. This

program has advanced rapidly, and will show real dividends in appreciation, as pupils year after year, have opportunities in Art made available to them.

During the past year, many obsolete basic books have been replaced by new text books. Numerous other modern tools of learning have been introduced, which have given a progressive atmosphere to the schools

A testing program was instituted in June, 1943, in order to survey in a general way, the standing of the Lincoln children. The results were highly satisfactory. In planning the program for September we endeavored to take into consideration the results of these tests.

The results were as follows:

	Reading		Arithmetic	
Grade	Normal	Lincoln	Normal	Lincoln
1	1.8	2.0	..	..
2	2.8	3.5	2.8	3.3
3	3.8	4.6	3.8	4.0

8	8.8	9.5	8.8	7.6

	Language		Spelling	
Grade	Normal	Lincoln	Normal	Lincoln
1	..	..	..	..
2	2.8	3.2	2.8	3.1
3	3.8	4.0	3.8	3.8
4	4.8	5.1	4.8	4.7
5	5.8	6.6	5.8	5.5
6	6.8	7.4	6.8	6.8
7	7.8	8.7	7.8	9.0
8	8.8	8.5	8.8	8.1

Note: The whole number signifies the year, and the decimal the month *i.e.* 3.5 would mean the fifth month of the third grade.

You will note that the Lincoln pupils were above the average in every grade in Reading, which subject, is the most important in the elementary program. Variations under the average occurred in a few grades in Arithmetic, Language and Spelling, but in most of these cases the variations amounted to only a few months retardation.

I think it might be well to measure our progress in terms of the recommendations set forth in the Harvard Survey, as published in last year's town report. These recommendations with my own observations follow:

(1) That no High School be constructed in Lincoln now or in the forseeable future.

This conclusion, I am sure is correct. The proximity of Lincoln to good secondary schools in Waltham, Weston, and Concord affords opportunities which could not be offered in a High School designed for a small enrollment.

(2) That Lincoln schools be organized on the 8-4 basis.

Lincoln has adopted this arrangement, sending pupils out of town, beginning in the ninth year.

(3) That Lincoln plan to enter a Superintendency union not later than July 1, 1943.

This recommendation has been adopted.

(4) That after the union superintendency is established, a teaching Principal be employed to advise and organize the educational program.

This recommendation has been adopted.

(5) That teachers who are specially trained in Home-making, Industrial Arts and Music be employed as the natural turnover of teachers occurs.

This recommendation has been followed during the past year in the case of Music, however, a special Supervisor for Art was engaged. It was believed that the Home-making and Industrial Arts work could well wait until the children entered the ninth grade in some larger secondary school, where the facilities for teaching special subjects are more adequate.

(6) That the position of "remedial teacher" be abolished.

This recommendation has been adopted.

(7) That under the union superintendency plan, an office clerk for full or part time work be employed.

A full time clerk has been employed, and has proven to be an efficient addition to the Department.

(8) That planning be begun for the post-war construction of a combination gymnasium-auditorium at the Center School

with which would be combined shower room, health offices and cafeteria.

No action has been taken on this matter. However, I am in complete accord with the recommendations and I suggest that the Town provide ways and means for a preliminary investigation of this project at an early date. To the proposal of the Harvard Survey, I would add two classrooms, a kindergarten and a Principal's office.

(9) That the South and Center Schools be consolidated as soon as possible.

This consolidation would take place, I assume, when the proposed building project at the Center School materializes.

(10) That the School Committee plan to reduce transportation costs through the reorganization of the present bus routes.

This program, outside of minor adjustments which were made this year, cannot be materially changed, and continue to offer bus service in all parts of the Town. This matter will be left, as is, until after the war.

The School Committee has voted to establish a kindergarten in the Center School beginning in September, 1944. The entrance age is to be five years old January first following the September entrance. This Kindergarten will be operated from 9 A.M. to 12 noon. Parents will be required to transport their children home at noon.

The entrance age for Grade One will remain the same as in former years, six years January first, following the September entrance.

I wish to express to all the teachers and employees my appreciation for their services and for the good work which is being done.

It has been a pleasure to work with the School Committee and citizens of Lincoln. All have exhibited a vital interest in the welfare of the children of the Town.

Respectfully submitted,

H. PAUL LARRABEE.

REPORT OF SCHOOL NURSE

To the School Committee of Lincoln:

A report of school nursing for the year ending December 31, 1943, is hereby submitted.

Schools have been visited daily. There have been 287 office calls for treatment or advice; 39 pupils have been taken home; 161 home visits made to check on absent pupils; and 12 visits made with pupils to a doctor's office or hospital clinic.

I assisted our school physician, Dr. Benjamin Wood, of Waltham, with the yearly physical examination of each pupil and weighed and measured each pupil at least three times during the year. Scalps were examined frequently.

I assisted the teachers with the test of vision and hearing. A few re-tests were necessary, and any defect was reported to the parents who were very co-operative.

The children entering the first grade attended the Well Child Clinic 98%; were weighed and measured, there given vision test and physical examination by Dr. John A. V. Davies of the Children's Hospital, Boston.

All first grade pupils have had toxoid inoculation, Shick test, and vaccination.

Three pupils were taken to Middlesex Sanitorium for the Von Pirquet test and X-Ray.

I was very sorry to discontinue the Dental Clinic, our dentist, Dr. Spencer Taylor, of Lexington, resigned to enter the U. S. Army.

Our year has been a very healthy year with comparatively few contagious or communicable diseases among our pupils.

Respectfully submitted,

MARIAN N. OBER, R.N.,
School Nurse.

NOTICE

Business Meeting, Monday, March 6, 1944 at 7:30 P.M.

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the Transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the sixth day of March next at 7:30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the eleventh day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested, in each of the Post Offices, and in some other public place in said Town seven days at least before the sixth day of March next:

The polls for voting the Australian ballot on Saturday, March eleventh, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers, and any other Officers required by law, to be elected by Australian Ballot, viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Selectmen

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Selectmen

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Department, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Selectmen

Article 5. To appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Selectmen

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1944, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Selectmen

Article 7. To see if the Town will vote to raise and appropriate the sum of $6,000.00 for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, or take any action relative thereto.

Finance Committee

Article 8. To see if the Town will appropriate the sum of $1,345.29 to pay to the County of Middlesex, as required by law, the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1943 or take any action relative thereto.

Selectmen

Article 9. To see if the Town will appropriate the sum of $500.00 to repair a large window frame and adjacent brick work on Mr. De Cordova's home or take any action on the matter.

Selectmen

Article 10. To see in what manner the Town will vote to observe Memorial Day or take any action relative thereto.

Selectmen

Article 11. To see if the Town will appropriate $350.00 to prepare plans to meet the growing needs of the Lincoln Schools, appoint a committee or take any action relative thereto.

School Committee

Article 12. To see if the Town will accept the following provisions of Chapter 133 Acts of 1938 or take any action thereto.—

Section 1. Chapter forty of the General Laws is hereby amended by inserting after section twenty-seven, as appearing in section one of chapter two hundred and sixty-nine of

the acts of nineteen hundred and thirty-three, the following new section: — *Section 27A. After acceptance of this section* as provided in section four of chapter four, no proposed ordinance or by-law making a change in any such existing ordinance or by-law, which has been unfavorably acted upon by a city council or town meeting, shall be considered on its merits by the city council or town meeting within two years after the date of such unfavorable action unless the adoption of such proposed ordinance or by-law is recommended in the final report of the planning board or selectmen required by section twenty-seven.

Section 2. Said chapter forty is hereby further amended by striking out section thirty A, as appearing in said section one of said chapter two hundred and sixty-nine, and inserting in place thereof the two following new sections: — *Section 30A. After acceptance of this section* as provided in section four of chapter four, no appeal or petition under paragraph 3 of section thirty for a variance from the terms of such an ordinance or by-law with respect to a particular parcel of land, and no application under section thirty for a special exception to the terms of any such ordinance or by-law, which has been unfavorably acted upon by the board of appeals shall be considered on its merits by said board within two years after the date of such unfavorable action except with the consent of all the members of the planning board, or of the board of selectmen in a town having no planning board.

Section 30B. The superior court shall have jurisdiction in equity to enforce the provisions of sections twenty-five to thirty A, inclusive, and any ordinances or by-laws made thereunder, and may restrain by injunction violations thereof.

Planning Board

Article 13. To see if the Town will make the following revisions and additions to the Zoning By-laws, or take any action relative thereto:

Section 5.

(f) Add after the word "owner" the words "If a resident of Lincoln."

Section 12.

Add after the word "dwelling" the words "a minimum frontage of 120 feet on the line of way, and"

Section 14.

Substitute for (a) (b) (c) the following:

(a) Front Yards. In all districts, every structure shall be so located that there shall be a minimum depth of 40 feet from the structure to every line of way. However, in the business district near the Center School the existing front line of the building thereon shall establish the yard set back for that one line of way throughout the district.

(b) Rear Yards. Every dwelling shall be so located that there shall be a minimum distance of 30 feet from the dwelling to the rear lot line. In the case of a corner lot, the owner shall designate which yard shall be called the rear yard.

(c) Side Yards. Every dwelling shall be so located that there shall be a minimum distance of 20 feet from the dwelling to each side lot line.

Change present (e) to (h) and add (e) (f) and (g) as follows:

(e) Accessory Buildings. Accessory buildings shall be so located that they shall be a minimum distance of 20 feet from the dwelling and also a minimum distance of 10 feet from any lot line.

(f) No building or structure shall be erected, moved, altered, reconstructed, or enlarged in violation of the requirements of Section 14.

(g) Projecting eaves and uncovered steps shall not be considered as coming within the meaning of this section. All distances shall be measured at right angles from the line referred to to the nearest portion of that structure in question.

(h) To be the same as the present item (e) with the omission of the word "and" before (d) and addition of (e) and (f) after (d).

Section 15.

(b) Add the sentence "No non-conforming use of a premises shall be extended."

Planning Board

Article 14. To see if the Town will vote to amend *Section 3* (b) of the Zoning By-laws by adding thereto the following: The Selectmen shall appoint two Associate Members who shall be citizens of Lincoln to serve on said Board of Appeals as designated by the Selectmen in case of a vacancy, inability to act, or interest on the part of a member of said Board. One Associate Member shall be appointed for a term of two years, one for a period of four years, and thereafter each Associate Member shall be appointed for a period of four years.

Selectmen

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid. Given under our hands this 14th day of February, in the year of our Lord one thousand nine hundred and forty-four.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT A. SCHAAL,
Selectmen of Lincoln.

Snelling, C. Lloyd Thomas and Frederick B. Taylor.

TOWN CLERK'S REPORT

Annual Town Meeting
Monday, March 6th, 1944
WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the sixth day of March next at 7.30 o'clock P.M., then and there to act on the following articles, except Article 1, and also to meet in said Town Hall on Saturday, the eleventh day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested in each of the Post Offices, and in some other public place in said Town seven days at least before the sixth day of March next. The polls for voting the Australian ballot on Saturday March eleventh will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers and any other officers required by law to be elected by Australian Ballot, viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Article 4. To fix the salaries and compensation of the several elective officers of the Town, and to determine whether any Department, Board or Committee shall be authorized to fix the additional compensation of such members.

Article 5. To appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1944, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will vote to raise and appropriate the sum of $6,000.00 for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accord-

ance with the provisions of Chapter 5, Acts of 1943, or take any action relative thereto.

Article 8 To see if the Town will appropriate the sum of $1,345.29 to pay to the County of Middlesex, as required by law, the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1943, or take any action relative thereto.

Article 9. To see if the Town will appropriate the sum of $500.00 to repair a large window frame and adjacent brick work on Mr. DeCordova's home, or take any action on the matter.

Article 10. To see in what manner the Town will vote to observe Memorial Day, or take any action relative thereto.

Article 11. To see if the Town will appropriate $350.00 to prepare plans to meet the growing needs of the Lincoln Schools, appoint a committee, or take any action relative thereto.

Article 12. To see if the Town will accept the following provisions of Chapter 133 Acts of 1938, or take any action thereto: —

Section 1. Chapter forty of the General Laws is hereby amended by inserting after section twenty-seven, as appearing in section one of chapter two hundred and sixty-nine of the acts of nineteen hundred and thirty-three, the following new section: Section 27 A. After acceptance of this section as provided in section four of chapter four, no proposed ordinance or by-law making a change in any such existing ordinance or by-law, which has been unfavorably acted upon by a city council or town meeting, shall be considered on its merits by the city council or town meeting within two years after the date of such unfavorable action, unless the adoption of such proposed ordinance or by-law is recommended in the final report of the planning board or selectmen required by section twenty-seven.

Section 2. Said chapter forty is hereby further amended by striking out section thirty A, as appearing in said section

one of said chapter two hundred and sixty-nine, and inserting in place thereof the two following new sections; — Section 30 A. After acceptance of this section as provided in section four of chapter four, no appeal or petition under paragraph 3 of section thirty for a variance from the terms of such an ordinance or by law with respect to a particular parcel of land, and no application under section thirty for a special exception to the terms of any such ordinance or by-law, which has been unfavorably acted upon by the board of appeals shall be considered on its merits by said board within two years after the date of such unfavorable action except with the consent of all the members of the planning board, or of the board of selectmen in a town having no planning board.

Section 30 B. The superior court shall have jurisdiction in equity to enforce the provisions of sections twenty-five to thirty A, inclusive, and any ordinances or by-laws made thereunder, and may restrain by injunction violations thereof.

Article 13. To see if the Town will make the following revisions and additions to the Zoning By-Laws, or take any action relative thereto:

Section 5. (f) Add after the word "owner" the words "if a resident of Lincoln."

Section 12. Add after the word "dwelling" the words "a minimum frontage of 120 feet on the line of way, and"

Section 14. Substitute for (a) (b) (c) the following:

(a) Front Yards. In all districts every structure shall be so located that there shall be a minimum depth of 40 feet from the structure to every line of way. However, in the business district near the center school the existing front line of the building thereon shall establish the yard set back for that one line of way throughout the district.

(b) Rear Yards. Every dwelling shall be so located that there shall be a minimum distance of 30 feet from the dwelling to the rear lot line, in the case of a corner lot, the owner shall designate which yard shall be called the rear yard.

(c) Side Yards. Every dwelling shall be so located that there shall be a minimum distance of 20 feet from the dwelling to each side lot line.

Change present (e) to (h) and add (e) (f) and (g) as follows:

(e) Accessory Buildings. Accessory buildings shall be so located that they shall be a minimum distance of 20 feet from the dwelling and also a minimum distance of 10 feet from any lot line.

(f) No building or structure shall be erected, moved, altered, reconstructed, or enlarged in violation of the requirements of Section 14.

(g) Projecting eaves and uncovered steps shall not be considered as coming within the meaning of this section. All distances shall be measured at right angles from the line referred to, to the nearest portion of that structure in question.

(h) To be the same as the present item (e) with the omission of the "and" before (d) and addition of (e) and (f) after (d).

Section 15. (b) Add the sentence "No non-conforming use of a premises shall be extended."

Article 14. To see if the Town will vote to amend Section 3 (b) of the Zoning By-laws by adding thereto the following:

The Selectmen shall appoint two Associate Members who shall be citizens of Lincoln to serve on said Board of Appeals as designated by the Selectmen in case of a vacancy, inability to act, or interest on the part of a member of said Board. One Associate Member shall be appointed for a term of two years, one for a period of four years, and thereafter each Associate Member shall be appointed for a period of four years.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this 14th day of February in the year of our Lord one thousand nine hundred and forty-four.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT A. SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the following:

February 28th, 1944.

I have served this Warrant by posting attested copies in each of the Post Offices, one at the Railroad Station and one at the Town Hall seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

ANNUAL TOWN MEETING
Monday, March 6, 1944

In accordance with the foregoing Warrant the meeting was called to order by the Moderator at 7.30 P.M., the return of the Warrant was read, and the Moderator called attention to Article one.

Article 2. *Voted:* That Hermon T. Wheeler and Harold S. Cousins be elected Measurers of Wood and Bark for the ensuing year.

Article 3. *Voted:* That the reports of the Town Officers, Committees, Commissioners, and Trustees be accepted.

Article 4. *Voted:* That the salaries of the elected officers of the Town for the current year be fixed at the following amounts respectively:

Selectmen each	$200 00
Treasurer	400 00
Collector of Taxes	1,375 00
Town Clerk	300 00
Assessors, Chairman	200 00
Assessors other members, each	175 00
Auditor	150 00
Water Commissioners, each	75 00

and that the Water Commissioners be authorized to employ one of their members as Superintendent of the Water Department at a salary of $400.00 per year, and that one or more Cemetery Commissioners be authorized to work on the Cemetery grounds at the rate of fifty-five cents per hour.

Article 5. *Voted:* That the following appropriations be made:

Cemeteries	$800 00
Election expenses	200 00
Fire Department	2,500 00
Health, Board of	2,550 00
Highways and Bridges	17,055 00
Highways Chapter 90	1,500 00
Highway Machinery	2,575 00
Highway to Machinery Fund	1,000 00
Insurance	3,125 00
Interest	400 00

Library and Dog Tax	$1,632 00
Miscellaneous	3,807 00
Payment Town Bonds	5,000 00
Planning Board	60 00
Police Department	2,755 00
Public Safety	500 00
Public Welfare	1,000 00
Aid to Dependent Children	2,000 00
Old Age Assistance	8,435 00
Veterans' Aid	500 00
Reserve	1,000 00
Salaries	3,975 00
Schools	46,585 00
Kindergarten	1,100 00
Vocational Training	800 00
Street Lights	4,200 00
Summer Playgrounds	500 00
Town Hall	2,800 00
Tree and Moth	2,425 00
Bonus	1,125 00
	$121,904 00
Water Works	14,240 00

Voted: That for Water Works $12,000.00 be taken from Water Works Treasury and balance from current year's receipts. And for other appropriations the sum of $7,000.00 be taken from Free Cash.

Article 6. *Voted:* That the Town Treasurer with the approval of the Selectmen be authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1944, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 7. *Voted:* That the Town appropriate the sum of six thousand dollars to be taken from free cash, for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, and that the issue or issues of bonds so purchased be determined by the Trust Fund Commissioners. And it was —

Resolved: That it is the intent of the meeting in appropriating the sum of six thousand dollars under Article 7, to establish a post-war reserve fund for maintenance and/or replacement of services and equipment which cannot or should not now be provided because of the need of conserving all possible labor and material for the war effort as follows:

Fire Department	$500 00
Schools	3,000 00
Library	1,000 00
Town Hall	500 00
Highway Machinery	1,000 00

Article 8. *Voted:* That the sum of $1,345.29 be appropriated to pay to the County of Middlesex the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital incurred in the year 1943.

Article 9. *Voted:* That the sum of $500.00 be appropriated to repair a large window frame and adjacent brick work on the home of Mr. DeCordova.

Article 10. *Voted:* To pass over the Article.

Article 11. *Voted:* That a committee be appointed by the Moderator to consist of five members; one from the Board of Selectmen, one from the School Committee, one from the Planning Board, and two others to study the needs of the Lincoln Schools in regard to building facilities and equipment and to report their findings to next regular town meeting, and that the sum of $350.00 be hereby appropriated for such expenses as they may incur.

In accordance with the above vote the Moderator appointed the following:

Selectmen	— Albert A. Schaal
School Committee	— William N. Page
Planning Board	— Charles K. Fitts
	Margaret M. Norton
	James DeNormandie

Article 12. *Voted:* That the Town accept the provisions of Chapter 40, Sections 27A and 30A as amended by Chapter 133, Acts of 1938.

Article 13. *Voted:* To make the following revisions and additions to the Zoning By-Laws: —

Section 5. (f) add after the word "owner" the words "If a resident of Lincoln."

To add to Section 12 of the Zoning By-laws a new paragraph. Said paragraph to be inserted before the existing last paragraph and to read as follows:

Every such lot shall have at least a 40-foot frontage along a line of way, and for any dwelling erected thereon, the shortest distance taken through such dwelling, from side lot line to side lot line, shall be at least 120 feet.

Section 14. Substitute for (a) (b) (c) the following:

(a) Front Yards. In all districts, every structure shall be so located that there shall be a minimum depth of 40 feet from the structure to every line of way. However, in the business district near the center school the existing front line of the building thereon shall establish the yard set back for that one line of way throughout the district.

(b) Rear Yards. Every dwelling shall be so located that there shall be a minimum distance of 30 feet from the dwelling to the rear lot line. In the case of a corner lot the owner shall designate which yard shall be called the rear yard.

(c) Side Yards. Every dwelling shall be so located that there shall be a minimum distance of 20 feet from the dwelling to each side lot line.

Change present (e) to (h) and add (e) (f) and (g) as follows:

(e) Accessory Buildings. Accessory Buildings shall be so located that they shall be a minimum distance of 20 feet from the dwelling, also a minimum distance of 10 feet from any lot line.

(f) No building or structure shall be erected, moved, altered, reconstructed, or enlarged in violation of the requirements of Section 14.

(g) Projecting eaves and uncovered steps shall not be considered as coming within the meaning of this section. All distances shall be measured at right angles from the line referred to to the nearest portion of that structure in question.

(h) To be the same as the present item (e) with the omission of the word "and" before (d) and addition of (e) and (f) after (d).

Section 15. (b) add the sentence "no non-conforming use of a premises shall be extended."

Article 14. *Voted:* To amend Section 3 (B) of the Zoning By-laws by adding thereto the following: The Selectmen shall appoint two Associate Members who shall be citizens of Lincoln to serve on said Board of Appeals as designated by the Selectmen in case of a vacancy, inability to act, or interest on the part of a member of said Board. One Associate Member shall be appointed for a term of two years, one for a period of four years, and thereafter each Associate Member shall be appointed for a period of four years.

Voted to adjourn at 9.55 P.M.

WILLIAM H. DAVIS,
Town Clerk.

The foregoing amendments or additions to the Zoning By-laws were approved by Robert T. Bushnell, Attorney General, on March 14th, 1944.

WILLIAM H. DAVIS,
Town Clerk.

STATE ELECTION
November 7th, 1944

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln:

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said Town who are qualified to vote in the State Election to meet in the Town Hall, Tuesday, the seventh day of November, 1944, at 7 o'clock A.M., for the following purposes: To bring in their votes for the election of the following officers and questions: Presidential Electors, Governor, Lieutenant-Governor, Treasurer, Secretary, Auditor, Attorney General, Senator in Congress (to fill vacancy), Representative in Congress, Councillor, Senator, Representative in General Court 1, County Commissioners (2) County Commissioner (to fill vacancy), Sheriff.

QUESTIONS

1. Shall an amendment to the constitution to provide for a Fair, Concise Summary, instead of a description, of Each Proposed Amendment to the Constitution and Each Law submitted to the People, under the Initiative and the Referendum, and Certain Changes relative to the Filing of Initiative Petitions which is further described as follows:—

This amendment amends Article XLVIII of the Amendments to the Constitution by striking out section three under the heading "The Initiative, II. Initiative Petitions" and inserting in place thereof a new section which provides, —

That an initiative petition for a constitutional amendment or a law shall first be signed by ten qualified voters of the Commonwealth and shall be submitted to the Attorney General not later than the first Wednesday of the August before the assembling of the General Court into which it is to be

introduced. It may be filed with the Secretary of the Commonwealth if the Attorney General shall certify that the measure and its title are in proper form and that it is not, affirmatively or negatively substantially the same as any measure which has been qualified for submission or submitted to the people at either of the two preceding biennial state elections, and that it contains only subjects not excluded from the popular initiative and which are related or which are mutually dependent.

The Secretary shall provide blanks for the use of subsequent signers. He shall print at the top of each blank a fair, concise summary of the proposed measure, as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers. All such petitions, with the first ten signatures attached, shall be filed with the Secretary not earlier than the first Wednesday of the September before the assembling of the Legislature into which they are to be introduced, and the remainder of the required signatures shall be filed not later than the first Wednesday of the following December.

Section 3 of that part of said Article XLVIII under the heading "The Referendum III. Referendum Petitions." is also amended by striking out the second sentence of such section and inserting in place thereof provisions that the Secretary shall provide blanks for the use of signers of a referendum petition on a law requesting that the operation of such law be suspended subsequent to the first ten signers and shall print at the top of each blank a fair, concise summary of the proposed law as determined by the Attorney General as it will appear upon the ballot, together with the names and residences of the first ten signers.

Section 4 of that part of said Article XLVIII under the heading "The Referendum. III. Referendum Petitions.", is also amended by striking out the third sentence of such section and inserting in place thereof Provisions that the Secretary shall provide blanks for the use of signers subsequent to the first ten signers of a referendum petition asking for the repeal of an emergency law or of a law which takes effect because the referendum petition does not contain a request for suspension, and shall print at the top of each blank a fair, con-

cise summary of the proposed law as such summary will appear on the ballot together with the names and residences of the first ten signers.

Article XLVIII is further amended by striking out subheading "III. Form of Ballot" and subheading "IV. Information for Voters" under the heading "General Provisions" and inserting in place thereof new subheadings III and IV, which provide, respectively:

III. FORM OF BALLOT

A fair, concise summary of each proposed amendment to the Constitution and each law submitted to the people, as determined by the Attorney General shall be printed on the ballot. The Secretary shall give each question a number and cause such question, except as otherwise authorized in said article of amendment, to be printed on the ballot in the following form:

In the case of an amendment to the constitution: Do you approve of the adoption of an amendment to the constitution summarized below, (here state, in distinctive type, whether approved or disapproved by the general court, and by what vote thereon), YES. NO.

(Set forth summary here)

In the case of a law: Do you approve of a law summarized below, (Here state, in distinctive type, whether approved or disapproved by the general court, and by what vote thereon), YES. NO.

(Set forth summary here)

IV. INFORMATION FOR VOTERS

The Secretary shall print and send to each registered voter the full text of every measure to be submitted to the people, together with a copy of the legislative committee's majority and minority reports, with the names of the majority and minority members and a fair, concise summary of the measure as such summary will appear on the ballot, and in such manner as may be provided by law, other arguments for and against the measure,—

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8,

1941, received 201 votes in the affirmative and 2 in the negative, and in a joint session of the two branches held May 12, 1943, received 214 votes in the affirmative and 5 in the negative,

— be approved? YES NO

QUESTION NO. 2

Proposed Amendment to the Constitution

Shall an amendment to the constitution to provide that the General Court may prescribe the terms and conditions under which pardons of offences which are felonies may be granted which is further described as follows: —

This article of amendment to the Constitution of Massachusetts annuls Article VIII of Section 1 of Chapter II of Part the Second of the Constitution, which vested the Governor, by and with the advice of the Council, with the full and unrestricted power of pardoning offences of which a person is convicted, except such as persons may be convicted of before the Senate by an impeachment of the House, and adopts a new Article VIII in place thereof.

This new Article VIII vests the pardoning power in the Governor, by and with the advice of the Council, but provides further that if the offence to be pardoned is a felony the Legislature shall have power to prescribe the terms and conditions upon which a pardon may be granted.

The new Article VIII contains the same provision as the old with relation to the ineffectiveness of pardons granted before a conviction, — which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 199 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held May 12, 1943, received 198 votes in the affirmative and 0 in the negative,

— be approved? YES NO

QUESTION NO. 3

Proposed Amendment to the Constitution

Shall an amendment to the constitution restoring Annual Sessions of the General Court and an Annual Budget which is further described as follows: —

This amendment to the Constitution of Massachusetts annuls Article LXXII of the amendments which provided for biennial sessions of the Legislature and a biennial budget, and makes effective those earlier provisions of the Constitution and its Amendments which were annulled or affected by said Article LXXII, —

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 172 votes in the affirmative and 38 in the negative, and in joint session of the two branches held May 12, 1943, received 188 votes in the affirmative and 52 in the negative,

— be approved? YES NO

QUESTION NO. 4

Proposed Amendment to the Constitution

Shall an amendment to the constitution providing for Absent Voting by Qualified Voters who by Reason of Physical Disability are unable to vote in Person which is further described as follows: —

This amendment to the Constitution of Massachusetts annuls Article XLV of the Amendments to the Constitution which related to absentee voting and adopts in its place a new Article XLV which authorizes the Legislature to provide for voting, in the choice of any officer to be elected or upon any question submitted at an election, by qualified voters of the Commonwealth who at the time of such an election are absent from the city or town of which they are inhabitants or are unable by reason of physical disability to cast their votes in person, —

which proposed amendment was approved by the General Court and in a joint session of the two branches held July 8, 1941, received 171 votes in the affirmative and 30 in the negative, and in a joint session of the two branches held May 27, 1943, received 184 votes in the affirmative and 61 in the negative,

— be approved? YES NO

QUESTION NO. 5

Law Submitted Upon Referendum After Passage

Shall a law described as follows: — This law amends Chapter 271 of the General Laws by striking out Section 22A, as previously amended, and inserting in place thereof a new Section 22A, which provides that conducting or promoting a game of whist or bridge in connection with which prizes are offered to be won by chance, or allowing such a game to be conducted or promoted, shall not authorize the prosecution, arrest or conviction of any person for such acts under Chapter 271 of the General Laws, which deals with crimes against public policy, if the entire proceeds of the charges for admission to such game are donated solely to charitable, civic, educational, fraternal or religious purposes. This new section does not contain, as did the section now stricken out, provisions authorizing the licensing and conducting of the game of beano, —

which section was approved by both branches of the General Court by vote not recorded,

— be approved? YES NO

To obtain a full expression of opinion, voters should vote on all three of the following questions: — (a) If a voter desires to permit the sale in this Town of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "YES" on all three questions. (b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "No" on question one, "Yes" on question two and "No" on question three. (c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on questions one and two and "Yes" on question three. (d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on question one and "Yes" on questions two and three. (e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "No" on all three questions.

1. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)? YES NO

2. Shall licenses be granted in this Town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)? YES NO

3. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises? YES NO

All the above candidates and officers are to be voted for upon one ballot. The polls will be open from seven A.M., to seven P.M., and you are directed to serve this Warrant by posting attested copies thereof, seven days at least before the time of said meeting, as directed by vote of the Town.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twenty-third day of October, A.D. 1944.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the following:

October 30th, 1944.

I have served this Warrant by posting attested copies in each of the Post Offices, at the Town Hall and Railroad Station seven days before date of said meeting.

JOHN J. KELLIHER,
Constable.

In accordance with the above Warrant the polls were declared open at 7 o'clock A.M., by Sumner Smith, previously the ballot box was inspected, the return of the Warrant read, and the following ballot clerks duly sworn: Helena A. Dee, Manley B. Boyce, Joseph Frazier, James W. Lennon, Martin Corrigan, Bertha V. Bowles, William O. Causer, Howard

Snelling, D. E. Sherman, Jr., and Herbert L. Dodge. The polls were declared closed at 7 P.M. Total number of votes cast 1,027, with the following results:

In Memoriam

WARWICK V. HARRIS

Died August 30, 1944

He served the town faithfully for
ten years as Town Treasurer.

REPORT OF BOARD OF SELECTMEN

The Board organized with Sumner Smith as Chairman. Appointments made by the Selectmen during the year are printed with the list of Town Officers.

Bedford and Virginia Roads

The Federal Government closed these roads and because inhabitants of Lincoln, Concord, and Bedford were greatly inconvenienced by this act, the three towns are bringing action against the Government for damages suffered therefrom. The Selectmen retained Samuel Hoar, Esq., to further the Town's interest in loss of these roads.

Gifts of Julian DeCordova Esq.

Mr. DeCordova generously made what has become his annual gifts to the Town, one of $10,000.00, interest and principal to be used at a later date by the Selectmen for repairs, improvements, maintenance, and operation of the DeCordova Museum and Park, and one of $2,000.00 for the Town Treasury.

Zoning and Building By-Laws

The Building Commissioner, the Chief of Police, the Water Board, the Board of Health, and the Selectmen all co-operated to the fullest extent in assembling evidence for presentation in a petition to the court to uphold the Zoning and Building By-Laws, the regulations of the Water Commissioners and of the Board of Health.

The Town officers believe the importance of the *Findings*, *Rulings* and *Orders* of the *Court* are so great with respect to validity and strength of the Town's By-Laws and regulations, that they should be included in this report exactly as they were handed down by the Court.

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss. IN EQUITY SUPERIOR COURT

TOWN OF LINCOLN

Petitioner for attachment for contempt

vs.

WALTER F. MURPHY, et als. (Eq. No. 12717)

TOWN OF LINCOLN

vs.

HENRY J. HALLORAN (Eq. No. 13275)

FINDING, RULINGS AND ORDERS

The above entitled petition for attachment for contempt (hereinafter called the petition) was filed September 30, 1944, in the Equity suit No. 12717 against the defendants therein and against Henry J. Halloran, who is the defendant in the second above entitled Equity suit No. 13275. The latter suit was begun by a bill of complaint filed September 5, 1944. No. 12717 will be referred to as the Murphy case, and No. 13275 as the Halloran case. The petition and the Halloran case were heard together beginning October 11, 1944.

A final decree after rescript entered in the Murphy case (See 314 Mass. 16) June 14, 1943, enjoined the defendants therein, Murphy and Lexington Stock Farms Inc., and each of them "against carrying on, in Lincoln, on the premises described in the bill of complaint the trade or business of raising hogs . . ."

At the hearing before me in these cases all the respondents in the contempt proceeding rested at the conclusion of the petitioner's evidence and only the evidence as it then stood has been resorted to in determining facts in the matter of the petition. That evidence, and other evidence also, was offered in support of the bill in the Halloran case.

The premises involved in the Halloran case are the same premises that were involved in the Murphy case. At the outset of the hearing I took an extended view of the premises and surrounding territory. Facts established by the view and by the evidence relevant to the petition, and material to de-

cision in the Halloran case, in addition to those above stated which appear of record in the cases, are these: —

In February, 1942, the corporate respondent, which was owned and controlled by Murphy, leased to him a tract of land of about thirty-five acres, nearly thirty of which are in Lincoln. Murphy also in the early spring of 1942 leased from one Connors a tract of land in Lincoln containing about twenty acres and adjoining the thirty-five acre tract on the northwest. On June 5, 1942, Murphy began the business of raising hogs on the larger tract and continued that business until January 5, 1944. Both tracts (except the small portion of the larger tract which is in Lexington) are within a "single residence district" in Lincoln, as such district is defined in a zoning by-law and as shown on the zoning map which is part of the by-law which was adopted by the Town and approved by the attorney-general and became effective on July 8, 1929. The by-law refers to General Laws, chapters 40 and 143 as "the enabling laws under which zoning is done." The by-law provides in substance that new buildings or structures and alterations of existing buildings or structures may be constructed, and land, building or structure, or parts thereof may be used in a single residence district as specified in Section 5. That section provides that land, buildings or structures, in such district may be used for "(f) Farms, green houses, nurseries, and truck gardens, and the sale of produce raised in the Town or on land of the owner" and for "(l) A private stable and all farm buildings which are used in connection with and as part of the operation of a farm," and for (m) "such accessory uses as are customarily incidental to any of the above uses." The by-law also defines "a non-conforming use or building" (Sec. 2j) as "An existing use of land or a structure or building which does not conform to the regulations for the district in which such use of land, structure or building exists." The by-law further provides (Sec. 15) that "(a) Any building, part of building or use of premises which, at the time of adoption of this by-law, does not conform to this by-law or is being put to a non-conforming use may continue to be used for the same purpose;" and "(d) In residence districts, when a non-conforming use has been discontinued for a period of one year, it shall not be re-established and future use shall be in conformity with this by-law."

On August 31, 1927, the Board of Health of Lincoln pursuant to and in conformity with statutory authority (G.L. and Ter.Ed., ch. 111 §§ 31, 143–158) adopted a comprehensive set of health regulations, including regulations of piggeries. Those regulations have been in continuous effect since their adoption. They define a piggery as "any farm or location on which more than twenty-five hogs are kept." They provide (Reg. 39) that "any person keeping more than twenty-five hogs shall require (sic) a permit from the Board of Health . . ." and they prohibit (Reg. 40) the establishment of any new piggery or extension of any existing piggery after August 31, 1927, without a permit from the Board of Health.

No question appears to have been raised in the Murphy case as to the validity or applicability of the zoning by-law, and the respondents to the petition do not and cannot raise it now. (See Bacon *v.* Onset Bay Grove Association, 286 Mass. 487 at 491; New England Novelty Co. Inc. *v.* Sandberg, et als., 315 Mass. 739 at 753.) But the defendant Halloran contends that the zoning by-law is invalid, or is inapplicable, in his case, even if it should be found that he is conducting a piggery, or the business or trade of raising hogs. His contention is that G.L. ch. 40, § 25 as amended by St. 1925, ch. 116 (the statute in effect when the by-law was adopted — see also St. 1933, ch. 269) enabled the Town by by-law to restrict only the use of buildings in certain zones, and that it conferred no power to restrict the use of land. Hogs can not successfully be raised in Lincoln, either as a trade or business, or as incidental to farming, without the use of both land and of shelter afforded by buildings. Upon facts already stated and others to be stated, I rule that the by-law is valid and applicable to the Halloran case.

In March, 1925, one Connors bought the thirty-five acre tract above described, and established thereon and thereafter conducted the trade or business of raising hogs, or a piggery as defined in the above mentioned health regulation of Lincoln. He was conducting the business on the premises when the by-law became effective July 8, 1929. The use of premises then being made was therefore a non-conforming use under the by-law. Vital questions of fact in both the contempt and equity proceedings are (1) when these proceedings were begun, was Halloran conducting a piggery, or engaged in the

trade or business of raising hogs on the premises in Lincoln, in violation of the by-law, and (2) had there been a discontinuance for a year or more of the non-conforming use before Halloran began the activities complained of in the bill against him?

On December 3, 1943, there having been no compliance with the final decree in the Murphy case, the Town filed a petition for attachment for contempt against Murphy and the corporate defendant therein. As the petition was about to be heard, Murphy agreed to remove his hogs, which then numbered about twenty-four hundred, from the premises, and did so, and in consequence the petitioner filed on January 5, 1944, a suggestion that the injunction was not being violated, whereupon, on the same day, that petition was dismissed. For the next six months there were no hogs on the premises.

Early in May, 1944, Halloran began negotiations with Murphy for the purchase of the thirty-five acre tract and for the purchase of hogs. On June 1, 1944, the Lexington Stock Farms Inc., by a deed executed on its behalf by Murphy, conveyed that tract to Halloran. The buildings were those described in 314 Mass. 16. Halloran paid seven thousand dollars for the real estate, of which one thousand dollars were paid by check payable, to Murphy's order, and six thousand dollars by Halloran's promissory note payable also to Murphy's order one year from its date, June 1, 1944. The note is secured by a mortgage of the real estate to Murphy, of the same date. The mortgage was executed and acknowledged on June 1, 1944, but both deed and mortgage were recorded and land court certificates of title were issued on July 12, 1944. Halloran took possession of the premises about June 1, 1944. The buildings, all in Lincoln, are a tool house, a brick garage for eight vehicles, a frame sow house eighty feet wide and two hundred fifty feet long containing one hundred and sixty separate pens, an unfinished sow house forty feet wide by two hundred feet long and feeding platforms with wooden ramps leading to twenty-one yards of which sixteen were in use at the time of the hearing. The platforms are over twelve hundred feet long.

On July 28, 1944, Halloran bought of Murphy nine hundred and eighty-two hogs, which were brought at once to the prem-

ises. During July he bought and placed on the premises two hundred forty-three other hogs. He increased the number thereafter until at the date of hearing there were about twenty-five hundred hogs on the premises. They consume from fifteen to twenty tons of garbage daily. The garbage is trucked to the feeding platforms in ten trucks, three of which Halloran leased from Murphy for one year beginning August 1, 1944, under a lease which calls for monthly payments of two hundred dollars each. Halloran buys most of his garbage from the Newport (R. I.) Naval Training station. No feed for the hogs is grown on the premises.

Halloran contends that he is not keeping a piggery contrary to the by-law, but is keeping pigs as an incident to the conduct of a farm, permissible under the by-law, Section 5(f), (l) and (m) above quoted. About the time he bought the real estate, Halloran acquired from Murphy the right to use the twenty-acre tract in Lincoln adjoining the larger tract on the northwest. This tract slopes gently northerly and westerly from the larger tract, and is bounded on all sides by woods. A cart path runs from a gate in a wire fence on the northerly side of the large tract, almost to the northerly side of the twenty-acre tract, and substantially bisects the latter.

Sometime in June, 1944, Halloran, who owns no plow, harrow, tractor or farm machinery or tools of any kind except shovels and small tools used in the piggery, and who has had no experience in farming, hired a man to plow and harrow about three-quarters of the westerly half of the twenty-acre tract, and in this area he planted squash, but before July 10th, he had the hills of squash all plowed under, and substantially the same area later sowed to turnips. Halloran uses sweepings from the feeding platforms as fertilizer and late in August, 1944, and also at the time of the view, this same area was plentifully strewn with bones.

About two weeks before the hearing Halloran had about an acre of the hitherto unplowed easterly half of the twenty-acre tract plowed, but except as just described he has done nothing by way of cultivating any of the twenty-acre tract. The thirty-five acre tract is mostly wooded outside the cleared area occupied by the hog pens and feeding platforms and buildings. Halloran is obligated to pay Murphy six thousand

dollars for the land in Lincoln on June 1, 1945. He is obligated to pay Murphy for nine hundred eighty-two hogs, twenty thousand one hundred seventy-five dollars and ninety-six cents in two installments, one of ten thousand dollars on January 28, 1945, and one of ten thousand one hundred seventy-five dollars and ninety-six cents on May 28, 1945. He has no resources from which to meet these obligations except the property itself and such income as he can derive from its use. Obviously he can derive no substantial income from the sale of crops raised on the hired land. Halloran claims that it was, and is, his real intention to conduct a farm on the owned and occupied tracts and that he applied to the Town's board of water commissioners for water to use in his intended farming operations, and that he has been prevented from carrying out his plan to conduct a farm by the water commission's capricious and arbitrary refusal to supply him with water needed to irrigate the twenty-acre tract. Consequently, he contends, the plaintiff does not come in court with clean hands and therefore should be denied the relief sought in its bill, even though it should be found that he is conducting a piggery in violation of the by-law. Further facts on the question whether the defendant is conducting a farm or a piggery and on the defence of want of clean hands, are these.

Sometime before July 28, 1944, Halloran asked one of the water commissioners if the Town would supply him with water for the premises. A pipe runs from a Town main in the way south of the thirty-five acre tract, through the premises and almost to the line between the owned and the rented tracts. Opposite the hog yards a branch, controlled by a shut-off, takes off from this pipe and runs into the hog yards. At a hearing by two of the water commissioners in the Town Hall late in July, 1944, asked why he wanted water Halloran replied that it was for the use of men, and horses (of which he had two) and for about two hundred hens he intended to keep. The commissioners had not then recently inspected the premises, on which there were by July 28th, over nine hundred hogs, but had heard Halloran intended to keep hogs and asked him whether he so intended. His answers were evasive. He was told he would be in trouble with the Town if he established a piggery on the premises, and that Murphy had been "evicted" for keeping a piggery. He said he had heard

Murphy had had trouble with the Town because of keeping pigs, but that he wanted water for men, horses and hens. The Town's water supply had for several years been inadequate for farm irrigation purposes, and in May, 1941, the water commissioners ordered that all irrigation be limited to one specified hour per day and public notice thereof was given. The notice has not been revoked, or the restriction on the use of water for irrigation lifted. One of the commissioners inspected Halloran's premises after the hearing of July 28, and found over twelve hundred hogs thereon. The commissioners thereupon notified Halloran that his application for water was denied. Their action was not arbitrary or unreasonable, but was warranted and was taken in good faith and in performance of their duty to the inhabitants of the Town.

On the above facts and all the evidence I find that Halloran in July, 1944, established and has ever since conducted on that part of the thirty-five acre tract of land, with the buildings and structures thereon located in Lincoln, the trade or business of raising hogs; that he is not conducting a farm thereon, or on any other land controlled by him in Lincoln; and that the business of raising hogs on his land as conducted by him is not such an accessory use as is customarily incidental to a farm. (By-Law, Sec. 5(f) (m).) As above recited, Murphy's predecessor in title, Connors, was using the land in Lincoln for the conduct of a piggery or raising hogs as a business, and not as a farm, when the by-law became effective July 8, 1929. This was a non-conforming use, and could be continued, if the right to do so were not lost by discontinuance for one year (by-law, Sec. 15(d)). In July, 1935, the board of health issued an order prohibiting Connors from carrying on the trade or business of keeping swine on the premises, and he at once filed a petition for trial by jury under G.L. (Ter.Ed.) ch. 111, §§ 143 and 147. On January 21, 1937, the petition for jury was dismissed by consent, Connors having agreed to reduce the number of hogs on the premises to such number as the board of health permitted him to keep. Thereafter, as a result of this proceeding, and of the loss of a contract for the garbage of a city, and of the Federal Government's policy of paying farmers not to raise hogs, Connors reduced his herd until in 1939, it numbered less than twenty. As a permit from the board of health to

keep hogs was not required unless the number to be kept was over twenty-five (Regulation 39) Connors did not, in 1939 or thereafter, apply for a permit, because, as he testified, "I was out of the business." He did not thereafter re-enter it. Connors sold the Lincoln real estate to Murphy in 1941. I find on all the evidence that the non-conforming use made of the premises by Connors was discontinued for over a year beginning in 1939, and that Halloran therefore had no right to reestablish it (by-law, Sec. 15(d)).

Let a decree be entered in accordance with these findings, in the Halloran case, enjoining Halloran, his agents or servants against carrying on in Lincoln, on the premises described in the bill of complaint, the trade or business of raising hogs, and that the defendant pay the plaintiff taxable costs.

Facts established by the evidence of the petitioner in the contempt proceeding are as follows: —

Halloran and Murphy have been acquainted for ten years. They had some business dealings with one another before Halloran bought the Lincoln real estate, and the nine hundred eighty-two hogs from Murphy in June and July, 1944. At Murphy's suggestion, Halloran employed the same lawyer whom Murphy employed, in the sale and purchase transactions. (He was not the lawyer who represented Murphy in the Murphy case.) Murphy has received part, and is to receive all, of the payments made or to be made for the real estate and the nine hundred eighty-two hogs. The latter were sold under a conditional bill of sale which requires that the hogs be stabled on the land in Lincoln that Halloran bought of Murphy, and by which title to the hogs remains in Murphy until they are paid for. The bill of sale also provides that if payments are not made as required, or if any of the terms of the sale are not kept, Murphy may enter the premises and repossess the hogs sold, or any acquired thereafter to replace them. Murphy knew that it was Halloran's intention to engage in the same kind of business on the same premises, that he had been enjoined against carrying on. He knew that by selling Halloran nine hundred eighty-two hogs, he was aiding Halloran in establishing a business that would violate the decree against him. He has a heavy financial stake in the business, which cannot be saved if Halloran were only to

keep pigs as incidental to a farm. Halloran knew when he bought the real estate and the hogs, and engaged in the hog raising business, that that business on those premises had been prohibited by a court order entered against Murphy. Both Murphy and Halloran are guilty of contempt in violating the final decree in the Murphy case, and I so adjudicate. It was admitted that the evidence does not warrant a finding that the corporate respondent is in contempt. The petition against it is ordered dismissed. The petition for attachment for contempt is a civil proceeding. On this finding an adjudication that the respondents Halloran and Murphy are in contempt is to be entered. The proceedings in contempt are continued for final disposition until such time as may be fixed by order of court.

EDWARD T. BROADHURST,
Justice of the Superior Court.

December 2, 1944.

A hearing was held before Judge Broadhurst, December 15, 1944, on the contempt issue, referred to in last paragraph above and the defendants were each ordered to pay the Town $500.00 toward costs, which they did. This amount covers the attorney's costs to date. As the case now stands the defendants must remove all pigs from this location by April 1, 1945.

REPORT OF THE FINANCE COMMITTEE

The over-all picture of our finances is much the same as last year. Assets continue to increase because normal expenditures are still curtailed through shortages of labor and material. We recommend that the Town continue the policy of maintaining what would be a low peace-time tax-rate and of placing part of its accumulated surplus in a post-war rehabilitation fund. Our budget recommendations are based on this policy and we have placed in the warrant an article for the appropriation of $40,000 of surplus for this purpose.

It is particularly difficult accurately to estimate the tax-rate for 1945 at this time. The budget recommendations and taxation program of the Governor include broad changes in the previous fiscal policy of the Commonwealth. Our estimate of a slightly lowered tax-rate is based entirely on the Governor's budget message, and any change in its recommendations will be reflected in local tax-rates, up or down as the case may be.

We recommend that the bonus of $2.00 weekly which was voted last year to be paid to our lower salaried employees be $4.00 this year, and we have inserted a budget item computed on that basis.

Department	1944 Appropriation	Recommended by Finance Committee for 1945	Analysis for 1945 Percentage
Cemeteries	$800 00	$1,200 00	0.99

*$1,000 00 from Overlay Reserve.

The following comments are made on major changes from the previous year:

Cemetery: An increase of $400 made necessary by the requirements of the Division of Accounts that receipts on account of work in the cemetery be turned in to the Town Treasurer instead of being applied directly to the cost of such work.

Highways: A decrease of $2,055. Due to a continued shortage of labor.

Highways, Chapter 90: A decrease of $420. Same as Highways.

Old Age Assistance: An increase of $2,146. Due to increase in cases and a higher average cost per case.

Planning Board: An increase of $340 to care for fees for expert advice in connection with plans for future Town buildings.

Schools: The Kindergarten item and that for vocational training are included. The total shows an increase of $1,690. There are increases in the teachers salaries, and transportation costs and a decrease in high school tuition.

We extend to the Town officers our appreciation of their cooperation.

Respectfully submitted,

F. WINCHESTER DENIO,
GEORGE G. TARBELL,
GUILBERT WINCHELL.

OVERLAY ACCOUNT

Overlay balances of years previous to 1941 have been transferred to Overlay Reserve.

1941 Overlay Account

Balance in 1941 Overlay Account December 31, 1944	$2,142 07

1942 Overlay Account

Balance in 1942 Overlay Account December 31, 1944	$2,399 56

1943 Overlay Account

Balance in 1943 Overlay Account December 31, 1944	$3,439 61

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

During the year 1944, four new cases were approved for Old Age Assistance. Two cases were closed. One because of death, one because of support from a relative.

On January 1, 1944, twenty-three cases were receiving aid. Total number of cases aided during the year was twenty-seven settled as follows: Lincoln 17, other Cities and Towns 3, no Settlement 7. The twenty-five cases receiving aid on December 31, 1944, are settled as follows: Lincoln 15, other Cities and Towns 3, no Settlement 7.

Expenditures During Year 1944

To other Cities and Towns	$266 01
Administration, supplies and travel	407 40
Aid to and in behalf of recipients	13,391 14
Total	14,064 55
Federal Grants	5,707 81
Town Funds	8,356 74
Appropriation requested for 1945	$10,580 66

Respectfully submitted,

ANTHONY J. DOHERTY,

FREDERICK B. TAYLOR,
Treasurer.

AUDITOR'S REPORT FOR 1944

I have examined the books and accounts of the officers entrusted with the receipt, custody, or expenditure of money and find that the reports of these officers are correct.

I have verified the cash balance of each of such officers by reconciliation of bank balances and account of cash.

Following you will find a report of all the money paid out by the Town Treasurer on order of the Selectmen of Lincoln.

JAMES W. LENNON,
Auditor.

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxations
Division of Accounts

To the Board of Selectmen: April 12, 1944.
Mr. Sumner Smith, *Chairman*,
Lincoln, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Lincoln for the year ending December 31, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW:FC

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Lincoln for the year ending December 31, 1943, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the treasurer.

The appropriations as listed from the town clerk's record of town meetings were checked with the analysis of the appropriation accounts kept in the selectmen's office. Ledger accounts were compiled, and a balance sheet showing the financial condition of the town on December 31, 1943, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The receipts as recorded were analyzed

and checked with the records in the various departments and with other sources from which money was paid into the town treasury, while the disbursements were checked with the selectmen's orders. The cash balance February 23, 1944, was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The payments on account of maturing debt and interest were proved with the amounts falling due during the period covered by the audit, and were checked with the cancelled securities and coupons on file.

The records of tax titles held by the town were examined. The additions to the tax title account were compared with the tax collector's records, and the tax title deeds as listed were checked with the records in the Registry of Deeds.

The savings bank books and securities representing the investment of the several trust funds in the custody of the town treasurer, trust fund commissioners, and library trustees were examined. The income was proved, the disbursements were verified by comparison with the vouchers on file, and the transfers to the town and library treasurer were checked with the receipts as shown on the cash books.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous audit and all subsequent commitments were audited and reconciled with the assessors' warrants.

The recorded payments to the treasurer were checked with the treasurer's cash books, the abatements as recorded were compared with the assessors' record of abatements granted, the additions to the tax title account were compared with the treasurer's records of tax titles held by the town, and the outstanding accounts were listed and proved.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating the accounts as listed are correct.

The records of dog and sporting licenses issued by the town clerk were examined and checked. The recorded payments to the treasurer and to the State were verified and the town clerk's cash on hand February 23, 1944, was proved by count of cash in the office.

The surety bonds furnished by the departmental officials for the faithful performance of their duties were examined and found to be in proper form.

The commitments of water accounts were examined and checked. The recorded receipts were checked with the payments to the treasurer, the abatements as recorded were checked with the records of the water commissioners authorizing them, and the outstanding accounts were listed and proved. The collector's cash on hand February 23, 1944, was verified by actual count of cash in the office.

Verification notices were mailed to a number of persons whose names were listed on the books as owing money to the town, the replies received thereto indicating the accounts as listed are correct.

The records of licenses and permits issued by the selectmen, as well as the records of the building inspectors, health nurse, and cemetery departments were examined, checked, and reconciled with the treasurer's books.

It was noted that the amount of $74.50 shown as due from the building inspector at the time of the previous examination had not been paid into the town treasury as of February 23, 1944.

In checking the records of the cemetery department it was noted that receipts for opening graves, etc., have been retained by employees doing the work, in which connection it is recommended that all such receipts be paid into the town treasury as required by Section 53, Chapter 44, General Laws. The compensation of the employees should be paid on duly authorized orders from an appropriation provided therefor.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the town treasurer's and the library treasurer's cash, summaries of the tax and tax title accounts, as well as tables showing the condition and transactions of the several trust funds.

For the co-operation received from all town officials while engaged in making the audit, on behalf of my assistant and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

REPORT OF THE SUPERINTENDENT OF STREETS

Board of Selectmen:

Gentlemen:

During the past year we had only a moderate amount of snow and ice. This was handled in the customary way.

In the summer months work was carried on by repairing, re-surfacing and grading roads in the town and much time was given over to widening the curve on Mill Street; also two drains were installed, one in front of the Lincoln School on Lincoln Road, the other on Upland Fields Road. These two drains were badly needed and were completed successfully.

Chapter 90 work was not carried on this year in the same manner as previous years due to the fact that time, labor and materials were not available. We did, however, cut brush, scraped and cleaned the roads and painted fences.

No appropriation for new equipment was requested in 1944, this means, of course, that what equipment we now have must be kept in working order by being constantly repaired until it can be replaced with new equipment. Therefore the annual cost for repairs will gradually increase as the equipment becomes older. Parts for the different machines are becoming very difficult to obtain, so the outlook for maintenance and repairs of equipment is not too encouraging.

Respectfully submitted,

THOMAS COAN,
Superintendent of Streets.

REPORT OF WATER COMMISSIONERS

The Board organized with the choice of Sumner Smith as Chairman.

In spite of the shortage of labor the routine and repair work was carried on during the year. Difficulty is still being experienced with the gates. It was necessary to dig out three gates during the year.

The Board received two applications for water for agricultural purposes, which were denied because of the continued low level of Sandy Pond. One denial was used against the Town by the defendant in the Halloran contempt suit, but the court upheld the regulations of the Board regarding limiting the use of water.

The Board estimates the following budget for 1945:

Power	$2,500 00
Salary	1,225 00
Census	100 00
Bond Payment	5,000 00
Interest	250 00
Maintenance and Repairs	1,500 00
Test Wells	1,000 00
Chlorinator	1,200 00
Maps	200 00
Legal	100 00
Miscellaneous	100 00
Heating Plant	1,000 00
	$14,175 00

Respectfully submitted,

SUMNER SMITH,
JOHN J. KELLIHER,
ROLAND F. BEERS,
Water Commissioners.

Statistics

1. Pipe now in use, 29.19 miles.
2. Number of hydrants now in use, 170.
3. Number of stop-gates now in use, 256.
4. Number of blow-offs now in use, 27.
5. Range of pressure on mains, 40–100 lbs.
6. Total gallons pumped, 124,285,700.00.
7. Number of services added, 1.
8. Number of services renewed, 5.
9. Number of services now in use, 505.
10. Number of meters now in use, 15.

REPORT OF THE BOARD OF HEALTH FOR 1944

To the Board of Selectmen:

At the town election in March, 1944, Dr. Paul Norton was elected to the Board of Health for 3 years. On March 15, a meeting was held to organize for the year. Dr. DeNormandie was elected chairman. Mr. Brinkerhoff was elected clerk and was appointed a member of the nursing committee. Mrs. Ober was appointed agent of the Board. Mr. John J. Kelleher was nominated inspector of slaughtering, the nomination later being confirmed by the Department of Public Health.

Six licenses were granted for the transportation of garbage through the town.

The following piggeries were licensed: Manuel Silva, 500; Louis Dean, 500; Boyce Brothers, 100; John Wilson, 100; E. S. Coburn, 75; John McHugh, 50; Nicholas Cotoni, 50.

At the end of July it was discovered that Henry J. Halloran of Cambridge had moved 2,500 pigs into the old Conners piggery without a permit. Legal action was at once instituted against him. The result of this action is found in the report of the Selectmen.

Licenses for the sale of milk were granted to 7 dealers and 5 stores.

The clinic for the inoculation of dogs against rabies was held on May 27, and 117 dogs were inoculated.

The following diseases dangerous to the public health were reported during the year: Measles 3; chickenpox 122; scarlet fever 16; mumps 36; gonorrhea 2; dogbite 7.

A license was granted to Mr. Alvin E. Fernald for an overnight camp.

The death of Dr. McGlinchey, who for many years had done the inspecting of dairies and the bacterial counts on milk, left us without a milk inspector. We have been unable to find anyone to fill his place, and following a consultation with Mr. Donielo and Dr. Rubenstein, representatives of the Massachusetts Department of Public Health, we made arrangements

with the surrounding towns to report to us their laboratory findings on the milk delivered in Lincoln. This has proved entirely satisfactory. Until after the war, it is doubtful if we shall be able to find a satisfactory person for this work.

The Well Child Conference was held each month. There were 52 new cases and 47 old cases. The total attendance was 192. Twenty-one children received tetanus inoculations, 28 received tetanus and diphtheria, and 47 children were vaccinated. The value of the clinic is shown in the fact that 1 case of diabetes was discovered, 1 case of marked loss of hearing and 1 child with defective vision were found. All of these cases have had proper treatment and are under observation. We again thank Dr. Davies for his continued interest in the children's welfare.

On December 11 the Board adopted the new Massachusetts Department of Public Health regulations on isolation and quarantine, copies of which are available.

Respectfully submitted,

ROBERT L. DeNORMANDIE, M.D.,
ROBERT H. BRINKERHOFF,
PAUL L. NORTON, M.D.

REPORT OF CEMETERY COMMISSIONERS

The limited care given our Cemeteries these war years due to the fact that labor is not available, is reflected in the small expenditure made this past year. Of the appropriation $595.50 has been expended and $204.50 turned back to the Treasurer.

Some years ago there were planted in the Northerly part of the cemetery many Spruce trees and so closely that the laying out of lots for future use will become a problem if some of them are not removed entirely or planted in some other part of the grounds. To replant all that should be removed would require considerable labor so we have already cut down some and furnished Christmas Trees for our Schools and Churches.

During the past year a total of 19 burials have been made, 18 were in the New Lincoln Cemetery and one in the Arborvitae.

Five lots were sold bringing an income of $475.00 which was turned over to the Town Treasurer and deposited in the Cemetery Fund.

For 1945 we are asking for an appropriation of $1,290.00. This increase over last year's request is due to a change in the method of taking care of the income from making interments. Hereafter all interment fees will be paid to the town and the men doing the work will be paid by the Treasurer from the appropriation.

It is our purpose to use some of the money to improve the records pertaining to lots and burials so that there will be located at the Town Hall complete information as to the exact location of lots.

It might be desirable to have a record of all the burials in the town, as far as possible so that all facts pertaining to them could be collected in one place for future reference. There are State Laws relative to cemetery lots and accurate records would aid greatly in protecting the rights of lot owners and would help future Cemetery Commissioners in the conduct of their duties.

It is our desire to improve the roads as much as possible so as to make all parts of the grounds accessable at all times of the year, so we shall apply surface treatment as our appropriation will allow.

Having in mind the suggestions made in last year's report in regard to improving the entrance to the cemetery and some means of identification for it, we shall have to ask larger sums for annual expenditures whenever in the future labor and materials are available for such permanent improvements.

Respectfully submitted,

JOHN F. PETERSON,
GEORGE E. CUNNINGHAM,
ROBERT D. DONALDSON.

REPORT OF THE LINCOLN FIRE DEPARTMENT

Board of Selectmen,
Gentlemen:

The Board of Fire Engineers herewith submit their annual report for the year ending December 31, 1944.

Force

The Department consists of the following: Chief, seven Engineers, nineteen call men.

Apparatus

The apparatus belonging to the Department is as follows: one 600 gallon pump, one combination 500 gallon pump and forest fire truck, one 350 gallon pump and forest fire truck. The Department also has two Foam extinguishers, nine ladders, 3,200 ft. of 2½ in. hose, 400 ft. of 1½ in. hose, 2,300 ft. of 1 in. hose. Booster tanks on trucks carry 560 gallons of water.

Pump No. 1 and the Combination Pump and Forest Fire Truck No. 3 are stationed at Doherty's Garage, South Lincoln.

Combination Pump and Forest Fire Truck No. 2 is stationed at Tracey's Gasoline Station, North Lincoln.

Fires

During the year 79 calls have been answered: 4 Automobiles, 3 Trucks, 7 Chimney, 10 Building, 3 Smoke, 2 Oil-burners, 1 Lightning, 5 Miscellaneous, 44 Grass and Wood.

This analysis shows that the majority of the fires are grass and woods and with care a large percentage of these could be avoided.

Permits are required for all fires in the open and this spring, summer and fall the greatest care should be exercised by all the townspeople.

The Fire Department is severely handicapped by the lack of man power and while everything possible is being done to care for the needs of the town, the co-operation of the townspeople is very essential.

Lincoln Fire Alarm, 1945

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE

1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire or responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm,** nor drive said vehicle or park or leave the same unattended within **six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

The Fire Department wishes to express their appreciation for the excellent service rendered by the local telephone operators and would also like to suggest that at the time of a fire all unnecessary calls be eliminated so the necessary fire calls may be taken care of as rapidly as possible.

REPORT OF THE NURSING COMMITTEE

In 1944 the Community Nurse made 1,723 calls, an increase of 56 over the previous year. These calls are subdivided as follows:

Medical 723
Surgical 379
Prenatal 52
Postnatal 21
Board of Health 49
Child Hygiene 362
Social Service 71

For these calls she has collected the sum of $206.30.

The Public Health Nurses of Lincoln, Weston, Wayland, Sudbury, Medway, Bedford, Acton, have held monthly meetings at the homes of the various Nursing Committee Chairmen for the interchange of ideas and the discussion of problems met in the various communities.

A public health program has been arranged for each meeting.

Mrs. Marian Ober was granted a scholarship by the State Department of Public Health to take a course held at Harvard University.

While Mrs. Ober was absent on her vacation during the summer the work was carried on by Miss Dorothy Bates, R. N.

SUSAN L. BRIGGS,
EMILY KUBIK,
ROBERT BRINKERHOFF.

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen:
Lincoln, Mass.

Gentlemen:

I hereby submit my report as inspector of animals for the year 1944: quarantined 7 dogs. They showed no signs of rabies and were released in 14 days.

Respectfully submitted,

D. E. SHERMAN,
Inspector of Animals.

REPORT OF TRUSTEES OF THE LINCOLN LIBRARY

The Trustees submit herewith the reports of the Treasurer and the Librarian.

During 1944 the problem of acquiring a sufficient number of high grade books has been difficult. Due to the war with consequent shortages and the restrictions on publications good books have been fewer, smaller, and higher priced. There is no reason to believe that this situation will be corrected until the end of the war.

The Trustees have voted to transfer the handling of the income from the Trust Funds to the Town Treasurer. This is done in compliance with the suggestion of the Director of Accounts at the State House.

In order to co-operate with the request of the government to save paper wherever possible we are omitting the usual list of those who have made donations to the library. This list is unusually large this year, and to them we extend our thanks.

The Trustees ask for an appropriation of $1,490 plus the dog-tax for the year ensuing.

Respectfully submitted,

ROLAND C. MacKENZIE,
WILLIAM N. PAGE,
SUMNER SMITH,
GEORGE G. TARBELL,
C. LEE TODD.

REPORT OF THE PLANNING BOARD

Board of Selectmen,
Gentlemen:

The Planning Board organized this year with C. K. Fitts, Chairman and Walter E. Lovejoy, Secretary.

The Board wishes to extend its gratitude to Mr. Arthur Comey, who has donated a contour map of Lincoln to the town.

No applications for subdivisions were made during the past year. An agreement and bond amounting to $600 were received on December 22nd from Elliott R. Barker, protecting the town to that extent for surfacing Cedar Road, a Private Way, belonging to the estate of Hazel B. Coolidge. This work will be completed when materials and labor are available.

At the request of the Committee for Future School Development the Planning Board has interviewed members of various town organizations and department heads with respect to conversion of the Center School to a Town Office Building. The outcome of these interviews is represented in a brief filed with the Committee and published in their report.

It is evident that co-ordination of this type will result in more lasting municipal expansion and affect sound economy. Admitting that the study thus far is in its initial stage, we ask that the Board be granted $300 for use at their discretion in retaining an architect to further examine the present Center School Building with respect to conversion to Town Office use.

We all realize that through depreciation and additional demand the location and capacity of our present Municipal Buildings must be given careful study.

The Highway Department will unquestionably need a Fire Resistant Building to house more and heavier equipment.

With the co-operation of the Board of Selectmen, the services of the New England Fire Insurance Rating Association will be made available to the town without charge. The survey to be made by them will result in recommendations for added

fire protection for many years to come. In this regard it seemed advisable to view the present Fire Department Headquarters Building with respect to its continued use. We have asked therefore for $50, to be used in getting qualified advice on this subject.

We wish to thank all department heads and town organizations for their valuable assistance to us this past year.

Respectfully submitted,

C. K. FITTS, *Chairman*,
W. E. LOVEJOY, *Secretary*,
R. D. DONALDSON,
J. O. WILSON,
HAYWARD PIERCE.

REPORT OF BOARD OF APPEALS UNDER THE ZONING BY-LAWS FOR THE YEAR 1944

To the Board of Selectmen:
Gentlemen:

The Board organized for the present year with Harland B. Newton, Chairman, and Anthony J. Doherty, Clerk. During the year two Petitions were received and acted upon.

(1) Meeting, February 14, 1944

Petition of David W. Mann to permit the use of a building located on his property on the North Great Road, so-called, in the northerly part of the town to be used for the carrying on of war work. Hearing on this Petition was held on February 14, 1944, and a decision rendered by said Board, which decision however was recalled later owing to the fact that one member of the Board was away and out of the State at the time of the hearing and was unable to be present and that by a recent decision of the Massachusetts Supreme Court holding that a ruling or decision of the Board of Appeals must be unanimous and rendered by the full membership of the Board present at the hearing and voting.

As the Zoning By-Laws of the town made no provision for associate members to serve in case of a vacancy or inability to act on the part of a member of the Board, it was necessary to make provision for the appointment of associate members. This was accomplished by having an article inserted in the Warrant for the Annual Town Meeting held on March 6, 1944, at which meeting it was voted that the Selectmen shall appoint two associate members to serve on the Board. This amendment to the By-Laws was approved by the Attorney-General on March 14, 1944, and two associate members, namely, Daniel Everett Sherman, Jr., and Henry B. Hoover, were appointed to the Board by the Selectmen.

On March 27, 1944, and after due notice to parties who might be interested, the Board held a meeting on application of Mr. Mann, which application came before the Board on the refusal of the Building Inspector to grant a permit to make

certain alterations and changes to his building on North Great Road. This application was denied by the Building Inspector on March 16, 1944, who found that the same would not conform to Section 7 of the Zoning By-Laws.

On this application the Board made the following decision and notified Mr. Mann of the same by the following letter, dated March 29, 1944. (Letter hereto attached and made part of this Report.)

March 29, 1944.

Mr. David W. Mann,
Lincoln, Massachusetts.

Dear Mr. Mann: — We wish to express our appreciation of the manner and completeness with which Mr. Donaldson presented your request to the Board of Appeals. We also welcomed the frank and broad discussion indicating the interest of everyone present. The Board does regret, however, the turn which some of the discussion took, suggesting that there might have been prejudice on the part of Board members, lack of appreciation of your ability or the importance of your efforts in war work, the character of the business you propose to carry on or the implication that the Board or any citizens of Lincoln might not be as distressed as anyone at possible delay of important war work. Concerning all these points, the Board wants you to know that it is unanimous in its feeling that we all should do everything possible to encourage and aid you to expedite your war work.

The responsibility which rests in this Board is simply to make the best decision possible under the Zoning By-Law which governs our actions. The spirit of Captain Evans' and Commander Monks' remarks as well as the comments of almost everyone present was that action should be taken to make it possible for you to proceed at once with your military contracts even if on a temporary basis. This we believe can be made possible and to this end the Board unanimously and individually makes the following decision and proposal:

1. We find that the purposes for which you intend to use the premises in the North Lincoln Business Zone do not fall under Section 7, but do fall under Section 8C and your petition is, therefore, denied.

2. However, while no further specific request has been made for a temporary permit, the Board in order to expedite the war effort and avoid the necessity of further delay, grants permission to carry on such work as is involved in your military contracts as outlined for one year in accordance with Section 21A.

3. The Board further recognizes that the law permits no longer period of variance than granted in item 2 above. We further recognize that it is almost impossible for you to complete your war contracts on such a basis due to the fear of a sudden termination of this permit; and, therefore, we personally promise to use our influence and vote to extend your permit annually as granted in item 2 above for two additional years, or for the duration of the war plus one year, whichever is the greater.

We believe that the decision and promise above outlined will permit you to undertake and successfully complete your military contracts and at the same time maintain the integrity of the Zoning By-Law.

We trust that this decision and promise will be accepted in the spirit with which it is made and will meet your needs as completely as possible under the circumstances.

Very truly yours,

BOARD OF APPEALS, TOWN OF LINCOLN,
By ANTHONY J. DOHERTY,
Clerk.

On December 16, 1944, the Board received a communication from Mr. Mann requesting that its ruling made at the hearing held on March 27, 1944 be corrected by striking out all that part which follows paragraph No. 1 of said decision. Replying to this letter, Mr. Mann was informed that the Board was without authority at this time to correct or modify its decision as Section 30 under (3) of Chapter 40 of the General Laws of the Commonwealth provides the only remedy for a party aggrieved by a decision of the Board of Appeals is appeal to the Superior Court sitting in Equity, which appeal must be filed in said Court within 15 days after such a decision is recorded, and

no such appeal had been taken within the time allowed by law.

(2) *Meeting May 8, 1944*

Application of Warren E. Rice for permit to install two 10,000 gallon underground tanks for storage of heating oils, same to be located on his property on Concord Road, in the southerly part of the town of Lincoln.

Mr. Rice, the Petitioner, stated that he had carried on the business of selling heating oils for about 25 years and before the adoption of the Zoning By-Laws. This business was carried on at his present location and in connection with a garage and gasoline station. Mr. Rice further explained the dimensions of the tanks and the location and manner of their installation.

All the abutters having been notified, and no one appearing in opposition to this application, and after a statement made by Mr. Rice that he had talked with Mr. Knowles, one of the abutters, and a Mr. White who represents the heirs of the late Addie Jennison, and was assured by both that they had no objections to the installation of the tanks, the Board made the following decision:

It was unanimously voted by the five members of the Board present that the application be granted subject to the following conditions: That said tanks will be located at least 50 feet back from the line of the highway, and an equal distance from the boundary line of the nearest abutter.

Respectfully submitted,

BOARD OF APPEALS, TOWN OF LINCOLN,

By ANTHONY J. DOHERTY,

Clerk.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE — 1944

Due to a shortage of manpower in the County Extension office a general report is given rather than a detailed report as has been done during previous years.

The Extension Service during 1944 turned over all its facilities to the war effort in the production and conservation of food and other factors necessary to help win the war. The County Trustees, Town Directors and Local leaders gave freely of their time in spite of the fact that most of them were fully occupied with other duties.

Under agriculture most of the time was spent in co-operation with Selective Service Boards in furnishing information relative to registrants employed on farms. This probably was the most important job of the year as the food production program would not continue unless the key men on our farms were retained.

Farm labor is probably the next important item, with the local director co-operating with the school system in helping to make available all the boys and girls within the town and any other available people to help meet the extreme labor shortage on farms. The County office was instrumental in finding some outside available help and especially during the harvest season various types of help were obtained to harvest the crop.

General assistance was given in all production problems in order that the maximum amount of food could be produced.

Homemakers were assisted, especially in the conservation and preservation of food, a better understanding of wise use of ration points and food that had to be purchased along with greater use of home-grown foods. Good nutrition for the family was especially stressed in order that the health of the family could be maintained under war conditions. Clothing renovation and construction, refinishing and upholstering furniture were all projects emphasized to help the homemaker carry on more efficiently under war conditions.

With Boys' and Girls' 4-H Club Work, it was difficult here to carry on due to lack of available local volunteer leaders. Much credit, however, should go to the leaders who gave all their available time to help our boys and girls carry on with their various projects. The club members of your town were part of the 1,700,000 in the United States who helped 4–H earn the recognition of having made the largest contribution in the war effort of any of the youth organizations of the nation. Food Production, Food Preservation and Home-making were the clubs given the greatest emphasis during the year.

REPORT OF TREE WARDEN

The work of this department was greatly hampered by the shortage of labor to do the work that should be done on the trees, such as removing dead limbs and dead trees and clearing the brush on the highways. We were very fortunate to be able to obtain the help from the Highway Department to do some of this work. This work could not have been done without their help. The spraying was carried on this year with very good results. There is a noticeable decrease in the number of Gypsy Moth nests in most sections of the Town.

We will have to depend on the spraying to control both the Gypsy Moth and Elm Leaf Beetle until such time as we are able to get help, which I hope will be in the near future as there is a large amount of work to be done.

The total expenditure this year was $1,250.13 and it is recommended that $2,375.00 be appropriated for the year 1945.

Respectfully submitted,

JOHN J. KELLIHER,
Tree Warden.

1944 LINCOLN PLAYGROUND REPORT

The playground enjoyed one of its most successful and useful years this past summer.

General supervision of all activities was under the direction of Mr. James Dudley with the part-time assistance of the Misses Victoria Henderson and Barbara Palmer. The encouragement and help of Mr. John Todd and Mr. William Holmes in organizing and instruction of baseball to the older boys was greatly appreciated by the committee.

The program consisted of tennis, softball and baseball for boys and girls of all age groups. Twilight baseball along with the occasional Sunday afternoon games for men and older boys was as successful as the previous summer.

The Tennis tournament and playoffs for the ball teams were a feature of the closing week of the playground.

In the near future it is hoped that the summer rehearsals of the school band and handcraft classes can be resumed.

Respectfully submitted,

ELIZABETH DOHERTY,
EVELYN WINCHELL,
ETHAN A. MURPHY.

REPORT OF THE LINCOLN COMMITTEE ON PUBLIC SAFETY

With the establishment of a Western Front in Europe and the favorable movement away from the English Channel, the need for protective measures on the part of the Committee has been materially curtailed. Air raid practises and blackouts have ceased to exist and the military feels we are reasonably safe from attacks by air. Likewise, Lincoln is not a town that is apt to be subject to sabotage dangers.

We did have one incident during the year in the form of a forced landing on the part of a pilot of the Civil Air Patrol which was ably handled by members of the Auxiliary Police and Air Raid Wardens. In fact, it was so ably handled that the Police were especially complimented by State Officials.

Two issues of the Bulletin were sent out during the year to all citizens of the Town, which we feel proved to be of interest and help. We are hoping to increase the number of issues during 1945 and make them somewhat broader in scope.

There were three paper drives conducted with the able help of the Boy Scouts and members of the Town who not only generously gave their time but also the use of their automobiles in order to obtain this critical material. Lincoln was credited with turning in approximately 30 tons of scrap paper.

Tin cans were collected at regular intervals and we were able to salvage about 4 tons.

While it is still our hope that the need for the Committee is rapidly dwindling, nevertheless should an emergency exist, there is an organization at hand properly trained to cope with any situation necessary to protect the citizens of the Town.

We are listing below our expenditures for the year as applied against the budget for $500:

Bulletins	$43 35
Cost of Mounting Pump	30 00
Repairs	9 55
Property Officer's Bond	5 00
Miscellaneous	5 10
	$93 00

Respectfully submitted,

LINCOLN COMMITTEE ON PUBLIC SAFETY,

WILLIAM N. PAGE,
Chairman.

REPORT OF BUILDING INSPECTOR

I herewith submit the Annual Report of the Building Inspector of the Town of Lincoln for the period of February 7, 1944 to December 31, 1944.

	Permits	Classification	Estimated Value of Work
	1	New Residential	$3500 00
	6	Residential Alterations and Additions	4450 00
	4	New Accessory Buildings	790 00
	3	Alterations and Additions to Accessory Buildings	335 00
	1	Alteration to Business Building	3000 00
	4	Moving Existing Structures	No value
	6	Plumbing	650 00
	4	Electric	245 00
Total	29	Total Estimated Value	$12,970 00
	1	Application Refused	
		Total Fees Collected $47.50	

Respectfully submitted,

CYRUS W. MURPHY,
Building Inspector.

COMMITTEE FOR INVESTIGATING THE NEEDS OF THE LINCOLN SCHOOLS

In accordance with an article in the warrant voted at the regular Town Meeting held March 6, 1944, the Moderator appointed the following committee to prepare plans to meet the growing needs of the Lincoln Schools:

Mr. James DeNormandie
Mr. Charles K. Fitts
Mrs. Paul L. Norton
Mr. William N. Page
Mr. Albert A. Schaal

The Committee was organized on May 23, 1944, with Mr. William N. Page as Chairman. At that time, it was felt that a consultant, familiar with school planning, should be engaged to make a survey of the Town of Lincoln school building situation and to make recommendations as to how proper improvements might be effected.

In a discussion of the matter with Dr. Albert Simpson of the Harvard School of Education, who recently made a survey and report of the Lincoln school system, he suggested that one of the most capable men he knew for the job we wanted done was Mr. John E. Nichols, Supervisor of School Buildings and Plans, Department of Education of the State of Connecticut. In this capacity, Mr. Nichols is called upon to furnish advisory services to local communities on schoolhouse planning, construction and equipment. He is Chairman of the Standards and Executive Committee of the National Council on Schoolhouse Construction; a member of the Special Advisory Committee on School Building Problems to the United States Office of Education; Vice-President of the Connecticut Chapter, American Institute of Architects; a member of the Advisory Committee of Connecticut Standard Building Code. As regards school survey projects, he was a member of the Professional Staff of the Legislative Inquiry into the Administration of the New York City Schools in 1942; a member of the Professional Staff of the Boston School Survey in 1944; and is presently engaged as Consultant in school building problems

for Wellesley, Massachusetts; Brattleboro, Vermont; Hingham, Massachusetts; and Cohasset, Massachusetts.

Mr. Nichols was engaged as Consultant for this Committee and has rendered a splendid service. We are very appreciative of the time and effort he has given and we believe you will find his report to be a capable and careful analysis of our problems together with a sound solution to them.

REPORT TO THE SCHOOL BUILDING COMMITTEE

Lincoln, Massachusetts

Initial Premises

In 1941–42 the School Committee of the town of Lincoln undertook a study which served as a basis for the reformulation of its policies affecting the future of the Lincoln schools. In making this study the School Committee had the able assistance of Dr. Alfred Simpson and Dr. Edgar Fuller of Harvard University. Certain of the conclusions growing out of that study which have a bearing upon the question of school facilities are worthy of review. It was recommended that:

1. "That no high school be constructed in Lincoln either now or in the foreseeable future." Briefly this conclusion was based upon the improbability of any pronounced growth of the high school enrollment; upon the relatively excessive cost of constructing and operating a small high school; and upon the practical impossibility of providing for small numbers the educational opportunities which are usually found only in larger schools.

2. "That the Lincoln schools be organized on the 8–4 basis instead of 6–3–3"; that is, eight elementary grades with grade nine sent to a neighborhood high school along with grades ten, eleven and twelve. This conclusion was based upon the disadvantages pupils face in entering a four-year high school one whole year behind their

classmates; upon the comparative meagerness of the facilities that could be provided them as high school freshmen in the Lincoln school; and upon the need of the elementary grades for the space at that time being occupied by the ninth grade.

3. "That planning be begun for the postwar construction of a combination auditorium-gymnasium at the Center School, together with shower rooms, health offices and clinic, classrooms (to replace South School) and a cafeteria. . . ." This recommendation was based upon the conclusion that the present educational program suffers through the absence from the present Center School of those facilities mentioned.

4. "That the South and Center Schools be consolidated as soon as possible." This conclusion was based upon the desirability of promoting through physical unity the integration of the program of the first and second grades with the others and of providing for those first two grades the advantages of the proposed additional facilities.

The foregoing conclusions have been incorporated into the policies of the School Committee. Without any question they can be regarded as substantially sensible and sound and accepted as a part of the premises upon which the conclusions and recommendations of the School Building Committee may be based. On only one item, number 3, does any question arise. And that question deals not with the aims to be achieved but merely with the manner of achieving them.

The Existing Facilities

At the present time Lincoln's elementary school children are housed in two buildings about 1.7 miles apart. To one of these, the South School, are sent all the pupils of the first and second grades — about sixty in number. The remaining pupils, about a hundred and fifty in grades three through eight, attend Center School. Here, too, is situated the kindergarten which was established this year.

South School

The South School, built over fifty-two years ago, was described as follows in the report made by the special committee on matters pertaining to the Lincoln schools in 1930:

> "The South School, as we have already pointed out, is a wooden building of an age that makes it increasingly a burden to keep in repair. To make only those repairs which would make it safe and healthy for those using it, it would require approximately $1,500. This building was closed for a considerable period and its reopening in 1921 was considered only as a temporary measure until increased facilities were available at the Center School (See School Report 1921). Three years later the then Superintendent, Mr. Lowe, in his report says: 'As it now stands, the present South Building is wasteful.' Some of the shortcomings of this building are so obvious that hardly a glance at them is necessary to be convinced of their seriousness. Although only a two-room schoolhouse it requires two heaters. Much of the time there is water in the cellar. The toilets are of the open type and in the open cellar, necessitating a considerable effort to keep them in a clean and sanitary condition. There is no suitable room for the teachers. From the point of view of fire protection, the building can only be tolerated on the excuse that the class rooms are on one floor and there are two exits. Since artificial lighting is missing, the children are handicapped on cloudy days.
>
> "There are to be sure, advantages which this school possesses: such as the segregation of the first two grades and the separate playfield for them, and its nearness to one of the more populous areas of the Town. But the committee does not believe these are sufficient to warrant continuing indefinitely the use of this building."

In the fourteen years since that report was written the building has remained essentially unchanged except for the installation of electric lights and proper heating. The basement toilets are unsatisfactory. The stairs leading to them steep and dangerous. The classrooms under-equipped. There is still no lunch room for the children who, living at a consider-

able distance, must have their noon meal there. Although the site is adequate for the enrollment, the building itself is decidedly unsatisfactory for school purposes.

Center School

The Center School, now about thirty-five years old, is a two-story and basement building which, though well built, is of non fire-resistive construction. It is situated on a fairly large, attractive and centrally located site but like the South School, it is too close to a busy highway. This building's rather pleasing exterior appearance belies the inadequacies of its interior provisions for an up-to-date educational program.

The school has six rather small classrooms, three to a floor. In addition it contains an office on one side of the entrance doorway and a combination health room and teachers' room (now pressed into use as a second office) on the other. Above these rooms, on the second floor, is a library. The basement houses the toilets, the boiler room and two additional rooms — one used as a kindergarten and the other for storage and by the school nurse, Girl Scouts, etc.

It is a building that was fairly well adapted to the highly formalized type of school program in vogue when it was constructed. But educational methods and needs have developed greatly in thirty-five years. These developments were in no way anticipated in the building's design. Now its inadequacies place increasingly heavy limitations on Lincoln's educational program.

The most obvious lack is the absence of any assembly space whatsoever. This lack has been repeatedly pointed out in annual school reports and in surveys and studies for many years. An auditorium is not primarily a place for the entertainment of school children — important as that function may be — but rather a necessary tool of education. Here the pupil may learn through lectures, plays and (of increasing importance) educational motion pictures; and here, in using the stage, he may acquire poise, and find the incentive to develop the practical skills that come through the application of planning, art and other forms of creative expression.

Another obvious lack lies in the present absence of facilities for physical recreation and education — a gymnasium and dressing rooms.

In a town like Lincoln it is necessary to transport children considerable distances to school. Of necessity they must remain there for lunch. The Center School makes no provision at all, however, for a lunch program — a kitchen where simple, warm meals may be prepared, or a dining room where they may be eaten in clean, attractive and congenial surroundings.

Less obvious are the inadequacies of the classrooms themselves. Their small size and meager furnishings adapt them to only a reading-and-recitation type of program. Accepted teaching techniques today recognize the value of "learning through doing," by placing emphasis on the fact that learning is best achieved through individualized instruction and through constructive activity — that is, actual practice in using those skills the school endeavors to impart to its pupils. This, however, implies a laboratory approach to classroom design. It requires first of all the space, and second, the equipment adapted to a variety of learning activities — movable desks for flexibility in space utilization, work counters and tables, abundant bulletin board, classroom library facilities, storage for partially completed individual projects, a sink, files and abundant cupboards and cases for the storage of a variety of instructional materials and supplies.

The toilets, located as they are in the basement, are inconvenient of access, dark, and lack the sanitary finishes that make cleanliness possible.

The kindergarten room, also in the basement, is wholly inadequate for a class of normal size. The room is small, low-ceilinged, and poorly lighted. Colorful paint cannot overcome the unsuitability of its brick and stone walls.

The absence of an adequate health room makes it necessary to house the nurse at the Town Hall. Moreover, the space provided at the Center School is not well adapted even for health examinations and counciling, either on a school or on a community basis or for the temporary accommodation of pupils who become indisposed for one reason or another.

The Ball Field

The town now owns a plot of land, comprising some 6 acres, situated just off Lincoln Road in almost the geographical

center of the town. Here, in attractive surroundings removed from the main thoroughfare, the town maintains a baseball diamond and two tennis courts.

The usefulness of these provisions is limited, however, by their isolation from all other community facilities and by the absence of a field house providing shower and locker room accommodations.

The Town Hall

While, ordinarily, consideration would not be given a town hall in any study of school facilities, in the present case this building warrants attention because its future may well be linked with that of the school buildings themselves.

The Lincoln Town Hall, while of undetermined age, is a very old building (probably built about 1865) that has long since outgrown its suitability for those purposes it now attempts unsuccessfully to fulfill. It is an obsolete structure, inadequate for the civil affairs of the town, and both inadequate and unsuitable for town gatherings, whether political or recreational. It makes no provision whatever for the numerous boards and committees which handle town affairs.

While the building may have become a familiar landmark for which some may hold a sentimental attachment, few will claim for it either a modicum of beauty or compatability with the character of Lincoln. To the visitor it is an unpleasant anachronism.

Pierce Park

Finally, attention must be given Pierce Park. This extensive and attractive plot of land was a gift to the town for park purposes. Consideration has been given the possibility of its use for recreation in the field of organized games and sports. There appears to be pronounced sentiment within the community, however, for maintaining it as a park in accordance with the original intent of the donor. Added to this is the fact that its situation at the junction of Lincoln's two busiest highways militates against the suitability for school purposes. The educational and community needs of Lincoln may be summarized as follows:

School Needs

1. The abandonment of the South School and its consolidation with the other elementary grades.
2. Auditorium facilities.
3. Gymnasium facilities.
4. A school lunch room and kitchen.
5. A suitable health unit.
6. Improved toilet facilities.
7. An adequate kindergarten unit.
8. An adequate school office.
9. A separate teachers' room.

General Community Needs

1. Shower and locker facilities in connection with the Ball Park.
2. An adequate hall for the town's social, recreational, cultural and civic activities.
3. A center providing facilities for civic organizations such as Boy and Girl Scouts, League of Women Voters, Garden Club, Red Cross, Grange, etc.
4. Adequate town offices, including a hearing room and headquarters and meeting rooms for town boards and committees.

Possible Solutions for the Schoolhousing Problem

1. An addition to the Center School providing a kindergarten, two additional classrooms, a combination auditorium-gymnasium with dressing facilities, a lunchroom and kitchen, a health unit and adequate toilet facilities.
2. An independent annex on the Center School site housing the additional facilities that are needed and alterations of the present building to correct insofar as possible its present shortcomings.
3. A new building replacing both the South and Center Schools, correcting the shortcomings of both.

Fundamental Principles Influencing the Choice of Possible Solutions

In weighing the foregoing possible solutions, the School Building Committee should be guided by the following fundamental principles:

1. The school building being the property of the whole community, and representing a considerable investment on its part, should serve community needs as fully and effectively as possible. Those needs first to be met are, of course, the educational needs of school age children. Insofar as it does not interfere with that primary function of the school, however, the building should recognize in its design and manner of utilization the broader educational interests of the community and its recreational, cultural and civic needs.
2. Whatever course the Committee recommends it should avoid an impasse at some future date due to eventually increased enrollments and to changing educational needs. It should avoid the spending of money on major alterations and additions to a structure that fails to fulfill existing needs and that will become more and more unsatisfactory as time goes on until eventually the investment proves not only worthless but actually an educational and community liability. In this connection it should be borne in mind that planning should be done in terms of needs for the next forty or fifty years.
3. The solution recommended should make the most effective use possible of the town's present investments and facilities compatible with existing and future needs.
4. Lincoln's school facilities should be consistent with Lincoln's ability to provide them. Its children should not be denied whatever provisions for a modern and adequate educational program its citizens can well afford.

An Analysis of the Possible Solutions

Solution No. 1

Very careful consideration has been given the first and most obvious of the three solutions listed above. Past

proposals based on this solution have been analyzed and further architectural studies have been made in an effort to overcome their shortcomings.

There are several factors which make a satisfactory outcome practically impossible.

(a) The building, with its closed perimeter, makes no practical provision for adding at any point. All rear walls above the basement contain classroom windows which rule out adjoining construction in that direction. The location of those windows cannot be changed with any success. Additions placed against the blank walls at each end of the building cannot be reached without passing through intervening classrooms. Only at the basement level to the rear is it possible to connect existing and new construction without extensive alterations.

(b) Placing the addition at basement level would be to develop the school as a full three-story building with that form of layout's attendant complications in interior circulation, remoteness of elements from one another and increased fire hazards. It also spreads the addition out in such a manner as to result in an architectural misfit or else necessitates two multiple-storied structures connected by a single link at basement level.

(c) To obtain even partially satisfactory connections between new and old construction, major alterations and destruction of existing work would be unavoidable.

(d) The plan of the existing building and the wall bearing construction employed in it makes impossible any attempt to alleviate the serious space deficiencies of the present classrooms. Any real improvement would involve enlargement yet this cannot be accomplished.

(e) To correct the unsatisfactory toilet conditions growing out of their inaccessible and unsanitary basement location would involve the expense of their replacement elsewhere.

(f) The resulting building would fail to possess the flexibility and expansibility that would permit it to be adapted to future increased enrollments and developments in the educational program.

(g) An addition to the Center School would not take full advantage of the possibilities in physical education and recreation offered by the existing Ball Field or would it permit providing at one stroke the dressing facilities needed there.

(h) Finally, the addition would be larger and represent a considerably greater investment than the existing structure which nevertheless places disastrously stringent limitations on the design of that addition. It would constitute an outstanding example of the tail that wags the dog.

There is, of course, one advantage: Even though the net result would not be wholly satisfactory immediately and probably even less so as time goes on, it would cost somewhat, though not greatly, less than solution number 3.

Solution No. 2

A separate annex building on the same site with the Center School has so few advantages and so many disadvantages that it was discarded early as entirely impractical.

The one advantage is that it would involve the lowest initial cost.

On the other hand it would create numerous inadequacies and disadvantages:

(a) All the general service facilities (auditorium, gymnasium, lunch room, health unit, etc.) would be separated from the existing building which would house the great majority of the pupils.

(b) The contours of the site itself and its depression below road level make it very difficult to design a building of necessarily large floor area which would harmonize attractively with the existing building.

(c) This solution would fail to resolve many of those shortcomings that militate against an addition.

Briefly, present classroom and toilet conditions would remain uncorrected and the potentialities of the Ball Field would not be utilized.

Solution No. 3

The third solution, a new building replacing both the South and Center Schools, while somewhat more expensive immediately than an addition, and definitely more expensive than an annex, would certainly be the least expensive in the long run. Especially is this the case when costs are measured in terms of the benefits accruing to the pupil and the community. These may be listed briefly as follows:

(a) The children would secure the advantages of a completely modern school plant adapted to their educational needs — pleasant classrooms adequate as to size, equipment, furnishings, lighting and finish; an auditorium-gymnasium with an adequate stage; dressing rooms; luncheon facilities; a room providing arts and crafts facilities for upper grades; a suitable health unit, teachers' room and school office; adequate storage space.

(b) The building, freed of limitations in design imposed by existing construction, would be planned so that its layout would be most practical and convenient and so that each of its individual elements would be best adapted to their particular functions.

(c) The building would be suitable in its layout and facilities to meet conveniently and satisfactorily the social, cultural, recreational and civic needs of the community.

(d) The new building would be so designed and constructed that interior changes, as time goes on, may keep the building young and adapted to an evolving educational program.

(e) A new building would be laid out in such a way that additions can readily be made to increase its capacity should enrollments increase during the next four or five decades.

(f) The new building places emphasis on utility, attractiveness to children and on up-to-date standards of safety, health and sanitation.

The Solution Recommended

Because it is the only one that will result in both an immediate and long-term satisfaction of school and community needs, because it will be the most economical in the long run, and because with some state or federal subsidy it is financially possible, Solution No. 3 — A New Building — is the one unqualifiedly recommended.

Utilization of the Present Center School

While there can be no qualms about recommending the outright abandonment of the South School building, there might have been some hesitancy about recommending an entirely new elementary school plant if there could not have been suggested at the same time a disposition of the present Center School building that would constitute real advantages to the town.

As has been pointed out, the present Town Hall is inadequate. True, the erection of a school and community auditorium-gymnasium would remove the necessity for using its second floor hall. Its other shortcomings would remain, however.

It is suggested, therefore, that the existing Town Hall be abandoned along with the old South School and that the present Center School be utilized for the functions that an adequate Town Hall for Lincoln should fulfill.

This course could provide a Town Clerk's office and a Tax Collector's and Assessor's office — each with needed public space, vault, file and storage space; a hearing room; a committee and board room with storage for records of the various groups; a headquarters for Boy Scouts and one for Girl Scouts; an office for Federal Agencies should they continue to be with us; and, finally, headquarters and a meeting room for such civic organizations as the Red Cross, League of Women Voters, Garden Club, Grange, etc.

These facilities could be provided at a minimum of cost for renovation of the present building. A long-felt community

need would be met thereby, and the old Town Hall finally could be retired from service.

It is suggested that the town of Lincoln appoint an appropriately qualified committee to make a thorough investigation of the possibilities of converting the Center School.

Notes on the New School

1. *Site*

   The site recommended for the proposed new school adjoins to the west the present Ball Field.

   This location is a most central one, conveniently accessible from all directions. The present transportation program would not be materially affected by its use. Convenience of approaches would be enhanced by the acquisition of a right of way to Sandy Pond Road.

   In this location the school would be well away from a busy highway, in safe, quiet and attractive surroundings. It would take advantage of those facilities which the existing Ball Field provides, thus reducing the amount of land the town would otherwise need to purchase.

   To the west of the Ball Field is farm land which could be developed at minimum expense. In extent, contours, soil and elevation it is admirably suited to school building and playground needs. The committee recommends the purchase of this land to accommodate the building, its setting, its playgrounds for different age levels, and parking space for those using the school facilities and Ball Field.

   It is recommended that the town take steps to acquire this land immediately and not wait until actual construction can be started.

2. *The Building*

   It is recommended that the building be of one story construction in conformity with best modern school design practice. This results in a building of a less expensive class of construction, a building whose various parts are most conveniently accessible, that takes fullest advantage of outdoor air and sunshine, that is convenient to administer, that may be more inviting and attractive

rather than formal and imposing, that is most adaptable to additions and changes.

The building might well make full use of the lighter forms of construction that have been developed in recent years — forms that place primary emphasis on attractive utility as opposed to monumental splendor.

Costs

No attempt has been made to obtain conclusive estimates of cost. This is correctly the undertaking of a subsequent Building Committee and must be based upon adequate architectural studies.

On the basis of prewar construction costs (1940), however, it is estimated that expenditures for the proposed solution at that time would have been approximately as follows:

Land[1]	$5,000	to	$5,000
New Building	120,000	to	140,000

It is estimated that present building costs have increased some 30% over prewar costs. It appears likely that these increased costs will continue in effect for some time after the war. Correcting, then, the foregoing figures for construction only to bring them in line with existing costs, the probable amount which should be allowed for such a school building, including land increases from $125,000 and $145,000 to $161,000 and $187,000. This amounts to from $644 to $748 per pupil for capital outlay. This is in line with costs elsewhere corrected for recent price increases.

Present indications are that some form of Federal subsidy for public works will be made available after the war as an aid to peacetime employment. If this occurs and Lincoln obtained such a subsidy, it would do much to lessen the town's financial outlay.

Assuming for a moment a 45% Federal grant, as during the P. W. A. program, Lincoln's share would be from $88,500 to $102,850.

[1]This figure is assigned arbitrarily in order to arrive at some conclusions on cost.

Twenty-year bonds in this amount at an interest rate of 2½% would cost, for interest and amortization, $5,677.01 to $6,597.52 per year.

At the present time one mill of taxation raises approximately $3,842. The added cost to the town then would be about 1½ mills of taxation or about $1.50 per $1,000 unit of evaluation.

Maintenance and Operation

It is impossible to predict with any degree of accuracy what differences there would be in building maintenance and operation costs.

The only foreseeable differences would lie in heat, light, power, custodial services and building up-keep. Building operation (heat, light, janitor and power) might be expected to increase to some extent because adequate classrooms, auditorium-gymnasium, dressing rooms, cafeteria, etc., would increase the total space to be heated, lighted and cared for, and because more extensive use of the school facilities might be expected. This increase would be less in relation to present expenses than it might be, however, because of two existing factors — the present necessity for operating and maintaining two buildings rather than one, and the present age and condition of the buildings which tend to increase maintenance costs. The new school would be served by one heating plant; one electric meter, one custodial staff instead of two. For a good many years, because of newness, costs for up-keep would be relatively low.

The cost of building operation for the year 1942–43 was $3,640. If we allow an increase of 40%, that cost for a new building would be $5,096. School building maintenance in 1942–43 cost $1,300. If, over the first ten-year period, the maintenance cost would increase $1,456 over present figures, or 31% of the total operation and maintenance budget. This is little more than ⅓ of 1 per cent (0.38%) of the total school budget.

JOHN E. NICHOLS,
Consultant.

You have noted in the report that one of the recommendations is that the present Center School be converted into Town Hall use. We therefore asked the Planning Board to find out what the requirements would be for the Town Officials and various civic organizations. Their report follows:

Mr. William N. Page, *Chairman*,
Committee for Future School Development,
Lincoln, Massachusetts.

Dear Sir:

At the request of your Committee, the Planning Board has interviewed Department Heads and Organizations directly affected by future expansions of Town Hall facilities. From these conferences, a brief outline of requirements would resolve into the following:

1. A General Hearing Room with a seating capacity for 50 to 60 persons. This type of room would serve the town as a Public Hearing Room.

   It was recommended, in preliminary discussions, that a small kitchen adjoin this room, thus making it useful to many organizations now using the lower Town Hall.

2. The requests of the Board of Health would indicate the need of two adjoining Consultation Rooms; one to be approximately 9 x 12 with First Aid and Sterilization equipment. The other should be approximately 8 x 10. An office for the nurse should also be provided in this building.

   It was generally conceded that the Child Welfare Clinic could function providing the Consultation Rooms were so situated that the Public Hearing Room would serve as a Waiting Room.

3. A room approximately 14 x 18 to be used by the Town Departments for their regular meetings.

4. The Town Clerk, Treasurer, Collector of Taxes, and Assessor would need a room approximately 16 by 16 which could be used jointly.

5. A Drafting Room to serve the Water Department, Highway Department, Building Inspector, Planning Board, and Town Engineer.

   It was suggested that two small conference rooms adjoin this office for the purpose of private consultations.

6. The Selectmen would require a private room approximately 20 x 30, with a connecting room approximately 8 x 12 for Secretary.

7. The Police Department is anticipating the need of two cells, space for office, Radio Room and Guard Room. It was deemed advisable to consider the ultimate need for garage facilities for two cruising cars.
   This Board is of the opinion that part of the basement at the present Center School Building could be converted to meet these requirements.

In considering the future growth of the Town of Lincoln, this Board feels that combined with the planning of school requirements should be the design for an auditorium to seat between 650 and 700 people. There is every indication that with a centralized school plant and auditorium, the present Center School Building would serve as a Town Office Building for many years to come.

CHARLES K. FITTS, *Chairman*,
WALTER E. LOVEJOY, *Secretary*,
ROBERT D. DONALDSON,
JOHN O. WILSON,
HAYWARD PIERCE.

We have unanimously accepted and endorsed the reports as submitted and feel it is only the preliminary step in the solution of the problem. There is still much to be accomplished and, we believe the committee should continue to function so that its work can be carried to a conclusion and in order that the citizens of the Town will have all the necessary information at hand by which to pass judgment.

The Town appropriated for the Committee's use the sum of $350.00 of which we have spent $209.50. This amount covers

the expenses of the Consultant and his fees, together with the preparation of certain drawings and reports.

We are requesting the Town to appropriate $500 for the Committee's use for surveys and consultant's fees for 1945.

Respectfully submitted,

WILLIAM N. PAGE, *Chairman*,
JAMES DeNORMANDIE,
CHARLES K. FITTS,
MARGARET H. NORTON,
ALBERT A. SCHAAL.

REPORT OF THE LINCOLN SCHOOL COMMITTEE for the Year 1944

We submit herewith our annual report covering the year 1944:

PERSONNEL: Mr. Clark Dexter, Principal of Schools, joined the U. S. Navy in the early part of the spring and has been granted a military leave of absence by the Committee. He was not called to duty until after the close of the school year so that there was no interruption in the program he was endeavoring to work out. To replace him, we have been most fortunate in obtaining the services of Mr. Arthur J. Dows who has had many years' experience in the teaching profession both as a principal and teacher. He is carrying on his duties most ably.

Miss Pauline Hempel resigned as teacher of the fourth grade and has been replaced by Miss Helen T. Houston.

As teacher of the newly established kindergarten, we have engaged Miss Dorothy L. Austin.

In accordance with the recommendations set forth in the Harvard Survey, we experimented having music taught by one of the regular grade teachers. It was found after careful analysis that this was working an undue hardship on both the teacher and the pupils in her grade. Consequently, the Committee engaged the services of Mrs. Josephine R. Gleason to devote one day each week to music instruction.

Mrs. Barbara R. Ennis resigned as assistant at the first grade and was replaced by Miss Elizabeth M. Tibbets.

Mr. Edgar Browning resigned as custodian of the Center School. Due to the manpower situation, this position proved exceedingly difficult to fill and the Committee explored every known avenue. Fortunately, we obtained the services of Mr. Wilfred Smith who is custodian of both the Center and South Schools. Mr. Smith is doing a very capable job.

KINDERGARTEN: In accordance with the appropriation as made available at the Town Meeting, a kindergarten has been established at the Center School. The room formerly

known as the cooking room has been attractively decorated and the floor covered with linoleum. It has turned out to be a most satisfactory room for this purpose being on the ground level and has been adequately equipped for use. Enrollment was 25 pupils and attendance from the opening to the day of this report has been as follows:

Month	High	Low	Average Day
September	25	13	20.6
October	24	18	20
November	24	11	18.2
December	17	8	12.5
January (Part)	19	9	15

The fluctuations in attendance are wide on a day to day basis as the above figures will indicate.

MAINTENANCE: The buildings have been properly maintained during the past year and are in good condition. In addition to the rehabilitation of the kindergarten room, we have painted two classrooms and have installed bulletin board panels in all rooms for the display of individual work and other material.

BUDGET: A budget for the year 1945 has been submitted to the Finance Committee in the amount of $50,496.04 as against an actual expense of $47,178.06 for the year 1944. The budget for that same year was $48,485.80.

In this budget, we have proposed money for increased salaries which include a change in the maximum for teachers from $1,700 per year to $1,900 per year. We feel very definitely that these proposals are warranted in accordance with present day conditions. We are also asking for provision for the engaging of a music teacher on the basis of two days per week instead of one day as now exists.

Our maintenance program calls for the painting of four classrooms, the painting of the trim at the South School and the building of a partition in one of the basement rooms to provide headquarters for the School Nurse.

You will note that there is an increase in transportation costs from an actual $8,715.44 to $10,022.04. This is due to an increase in contractual costs not only in the operation of the busses but in the transportation of those children attending

high schools other than Concord. The amount expended for high school transportation returns to the Town by way of reimbursement by the State.

During the past year, we have been most anxious to improve continually our schools and we feel we have progressed. There is always room for improvement and we will strive to maintain a school system of which the people in the town may be proud. The interest shown on the part of the parents particularly has been most encouraging and we welcome their cooperation.

The Committee wishes to thank Mr. Larrabee, Mr. Dows and the entire teaching staff for their splendid endeavors and the results accomplished.

Respectfully submitted,

WILLIAM N. PAGE, *Chairman.*
ROLLIN J. FAIRBANKS,
SUSAN L. BRIGGS.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Lincoln School Committee:
Lincoln, Massachusetts.

I herewith submit my second annual report as Superintendent of Schools in Lincoln.

The joint School Committee of Lincoln and Concord met on April 12, 1944 as provided by law. The Committee for the Massachusetts Superintendency Union No. 70, for the year beginning in April, 1944, is composed of Mr. Harold Tompkins, Chairman; Mr. William N. Page, Secretary, Mrs. Charles V. Briggs; Mrs. Winslow J. Damon; Mr. Joseph F. King; and Rev. Rollin J. Fairbanks.

The following teachers terminated their services with the Lincoln School Department during the past year: Mrs. Barbara R. Ennis (assistant Grade One), Miss Pauline Hempel (Grade Four), and Miss Maxine Swett (Grade Eight). Principal Clark L. Dexter was granted a military leave of absence beginning in September. Principal Dexter received a Commission in the United States Naval Reserve.

Mr. Arthur J. Dows was appointed Principal to succeed Mr. Dexter. Miss Madeline Tobin was transferred from Grade Five to the Junior High School. Mrs. Eleanor L. Harris was appointed substitute in the fifth grade position. Miss Helen T. Houston was elected to the fourth grade position. Miss Elizabeth M. Tibbetts was appointed Grade One assistant. Miss Dorothy L. Austin was elected teacher of the Kindergarten. Mrs. Josephine R. Gleason was appointed Supervisor of Music.

Although in each case of a teacher resignation we lost a strong teacher, the replacements have been equally competent.

The outstanding advance of the year was the establishment of a Kindergarten. The new quarters provided at the Center School have proved to be attractive and satisfactory. The registration of twenty-five children justified the expenditure. The entrance age was established at five years of age by January 1, following the September entrance. This program

will aid in preparing the children more acceptably for entrance into the first grade. The entrance age for the first grade is six years of age by January 1, following September entrance.

The second year with an Art Supervisor has served to indicate that the time and money now spent in this field are more than justified. Worthwhile results are evident in the work of every grade.

The program of Music was improved by employing a special Supervisor to teach and supervise the classroom music. This program, begun two years ago, is now well under way. The Supervisor is now employed for one day each week. A program calling for employment of a Supervisor for two days each week is justified, and would better meet our needs.

The employment of Dr. Anna C. Wellington, as a special examiner and testing specialist, has given to us the beginning of an excellent program, for competent evaluation of the children's abilities, and a scientific approach to understanding their individual needs and capacities. This program tests all the Kindergarten and Grade One children and tests special cases in the upper grades.

The establishment of the Kindergarten allowed us to employ a full time teacher who conducts the Kindergarten in the morning, and who conducts a remedial program in the afternoon in the lower grades. This remedial program is particularly helpful in giving special assistance to children who are backward in Reading.

General supplies, books and visual aids have been adequate, so that the teachers have had the necessary tools to carry on their work.

An increase in the teachers' salary schedule will aid in obtaining and holding high quality teachers. The lack of opportunities for teachers to live in Lincoln is a handicap in obtaining teachers.

The greatest need is an improvement in the physical facilities. A complete school program cannot be offered unless better facilities are available for assembly, gymnasium, physical education, clinic, rest rooms, teachers' rooms, cafeteria, nursery school, and other specialized rooms.

Although limited facilities exist for a really modern school, the faculty is doing an excellent job. Their co-operation, untiring effort, and excellent morale are most stimulating to all who have contact with the schools of Lincoln.

A modern approach to the teaching program has been advocated by the Principal and has been followed, to a large degree, by the teachers. The following points are often cited in educational literature as characteristic of modern instructional practice:

(1) Learning experiences should be organized in large units around the natural interests, needs, and purposes of the learner.

(2) Learning experiences should be as nearly like real life experiences as possible.

(3) Learning experiences should be numerous and very diverse.

(4) Learning experiences should be adjusted to individual differences among learners.

(5) Learning experiences should stimulate the growth of the whole child.

(6) Learning experiences should produce outcomes in terms of controls of conduct, namely understanding, attitudes, and appreciations, special abilities, and skills.

(7) Learning experiences are participated in by the teacher who stimulates and grades the learning experience of the children.

The School Committee, and School Department employees have been most co-operative. Again it has been a pleasure to work in an atmosphere of mutual respect and co-operative effort, designed to provide what is best for the children of Lincoln.

Respectfully submitted,

H. PAUL LARRABEE,
Superintendent.

December 31, 1944

REPORT OF SCHOOL NURSE

To the School Committee of Lincoln:

A report of school nursing for the year ending December 31, 1944, is hereby submitted.

Schools have been visited daily. There have been 289 office calls for treatment or advice; 37 pupils have been taken home from school; 169 home visits have been made to check on absent pupils; and 2 visits with pupils were made to hospital clinic.

Dr. Randolph Piper, of Concord, replaced Dr. Benjamin Wood as school physician in September.

I assisted Dr. Piper with the yearly physical examination of each pupil and notice was sent to parents of any physical defect, or a home visit was made to talk with parent. Other routine check-up was carried on, and each pupil was weighed and measured three times during the year.

The children entering Kindergarten attended the Well Child Conference 98.08%; those entering first grade 99%; they were weighed and measured; given vision test; physical examination, and if necessary inoculation and vaccination by Dr. John A. V. Davies of Boston.

Two pupils were taken to Middlesex Sanitorium for Von Pirquet test and X-Ray.

A very healthy year was enjoyed by all.

Respectfully submitted,

MARIAN N. OBER, R.N.,
School Nurse.

NOTICE

Business Meeting, Monday, March 5, 1945 at 7:30 P.M.

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the Transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the fifth day of March next at 7:30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the tenth day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested in each of the Post Offices, and in some other public place in said Town seven days at least before the fifth day of March next:

The polls for voting the Australian ballot on Saturday, March tenth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers and any other officers required by law, to be elected by Australian Ballot, Viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trust Fund Commissioners for one year.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Selectmen

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Selectmen

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Department, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Selectmen

Article 5. To raise and appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Selectmen

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Selectmen

Article 7. To see if the Town will vote to appropriate the sum of $40,000 from free cash for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, or take any action relative thereto.

Finance Committee

Article 8. To see if the Town will accept $12,000 as a gift from Julian DeCordova, Esq., $10,000 of the above sum to be turned over to the Trust Fund Commissioners under the following conditions:

This sum shall be invested and the income shall accumulate and be invested from time to time. Upon and after my decease the Trust Fund Commissioners shall pay over such amount from the Fund out of income, principal or both, from time to time as the Selectmen in their sole judgment shall requisition for the purpose of making repairs or improvements to and for maintaining and operating the property heretofor conveyed by me to the Town (subject to a life interest in myself) for use of the Town as a Museum and Park, until the fund hereby created is exhausted.

The other $2,000 to be paid in to the General Funds of the Town.

Selectmen

Article 9. To see if the Town will vote to raise and appropriate the sum of $1,250 due the Commonwealth of Massachusetts arising from the accidental death of William H. Ryan, or take any action relative thereto.

Selectmen

Article 10. To see if the Town will authorize the Selectmen to repair the buildings on the Pierce property; cost to be defrayed by Robert Pierce under arrangements similar to those proposed under the rental agreement; or if necessary the cost to be defrayed from accumulated income of the John H. Pierce Fund, or take any action relative thereto.

Selectmen

Article 11. To see if the Town will accept as a public way the private road known as Cedar Road as shown on a plan on file in the Land Registration Office being plan numbered 1146 and approved by the Board of Survey of the Town of Lincoln, October 21, 1941, this acceptance being subject to the payment to the Town of an amount sufficient to properly surface the road or take any action relative thereto.

Selectmen

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid. Given under our hands this 12th day of February in the year of our Lord one thousand nine hundred and forty-five.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT SCHAAL,
Selectmen of Lincoln.

WARRANT

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the fifth day of March next at 7.30 o'clock P.M., then and there to act on the following Articles, except Article 1, and also to meet in said Town Hall on Saturday, the tenth day of March, next at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested in each of the Post Offices, and in some other public place in said Town seven days at least before the fifth day of March next. The polls for voting the Australian ballot on Saturday, March tenth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers and any other officers required by law, to be elected by Australian Ballot, viz.:

One Moderator for one year.
One Town Clerk for one year.
One member of the Board of Selectmen for three years.
One member of the Board of Assessors for three years.
One Treasurer for one year.
One Collector of Taxes for one year.
One Auditor for one year.
One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trust Fund Commissioners for one year.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Department, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Article 5. To raise and appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 7. To see if the Town will vote to appropriate the sum of $40,000 from free cash for the purchase of war bonds or

other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, or take any action relative thereto.

Article 8. To see if the Town will accept $12,000 as a gift from Julian DeCordova, Esq., $10,000 of the above sum to be turned over to the Trust Fund Commissioners under the following conditions:

This sum shall be invested and the income shall accumulate and be invested from time to time. Upon and after my decease the Trust Fund Commissioners shall pay over such amount from the Fund out of income, principal or both, from time to time as the Selectmen in their sole judgment shall requisition for the purpose of making repairs or improvements to and for maintaining and operating the property heretofor conveyed by me to the Town (subject to a life interest in myself) for use of the Town as a Museum and Park, until the fund hereby created is exhausted.

The other $2,000 to be paid in to the General Funds of the Town.

Article 9. To see if the Town will vote to raise and appropriate the sum of $1,250 due the Commonwealth of Massachusetts arising from the accidental death of William H. Ryan, or take any action relative thereto.

Article 10. To see if the Town will authorize the Selectmen to repair the buildings on the Pierce property; cost to be defrayed by Robert Pierce under arrangements similar to those proposed under the rental agreement; or if necessary the cost to be defrayed from accumulated income of the John H. Pierce Fund, or take any action relative thereto.

Article 11. To see if the Town will accept as a public way the private road known as Cedar Road as shown on a plan on file in the Land Registration Office being plan numbered 1146 and approved by the Board of Survey of the Town of Lincoln, October 21, 1941, this acceptance being subject to the payment to the Town of an amount sufficient to properly surface the road or take any action relative thereto.

HEREOF FAIL NOT

and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid.

Given under our hands this 12th day of February in the year of our Lord one thousand nine hundred and forty-five.

SUMNER SMITH,
HERBERT G. FARRAR,
ALBERT SCHAAL,
Selectmen of Lincoln.

On the reverse of the Warrant is the following:

February 23, 1945.

I have served this Warrant by posting attested copies at both Post Offices, the Railroad Station and Town Hall seven days before the date of said meeting.

JOHN J. KELLIHER,
Constable.

ANNUAL TOWN MEETING

Monday, March 5, 1945

In accordance with the above Warrant the meeting was called to order by the Moderator at 7.30 P.M. The return of the Warrant was read, and the Moderator called attention to Article 1.

Article 2. *Voted:* That Hermon T. Wheeler and Harold S. Cousins be elected Measurers of Wood and Bark for the ensuing year.

Article 3. *Voted:* That the reports of the Town Officers, Committees, Commissioners and Trustees be accepted, and that the report of the Committee appointed for studying the needs of the Lincoln schools regarding building facilities and equipment be accepted as an interim report and that the Committee be continued in effect for further consideration of the matter and shall report at the next regular Town meeting or to any earlier meeting called to consider the Committee report.

Article 4. *Voted:* That the salaries of the elected officers of the Town for the current year be fixed at the following amounts respectively:

Selectmen each	$200 00
Treasurer	200 00
Collector of Taxes	1,375 00
Town Clerk	250 00
Assessors, Chairman	200 00
Assessors, other members each	175 00
Auditor	150 00
Water Commissioners, each	75 00

and that the Water Commissioners be authorized to employ one of their members as Superintendent of the Water Department at a salary of $400.00 per year, and that one or more Cemetery Commissioners be authorized to work on the Cemetery grounds at the rate of $1.00 per hour.

Article 5. *Voted:* That the following appropriations be made:

Cemeteries	$1,200 00
Elections	75 00
Fire Department	2,500 00
Health, Board of	2,640 00
Highways	15,500 00
Hifhways Chapter 90	3,240 00
Highway Machinery Account	2,250 00
Highway Machinery Fund	1,000 00
Insurance	3,151 00
Interest	350 00
Library and Dog Tax	1,490 00
Miscellaneous	3,413 00
Payment Town Bonds	5,000 00
Planning Board	400 00
Police	2,800 00
Public Safety	200 00
Public Welfare	1,000 00
Aid to Dependent Children	1,000 00
Old Age	10,581 00
Veterans Aid	500 00
Reserve	1,000 00
Salaries	3,625 00
Schools	50,175 00
Schoolhouse Plans	500 00
Street Lights	4,200 00
Summer Playground	500 00
Town Hall	2,755 00
Tree and Moth	2,375 00
Bonus	2,250 00
	$125,670 00
Water Works	14,175 00

Voted: That the appropriations for Water Works be taken from the Water Works Treasury until the same is exhausted, and balance from current year's receipts, and for other appropriations the sum of $7,000.00 be taken from Free Cash.

Voted: (unanimously) That $76.35 be appropriated to pay the Building Inspector's salary for the year 1942.

Voted: That $2,160.00 State and County share for Chapter 90 work be appropriated from Surplus Revenue, and repaid

to that account when received from the Commonwealth and County.

At this time a motion to reconsider the cemetery appropriation under Article 4 was lost.

Article 6. *Voted:* That the Town Treasurer with the approval of the Selectmen be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 7. *Voted:* (unanimously) That the Town appropriate the sum of forty thousand ($40,000) dollars to be taken from Free Cash, for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943, and that the issue or issues of bonds so purchased be determined by the Trust Fund Commissioners.

Article 8. *Voted:* (unanimously) That the Town accept $12,000.00 as a gift from Julian DeCordova, Esq., $10,000.00 of the above sum to be turned over to the Trust Fund Commissioners under the following conditions: This sum shall be invested and the income shall accumulate and be invested from time to time. Upon and after my decease the Trust Fund Commissioners shall pay over such amount from the fund out of income, principal, or both from time to time as the Selectmen in their sole judgment shall requisition for the purpose of making repairs or improvements to and for maintaining and operating the property heretofor conveyed by me to the Town (subject to a life interest in myself) for use of the Town as a Museum and Park until the Fund hereby created is exhausted. The other $2,000.00 to be paid into the General Funds of the Town.

Article 9. *Voted:* (unanimously) To raise and appropriate the sum of $1,250.00 due the Commonwealth of Massachusetts arising from the accidental death of William H. Ryan.

Article 10. *Voted:* That the Town authorize the Selectmen to repair the buildings on the Pierce property, cost to be defrayed by Robert Pierce under arrangements similar to those proposed under the rental agreement: or if necessary the cost to be defrayed from accumulated income of the John H. Pierce Fund.

Article 11. *Voted:* To postpone indefinitely.

Voted to adjourn at 9.30 P.M.

WILLIAM H. DAVIS,
Town Clerk.

ANNUAL TOWN ELECTION

Saturday, March 10, 1945

In accordance with Article 1 of the Warrant the Polls were declared open at 12 o'clock Noon by the Moderator, the ballot box was inspected and the following ballot clerks were duly sworn: Bertha V. Bowles, Helena A. Dee, Joseph Frazier, Howard Snelling, Manley B. Boyce, and D. Everett Sherman, Jr. The Polls were declared closed at 7 o'clock P.M. Total votes cast 644 with the following results:

REPORT OF BOARD OF SELECTMEN

The Board organized with Sumner Smith as Chairman. Appointments made by the Selectmen during the year are printed with the list of Town Officers.

Bedford and Virginia Roads

Nothing has resulted from this action to date.

The State Department of Public Works is holding a hearing on the State Highway Layout in the Towns of Lexington, Lincoln, and Bedford on February 6th.

Courts Cases Settled

The Giles case ended when the objects of violation were cleared away in July, 1945.

Murphy and Halloran removed all the pigs by April 1, 1945, and this case was ended.

Fire Chief Resigns

Matthew H. Doherty, who has given many years of valuable and co-operative service to the Town as Chief of the Fire Department resigned the first of the year because he did not think it sensible for personal reasons to assume the responsibility longer, but generously agreed to act until a successor was appointed. The Selectmen appoint the fire engineers, and the latter in turn elect their Chief.

De Cordova Estate

Julian DeCordova gave his Lincoln land, buildings and contents to the Town on November 29, 1930, subject to his own life interest. Upon his death November 26th last, the Town came into actual possession of this property and the Selectmen immediately, but temporarily, covered the contents against fire for $250,000. The buildings have been insured for $100,000, but the insurance companies have been reluctant to cover the contents permanently without an accurately described inventory and expert appraisal. To obtain such an appraisal of the contents of thousands of pieces would cost high, how high no one will estimate, but probably over $10,000. Since the Selectmen have certain restricted

rights to sell the contents, and buy more specimens, the principle of screening the contents to keep the best pieces and dispose of the balance was considered. An art expert, who already was quite familiar with the property examined the contents and submitted the enclosed report.

The Selectmen fully realize the responsibility of trying to develop this gift into something useful, interesting, and valuable and much consideration must be given even the slightest move to prevent making a mistake that cannot be rectified. For this reason the Board will welcome communications and will be glad to hold meetings or give interviews to all who desire information or have constructive ideas to propose on this DeCordova and Dana Memorial.

The present market value of the collateral from which the Town will in time receive income for the benefit of the museum, buildings, and grounds is about $1,800,000, from which will be deducted legacies and expenses. Maintenance of the property is now being charged to funds Mr. DeCordova gave the Town for that purpose.

CITY LIBRARY ASSOCIATION
Museum of Fine Arts
Springfield, Mass.

January 29, 1946.

Board of Selectmen,
Town of Lincoln,
Massachusetts.

Gentlemen:

As a result of my meeting with you on Saturday, January 12th, to inspect the De Cordova collection, and from my previous acquaintance with the collection, I feel justified in saying that for the most part the material is utterly worthless from any museum point of view. The monetary value of most of the material is far below what the collector was pleased to intimate, and the artistic quality of the collection as a whole is well below the standards adhered to by even the smaller of the country's museums. This being the case, it would seem wise to appoint a committee or board whose responsibility it is to study and act on the following problems: (1) inventory and evaluation for insurance purposes, (2) the

disposition by auction of much of the collection, (3) plans for the utilization of such objects as well as retained, and (4) the function of the De Cordova house itself.

Generally speaking, the material to be retained would consist of most of the tapestries, a selection of the glass, the prints, a very, very limited number of the oil paintings, the oriental sculptures, porcelains and textiles, some other ceramic pieces and some furnishings.

The present condition and arrangement of the house does not warrant its further use. It would be well to consider demolishing it and in its stead build a community center for the arts; i.e., a little theater for amateur theatricals, motion pictures and concerts, meeting rooms for local groups, and exhibition galleries for the display of the retained collection and temporary exhibits of local and regional contemporary art.

Sincerely yours,

FREDERICK S. ROBINSON,
Director.

REPORT OF THE FINANCE COMMITTEE

The report of the Finance Committee is presented in a new form, designed to give a clearer picture of the various activities of Town government.

Municipal and State expenditures will show a marked increase in the immediate post-war years. The higher cost of materials and labor, together with the need for replacement of equipment and for postponed capital outlay will inevitably be reflected in higher tax rates throughout the Commonwealth. We recommend that normal operating expenditures be met by current receipts. This will put us on a true budget balance for the new economic era that lies ahead. The large amount of available free cash can properly be used to meet the expenditures which have been postponed during the war and which are now necessary. Any balance of free cash should be retained as a back-log against any large capital outlay, which may face the Town.

We recommend an appropriation of $1,000 for mosquito control, to be expended under the direction of the Board of Health. The Finance Committee does not feel that it is competent to pass on the merits of this project. It is recommended by our Board of Health and the State Board as a measure to control the malaria bearing mosquito. The return of members of the armed forces from countries where malaria is prevalent is of course the basic reason for this precaution. We wish to point out, however, that one thousand dollars is insignificant compared to what would be needed properly to maintain mosquito control over the whole Town. The results obtained from this experiment should be carefully watched.

We include in our report a tabulation showing certain comparative expenditures for schools in fifteen towns. These towns were chosen as being reasonably comparable to Lincoln in size, valuation, and above all in type, which is probably the best yardstick to use in such a comparative study. Inasmuch as the appropriation for schools is our major expenditure, we submit the table so that the citizens may compare our costs with those of other communities.

ANALYSIS OF SCHOOL EXPENDITURES IN 15 TOWNS

Town	Population (1940 census)	Valuation	Cost of Schools	Number of Pupils	Cost Per Capita	Cost Per Pupil	Cost per $1,000 Valuation
Wenham*	1220	$3,822,970	$28,522 36	192	$23 38	$148 55	$7 50

Average (excluding Lincoln)	1,303	1,709	1,982

*Highest figure used in computing averages.
†Teaching Principal

The Finance Committee is satisfied that the Town must make arrangements for additional and more adequate school facilities without unnecessary delay.

The "Special Committee for Investigating the Needs of the Lincoln Schools," headed by Mr. Page, has done an unusually thorough and conscientious piece of work in its investigation, in its reports to the Town as to the school needs, and in making suggestions for meeting them.

Their primary suggestion of course is for a new school building to take the place of the two inadequate present buildings.

This new school will be the first substantial addition to the "town plant" in many years. In our growing Town it will probably represent only the first of a number of substantial additions and improvements which the Town will want and for which it will be glad to pay.

The location of the new schoolhouse will have a definite and perhaps determining effect on the future layout of the Town and its public buildings. Accordingly, as we begin the program, the finance committee is unanimously of the opinion that prior to becoming committed to any given location for the new school the Town should have the benefit of the best available professional advice as to the long-range public property layout for the Town to meet both known and potential needs.

With such advice made available the Town can proceed with assurance that the location of the new school will fit in with the best program obtainable to satisfy our long-range needs.

To that end we have inserted an article in the warrant for the Town's consideration which, if adopted, should give us such a comprehensive plan at least before July 1st.

We recommend that of the following appropriations the sum of $7,000 be taken from free cash.

Recommendations for 1946, with Expenditures in 1945

GENERAL GOVERNMENT

	Expended 1945	Total 1945	Recommended 1946	Total 1946
Selectmen

TOTALS FOR BONDS AND INTEREST	$5,250 00	$5,250 00	$5,200 00	$5,200 00

TOTAL RECOMMENDATIONS	146,035 00
WATER WORKS	24,93 500

See report of Water Commissioners for details.

Much of the increase in department budgets is due to higher cost of supplies and a higher base wage for employees. Unusual increases in budget recommendations beyond these increased unit costs are explained as follows:

Town Hall — Extraordinary repairs to the roof, and painting.

Police — An additional officer and a new car.

Tree and Moth — An added item of $500.00 for poison ivy control along the roadsides.

Old Age Assistance — Added cost due to State Law whereby children are not required to help in the support of needy parents.

Schools — Amortization on new busses, a larger than usual item for books and supplies and an increased item for the superintendent's salary.

Highways, Chapt. 90 — New Construction on Trapelo Road.

Highways — Snow removal.

Highway Machinery Fund — To create a machinery sinking fund large enough to insure replacement of equipment in the future.

Estimated tax rate for 1946, based on 1945 valuations, the Governor's budget message, the same receipts as in 1945, and the budget recommendations of the Finance Committee. $28.

Cost to the Town per thousand dollars appropriated, based on 1945 figures is equivalent to 26.8 cents on the tax rate.

Respectfully submitted,

F. WINCHESTER DENIO,
GUILBERT WINCHELL,
GEORGE G. TARBELL.

OVERLAY ACCOUNT

Overlay balances of years previous to 1942 have been transferred to Overlay Reserve.

1942 Overlay Account	
Balance in 1942 Overlay Account December 31, 1945	$6 25
1943 Overlay Account	
Balance in 1943 Overlay Account December 31, 1945	16 90
1944 Overlay Account	
Balance in 1944 Overlay Account December 31, 1945	1,908 51
1945 Overlay Account	
Balance in 1945 Overlay Account December 31, 1945	2,980 55
Total of overlays reserved for Abatement of Taxes	$4,912 21

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

During the year 1945 two new cases were approved for Old Age Assistance. Four cases were closed, two because of death and two because of other resources.

On January 1, 1945, twenty-five cases were receiving aid. Total number of cases aided during the year was twenty-seven, settled as follows: Lincoln 17, other Cities and Towns 3, no settlement 7.

The twenty-three cases receiving aid on December 31st are settled as follows: Lincoln 15, other Cities and Towns 3, No settlement 5.

Expenditures During Year 1945

To Other Cities and Towns	$239 73
Administration and Travel	470 00
Aid to and in behalf of recipients	14,888 63
Total	$15,598 36

Respectfully submitted,

ANTHONY J. DOHERTY,
JOHN J. KELLIHER,
M. ELIZABETH CAUSER.

ASSESSORS' REPORT

The Board of Assessors submit the following report for the year 1945.

Computation of Tax Rate

		$95,701 57

Contingent Liabilities:
$15,000 General Lien 1¼% Bonds, Pending Litigation.

FREDERICK B. TAYLOR,
Treasurer.

While the cash balance of the Town is now much larger than it used to be prior to the war, this is in part due to more prompt payment of taxes. The Town, so far as its current financial condition is concerned, is about $30,000 better off than it was ten years ago (exclusive of the Post-War Maintenance Fund):

	December 31 1945	December 31 1935
Cash on hand, General Funds	$85,423	$39,742
Uncollected taxes	5,437	37,772
Tax titles	....	897
Due from County and State for Chapter 90 expenditures	2,151	....
	$93,011	$78,411
Less outstanding debt	15,000	30,000
	$78,011	$48,411

JOHN H. PIERCE LEGACY

AUDITOR'S REPORT FOR 1945

Following you will find a report of all the money paid out by the Town Treasurer on order of the Selectmen of Lincoln.

I have examined the accounts of the officers entrusted with the receipts, custody, and expenditure of money and find that the reports of these officers are correct.

I have visited the First National Bank of Boston and verified all the securities of the Town that are kept in the Safe Vault.

JAMES W. LENNON,
Auditor.

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Division of Accounts

February 28, 1945.

To the Board of Selectmen:
Mr. Sumner Smith, *Chairman,*
Lincoln, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Lincoln for the year ending December 31, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW:MMH

Mr Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Lincoln for the year ending December 31, 1944, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments collecting or disbursing money for the town, were examined and checked for the period of the audit.

The records of appropriations and expenditures therefrom kept by the selectmen were analyzed and checked with the amounts voted by the town, as shown by the town clerk's record of town meetings, and the transfers from the reserve fund, as recorded, were compared with the amounts authorized by the finance committee. Ledger accounts were compiled, and a balance sheet, which is appended to this report, was

prepared showing the financial condition of the town as of December 31, 1944.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and verified by comparison with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury. The recorded payments were checked with the selectmen's orders authorizing the disbursement of town funds.

The cash books were footed, and the cash balance on January 17, 1945, was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of cash in the office.

The recorded payments of debt and interest were proved with the amounts falling due and with the cancelled securities and coupons on file.

The records of tax titles held by the town were examined and listed. The amounts added to the tax title account were compared with the collector's records, and the tax title deeds, as listed, were checked with the records in the Registry of Deeds.

The savings bank books and securities, representing the investment of the several trust funds in the custody of the town treasurer, trust fund commissioners, and library trustees, were examined, the income being proved and the withdrawals verified.

It was noted in the examination of the Post-War Rehabilitation Fund that the proceeds of securities which were held in the fund and which matured, were deposited in savings banks and have not been re-invested in other securities, as provided by Chapter 5, Acts of 1943.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding at the time of the previous examination, as well as all subsequent commitments, were audited and checked with the assessors' warrants for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' record of abatements granted, the transfers to the tax title account were checked with the treasurer's record of tax titles held by

the town, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of dog and sporting licenses issued by the town clerk were examined and checked, the recorded payments to the treasurer and to the State being verified by comparison with the treasurer's books and with receipts on file. The town clerk's cash on hand on January 17, 1945, was verified by actual count.

The surety bonds of the town officials required by law to be bonded were examined and found to be in proper form.

The records of water accounts receivable were examined. The accounts outstanding at the time of the previous audit and all subsequent commitments were audited and proved. The payments to the treasurer were verified by comparison with the treasurer's cash book, the abatements were checked with the water commissioners' record of abatements granted, and the outstanding accounts were listed and proved.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The collector's cash on hand on January 17, 1945, was proved by actual count.

The records of licenses and permits issued by the selectmen, as well as the records of all other departments collecting money for the town, were checked and the payments to the treasurer were verified.

It was again noted that the amount of $74.50, shown as due from the building inspector in the reports of the two previous examinations, has not been paid into the town treasury.

An examination of the paid vouchers on file showed that $200 was expended for accident insurance covering firemen and charged to the appropriation voted for insurance. No authority exists for such an expenditure, and attention is called to Section 100, Chapter 41, General Laws, which provides for

indemnification of firemen or policemen for expenses or damages sustained in performance of their duties.

The appended balance sheet shows an overdraft in the Chapter 90 highway account which could have been avoided if the treasurer had incurred a loan in anticipation of State and county reimbursements in accordance with Section 6A, Chapter 44, General Laws, or if the town had voted the amount of the State and county allotments from surplus revenue, with a further provision that the reimbursements when received, be credited back to surplus revenue.

In checking the appropriations voted by the town with the assessors' computation of the tax rate of 1944, it was found that the appropriations voted included $5,400 for water debt and interest although the appropriation for the water department included funds for the payment of water bonds and interest.

In connection with bills of a prior year paid and charged to the current year's appropriations, attention is called to the provisions of Chapter 179, Acts of 1941.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the town treasurer's and the library treasurer's cash, summaries of the tax, tax title and water accounts, as well as tables showing the condition and transactions of the several trust funds.

While engaged in making the audit, cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

HBD:MMH

CLEMENT C. SAWTELLE,
Commissioners of Trust Funds.

REPORT OF THE SUPERINTENDENT OF STREETS

During the winter months of this year there were severe snow and ice storms. As the equipment on hand was old it was very difficult to keep the roads in good condition.

During the spring following we were able to carry on the repair work, also the widening of Old Winter Street. Tarring and oiling was carried on during the summer months.

Chapter 90 work was carried on as in previous years. This work included scraping and clearing the roads as well as cutting brush and painting fences. 3,000 feet of road was resurfaced and 300 feet of fence erected on Hathaway's Hill.

300 feet of pipe and two manholes were placed on Old Sudbury Road.

Work on Trapelo Road is to be continued this year by the State, County and Town.

The Town needs three new trucks to replace the White, Mack and Chevrolet, also a new power grader, as these trucks are worn out and need replacements.

Respectfully submitted,

THOMAS COAN,
Superintendent of Streets.

REPORT OF WATER COMMISSIONERS

This was another inactive year for the Water Works, except for the organism algae uroglenopsis, explanation of which follows this description.

Water in reservoirs becomes unbalanced periodically with much annoyance to consumers. The worst previous period experienced here was in 1928, and this and all other odorous times have passed off in due course without any permanent injuries to anyone, although they are terrifically annoying. The Board believed this case would follow history and clear up automatically, but when it did not, treatment was about to be given after the required tests were made on water in the pipes, pond, and reservoir. Unfortunately the pond, where treatments would take place, froze over and it is problematical how much benefit can be produced before spring. However, natural improvement has already been noted in some places, but if trouble continues nothing will be left undone to cure it, neither expense nor effort.

The State Department of Public Health advises that "this organism, even when present in small numbers, is known to impart a disagreeable odor to water, but is not known to be injurious to health, and that it is possible the organisms may disappear from the water in a comparatively short time."

The Board is asking for $700 which is the amount estimated to obtain an engineer's report relative to Lincoln obtaining an additional water supply from the Metropolitan Commission. This report should have an influence as to whether the Town continues a search for a local well supply.

If conditions permit, the Board recommends finishing the pipe renewal from corner of Route 126 and Farrar Road along Farrar Road about 1,500 feet to a spot where new pipe was laid, and along Route 126 to Wayland line.

The Board estimates and recommends the following budget for 1946:

Power	$2,500 00
Salary	1,025 00
Census	100 00
Bond Payment	5,000 00
Interest	200 00
Maintenance and Repairs	1,760 00
Test Wells	1,000 00
Testing and Treating Sandy Pond	1,200 00
Maps	200 00
Legal	100 00
Miscellaneous	350 00
Heating Plant	1,500 00
Renewal of Pipe	10,000 00
	$24,935 00

Respectfully submitted,

SUMNER SMITH,
JOHN J. KELLIHER,
ROLAND F. BEERS,
Water Commissioners.

Statistics

1. Pipe now in use, 29.19 miles.
2. Number of hydrants now in use, 170.
3. Number of stop-gates now in use, 256.
4. Number of blow-offs now in use, 27.
5. Range of pressure on mains, 40–100 lbs.
6. Total gallons pumped, 108,826,900.
7. Number of services added, 1.
8. Number of services renewed, 4.
9. Number of services now in use, 506.
10. Number of meters now in use, 14.

REPORT OF LINCOLN BOARD OF HEALTH FOR 1945

The Board met on March 15 in order to organize for the ensuing year. Dr. DeNormandie was elected Chairman, Mr. R. H. Brinkerhoff Clerk. Mrs. Ober was appointed Agent of the Board and Mr. Brinkerhoff to the nursing committee. Mr. J. J. Kelleher was nominated as inspector of slaughtering to the State Department of Health and the nomination was later approved.

Mr. A. E. Fernald was granted a license for overnight cabins.

Various complaints in regard to health matters have been investigated and their causes rectified.

The clinic for the inoculation of dogs against rabies was held on May 19 and 116 dogs were inoculated.

The Board has considered at several meetings the mosquito control problem, and voted to ask the State Department of Health to detail its entomologist to make a survey of the town. On June 29, October 6 and October 27 Mr. R. W. Wales of the State Department of Health surveyed many of the mosquito-breeding areas. His report is attached. The Board asked the Finance Committee to approve an appropriation of $1,000 to make a start on mosquito control. The Committee felt that it should be put into the warrant, and that has been done. We strongly urge that the town approve this item.

The Well Child Conference has been conducted by Dr. Davies, and again we express our appreciation of his outstanding service. Several serious conditions have been discovered and rectified. The most serious defect was a grave cardiac condition in a three-year-old child that was operated on successfully. Thirty-seven new cases and 48 old cases attended the 11 conferences. Dr. Davies was on his vacation in October. All the necessary inoculations have been done in the new cases.

The following contagious diseases have been reported during the year: Scarlet fever 2; mumps 114; measles 2; chicken-pox 2; whooping cough 5; tuberculosis 1; syphilis 1. This is by no means the complete number of cases of contagious dis-

eases that occurred in the town, for very few parents report whooping cough, regarding it as a mild disease, although as a matter of record it is a serious and dangerous one and should be reported and carefully isolated.

The following piggeries were licensed: Mary E. Silva, 500; Louis Dean, 500; John Wilson, 100; Boyce Brothers, 100; E. S. Coburn, 75; Nicholas Cotoni, 50.

Since the availability of DDT, conditions in some of the piggeries have improved greatly, and during the coming year we hope to see further improvement. Experimental work has shown that the larvae of flies can be controlled efficiently. This will do away with the fly menace to a great extent. We understand that the State will shortly publish the most advanced methods of the use of DDT in its various forms, and we shall then insist that the piggeries carry out a method of control that will greatly decrease the number of flies in the town.

ROBERT L. DeNORMANDIE, M.D.,
ROBERT H. BRINKERHOFF,
PAUL L. NORTON, M.D.

REPORT

December 5, 1945.

To: State Reclamation Board

From: R. W. Wales, Entomologist

Subject: Survey of Mosquito Breeding Areas in the town of Lincoln.

*(The numbers in parenthesis indicate locations marked on accompanying map.)

In response to a request from the Board of Health of Lincoln, a survey has been made of the town for the purpose of determining the sources and means of reducing the mosquito nuisance that occurs annually. The survey was made on June 29, October 6, and October 27 with the assistance of Dr. DeNormandie and Mr. Brinkerhoff. Mr. John Todd went over the area between Lincoln Road and Tower Road with the writer, his familiarity with it greatly simplifying the task of examining this area.

Early in the survey it became evident that the mosquito breeding places were so generally distributed that a townwide program would be required if complete relief from the mosquito nuisance was to cover every section. Such a program would require extensive drainage and oiling operations, the cost of which might be more than the town would wish to undertake in a single year. It was also evident that many of the brooks were not operating to full capacity because of restrictions to the flow at certain places caused by the accumulation of debris, temporary dams, and culverts placed too high. By removing these obstructions, a general improvement in the drainage could be obtained which would very materially reduce the amount of standing water in the swamps and thereby provide less opportunity for mosquito breeding. Such a procedure appeared to offer the best means of reducing mosquito breeding generally, and at the same time would prepare the way for further improvements in subsequent years, if the town should so desire. The survey was accordingly directed to the location of evident obstructions to the general drainage.

A description of the places where obstructions were found follows: —

Lincoln Road between McIntosh Lane and South Lincoln Post Office. The more easterly of the two culverts under Lincoln Road (1) is higher than the ditches leading to it, tree roots obstruct the culvert on the upper side, the pipes under the Todd drive (2) are too small and the channel between them and Lincoln Road is too high. This combination of conditions produces a large amount of standing water on the west side of the road where mosquitoes breed. The swamp just west of the junction of McIntosh Lane and Lincoln Road (3) has a concrete structure at its outlet that seriously restricts the drainage. A much larger opening should be provided here. The other culvert under Lincoln Road near the Burgess property (4) had water standing in it several inches deep at the time of the survey. The drainage of this area was found to be blocked at the outlet of the swamp where it passes through a ridge of higher ground on the Todd property on the south side of Lincoln Road (5). Stones and earth obstruct the flow of water, keeping it high in the swamp and backing it up to the Lincoln Road culvert and beyond. The

removal of the obstructions would make the drainage of this area possible. Whether the culvert at Lincoln Road would then need lowering would be determined by the depth of the ditch above. The weedy pond back of the Codman barn drains through a stone culvert under the railroad (6) into the area described above. The culvert is blocked with sand keeping the water high, thereby increasing the mosquito breeding area.

Todd's Pond (7) the dam at the outlet of the pond has a sluiceway with stop planks for controlling the height of the pond, which in turn governs the drainage of several acres of swamp south of it. Mosquito breeding in the swamp could be greatly reduced by lowering the pond as much as practicable about the first of April and keeping it low until the spring ground water has drained away.

Swamp west of Tower Road. Two serious obstructions to the natural drainage of this land occur, one west of the Calkins residence (8) and the other back of Mr. Lahey's (9). In both cases where footpaths cross the brook draining the swamp, the channel has been filled with stones and other material. The swamp is thereby kept much wetter than it would normally be, resulting in increased mosquito breeding.

Tower Road — Two culverts, one near the Campobasso property (10) and the other near Lunt's (11) are both somewhat higher than the swamp on the upstream side, and some ponding of water results. The conditions in neither case appeared to offer serious obstructions to drainage other than immediately at the culvert.

Beaver Pond — Extensive swamps surround the pond, and pond and swamps together comprise an extensive mosquito breeding area. Obstructions were found in Stony Brook where it leaves the swamp (12), consisting of rocks thrown into the channel for a crossing. The water is dammed to a height of approximately one and a half feet by this obstruction. Its removal would reduce the water level in the swamp above, and possibly in the whole Beaver Pond area, thereby greatly reducing the amount of mosquito breeding.

Conant Road — The channel of the brook just above the culvert near Prescott Davis' (13) is obstructed with stones.

Cleaning would lower the water level in the swamp above a foot or more.

Weston Road — Pierce Park — the upstream side of the culvert (14) needs to be cleared of earth. The culvert (15) for the brook going to Beaver Pond is all right but the channel just above needs clearing of stones and timber. There was no obstruction under the Scott driveway.

Paul Brooks' driveway (16) — The channel of the brook needs deepening both above and below the culvert to permit better drainage of the large swamp north of the driveway.

Saville Davis' driveway off Winter Street (17) — The brook should be cleaned both above and below the culvert, and a breach be made in the stone wall above to permit an unobstructed flow of water.

Winter Street between the Beers' drive and Old County Road (18) — The culvert is too high, producing a bad pocket of water on the upstream side. The lowering of this culvert is necessary.

Trapelo Road at border of DeNormandie and Pollard properties (19), the culvert is too high to permit the land above to drain. West of the DeNormandie barn (20), a small area of pocketed water should be drained to the nearby culvert which is low enough.

Concord Road — The brook draining the extensive marsh extending from near St. Anne's Church to above Baker Bridge Road was examined and found unobstructed at Baker Road (21) and at the railroad (22). Apparently water is held back throughout the entire area by the culvert under Concord Road near Sherman's (23). When examined, water was dammed back to a height of nearly a foot by stones at the mouth of the culvert. A larger culvert at this location should be considered on account of the more rapid drainage it would permit with the consequent reduction in mosquito breeding.

Culvert near Rice's Garage, Concord Road (24), is obstructed at the outlet. It is not low enough to permit complete drainage of the low land on the west side of the road.

Lincoln Cemetery (25) — The marsh between Flint's greenhouse and the cemetery contains ditches in which water stands, producing a bad mosquito breeding place. The

ditches and culverts in the cemetery will require careful grading to remove this water.

The above recommendations, if carried out, will eliminate certain places as the sources of mosquitoes, and will reduce the amount of breeding in others. They do not include all of the mosquito breeding areas in the town, nor do they provide complete correction of the conditions resulting in mosquito breeding in the places described. If, after the above recommendations have been acted upon, it is desired to extend the work, a further survey by the Reclamation Board may be obtained upon request.

R. W. WALES,
Entomologist.

*The numbers refer to those on the Geodetic Survey map, which is on the bulletin board at the Town Hall. Members of the Board of Health also have copies.

REPORT OF CEMETERY COMMISSIONERS

At the time of writing this report the cemetery has a thick blanket of undisturbed snow, which is very beautiful to look at but would be decidedly inconvenient should we be called upon to arrange for a burial. The roads in the cemetery belong to the Town as well as our other roads and why shouldn't they be plowed at the same time, at least so that a car could go in and around the main and outside roadways.

The general care given our cemeteries this past year has been limited as in 1944, and part of the appropriation, returned to the Town Treasurer.

With more labor available in the coming years we hope to have all the old iron pipes removed and more lots bounded with proper granite posts set level with the grade. This fall a considerable improvement was made in the old cemetery back of the Town Hall, by the removal of much wild growth which had been accumulating for some years.

To help in the proper maintenance of lots that are under perpetual care it is our purpose to have a definite marking so that the men working on the grounds will be able to know them and to see that the best care can be given to these lots, as far as their funds will allow.

During the past year 11 burials have been made in the New Lincoln Cemetery and the DeCordova ashes were buried in the grounds of his home.

Four and one-half lots were sold bringing an income of $435.00 which was turned over to the Town Treasurer and deposited in the cemetery fund.

For 1946 we are asking for an appropriation of $1,500 and this will be divided approximately as follows.

Regular maintenance	$800
Internments	400
Extra repairs	300

In addition to this, as recommended in our last report, we would suggest that $200.00 be taken from the General Fund to establish a system of records that would be available for ourselves as well as future cemetery officials.

It is the judgment of your Commissioners that all labor performed in this department shall be at the same rate as paid other labor of similar character, in the Town. However it is essential that such labor be directed, and as the individual having this responsibility has more work to do and spends much more time on the grounds, it has been decided that a lump sum should be paid annually for such supervision. In the past year the cemetery has been operating under this arrangement.

As mentioned in previous reports we feel that our cemetery is lacking in three important features. First a mark of identification, such as a large boulder with the inscription Lincoln Cemetery carved on it, with a background of shrubs and vines growing over it. Second, a secure tool house where our equipment may be stored when not in use. Third, a small receiving tomb where bodies may be placed, temporarily in case of bad weather or other contingency.

These would be in the nature of permanent improvements and money for them would come from the General Fund for which, we presume, the fund is being held.

Respectfully submitted,

JOHN F. PETERSON,
GEORGE E. CUNNINGHAM,
ROBERT D. DONALDSON,
Cemetery Commissioners.

REPORT OF THE LINCOLN FIRE DEPARTMENT

Board of Selectmen,

Gentlemen:

The Board of Fire Engineers herewith submit their annual report for the year ending December 31, 1945.

Force

The Department consists of a Chief, six engineers and twenty-one call men.

Apparatus

The apparatus belonging to the Department is as follows: one 600 gallon pump, one combination 500 gallon pump and forest fire truck. The Department also has two foam extinguishers, nine ladders, 3,000 ft. of 2½ in. hose, 400 ft. of 1½ in. hose, 2,300 ft. of 1 in. hose. Booster tanks on trucks carry 560 gallons of water.

Pump No. 1 and the Combination Pump and Forest Fire Truck No. 3 are stationed at Doherty's Garage, South Lincoln.

Combination Pump and Forest Fire Truck No. 2 is stationed at Tracey's Service Station, North Lincoln.

Fires

During the year 36 calls have been answered: 5 oil burners, 4 automobiles, 3 buildings, 5 chimneys, 16 grass and wood, 1 airplane crash, 1 Christmas tree, misc. 1.

This is an unusually small number of fires and is no doubt due to care exercised by the townspeople.

Permits are required for all fires in the open.

Loss on buildings $7,000.

Lincoln Fire Alarm, 1946

CHIEF MATTHEW H. DOHERTY

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE

1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire or responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm,** nor drive said vehicle or park or leave the same unattended within **six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

REPORT OF THE NURSING COMMITTEE

Board of Selectmen:

During 1945 the Community Nurse made 1,671 calls, subdivided as follows:

Medical	714
Surgical	295
Prenatal	37
Board of Health	121
Child Welfare	305
Social Welfare	102
Doctor's Office or Hospital	97

Fees collected totalled $213.85.

The Committee has drawn up a set of written regulations outlining the duties of the Town Nurse in performing the functions of:

1. Board of Health Agent
2. School Nurse
3. Community Nurse

Among these regulations the Committee would like to call attention to the hours on duty of the Town Nurse, which are, except for emergencies: nine to five daily, nine to twelve Saturdays, except for Sundays and legal holidays.

These regulations have been approved by the Board of Selectmen, School Committee, and the Board of Health.

The Committee arranged to send to parents of school children a simplified table of facts on common communicable diseases.

Meetings with Public Health Nurses of neighboring towns have been continued, in order to exchange information and ideas.

The Nursing Committee meets on the last Tuesday of each month.

Miss Dorothy Bates, R. N., again took over the duties during the vacation of Mrs. Ober.

ROBERT H. BRINKERHOFF,
EMILY K. KUBIK,
HELEN P. WILEY.

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen,

Gentlemen:

I hereby submit my report as Inspector of Animals for the year 1945. Quarantined eight dogs, showed no signs of rabies.

D. E. SHERMAN,
Inspector of Animals.

REPORT OF LINCOLN LIBRARY

Herewith is the report of the Trustees and the Librarian of the Lincoln Library. Missing from this report is that of the Treasurer because as noted in the 1944 Report that office was eliminated by vote of the Trustees and its responsibilities incorporated in that of the Town Treasurer and the Trust Fund Commissioners. Therefore reference may be made to their reports for the usual Treasurer's summary.

Mr. George Tarbell, who has served as Chairman of the Trustees for many years wished to be relieved of his duties this year and the former Treasurer, Doctor Mackenzie, was chosen in his place. Mrs. Farrar was re-elected as Librarian.

During the year, one of the Library family, Miss Bertha Scripture passed on. February 2, 1895, she became a member of the Book Committee and until her death, a span of fifty years, faithfully served in that capacity. The Trustees cannot allow this opportunity to pass without expressing their appreciation and calling attention to the Town her long and magnificent service.

The Library property is in good condition. Some minor repairs are necessary and they are contemplated as soon as materials and labor are available. Some major projects are being considered and at the opportune time will be proposed. Careful watch and analysis of the needs and demands of the Library users are carried on by the Trustees and the needs will be met as far as possible when the indications are for such.

The principal extraordinary item of expense for the past year has been one that might be called "extra curricula," — repair of the clock. Twice during the year for diverse reasons it has refused to call off the hours. Happily, it seems to have been put back in condition and seems good for several years to come. When we consider that it has been "on the job" for over sixty-one years one can only marvel at the excellence of the Yankee skill that was put into its manufacture.

Gifts of money, books, periodicals, etc., have been numerous during the year and at the risk of omitting some, the names of the donors are listed below.

Estate of Mrs. George Bassett Howard	Waterville, Maine
Mr. David W. Mann	Lincoln, Mass.
Architects Association of Lincoln	Lincoln, Mass.
League of Women Voters	Lincoln, Mass.
Concord Free Library	Concord, Mass.
Estate of Miss Bertha Scripture	Lincoln, Mass.
Civilian Defense Committee	Lincoln, Mass.
Prof. Walter F. Bogner	Lincoln, Mass.
Mr. James Chapman	Lincoln, Mass.
Mr. Roland W. Robbins	Lincoln, Mass.
Mr. Clement C. Sawtell	Lincoln, Mass.
Billy Sawtell	Lincoln, Mass.
Mr. Walter Teele	Devon, England
Mr. and Mrs. John H. Wilkins, Washington, D. C. and	Lincoln, Mass.
Mr. and Mrs. Christopher Hurd	Lincoln, Mass.
Mr. and Mrs. James J. Storrow, Jr.	Brookline, Mass.
Dr. Roland C. Mackenzie	Lincoln, Mass.
Mrs. Nunes	Lincoln, Mass.
Mrs. Leonard Larrabee	Lincoln, Mass.
Mrs. Dodge	Lincoln, Mass.
Mrs. Merriam	Lincoln, Mass.
Mrs. R. D. Donaldson	Lincoln, Mass.
Mrs. Henry S. Bean	Lincoln, Mass.
Mrs. Mathews	Lincoln, Mass.
Mrs. Thomas Ross	Lincoln, Mass.
Mrs. Edwin S. Cole, Sr.	Lincoln, Mass.
Mrs. Stanley Tead	Lincoln, Mass.
Mrs. Lawrence Anderson	Lincoln, Mass.
Mrs. Saville Davis	Lincoln, Mass.
Mrs. Lindol French	Cambridge, Mass.
Miss Edna Mann	Lincoln, Mass.
Miss Addie Campbell	Lincoln, Mass.

The Trustees ask for an appropriation of $1,843.50 plus the estimated Dog Tax of $500.00 for the year 1946.

The Librarian's Statistics follow this Report.

Respectfully submitted,

ROLLIN J. FAIRBANKS,
ROLAND C. MACKENZIE,
SUMNER SMITH,
GEORGE G. TARBELL,
C. LEE TODD.

REPORT OF THE PLANNING BOARD

Board of Selectmen,
Town of Lincoln,
Massachusetts.

Gentlemen:

The Planning Board was reorganized this year, with Walter E. Lovejoy, Chairman, and John Otis Wilson, Secretary.

Two applications for subdivisions were acted upon.

Mr. Hart of Concord presented a plan to divide a little over two acres adjoining the Concord line, on the northeast of Concord Road. For the best interests of the town, the plan was not approved. At the request of Mr. Hart's lawyer the plan was withdrawn. The land was shortly sold in its entirety for greater benefit to buyer and seller.

Mr. Harold Keyser of Concord presented a plat for development of land on Old Virginia Road. This is still under consideration.

The Planning Board continued its investigation of the possibility of converting the Centre School to a town office building, should the need arise.

Mr. William Roger Greeley of Kilham, Hopkins & Greeley was employed. He found that the building was in excellent condition, and could be easily changed to an office building, under present building costs, for about $10,000. This estimate would cover the following.

In the basement there will be a garage for police cars, two cells, heavy brick vault, and guard room.

The first floor would be occupied by the selectmen, with adjoining secretary's office, waiting room, toilets, a joint office for tax collector, clerk and treasurer, connected by secretary's office with vault.

On the second floor would be hearing rooms, with central room large enough to accommodate 120 people seated, or if meals were to be served, 88 could be accommodated; the present library to be converted to a kitchen.

The northeast room to be used for the assessors, street department, water department, and any department needing storage of maps or drawing boards.

The services of the New England Fire Insurance Rating Association were used to survey the town, to make recommendations for anticipated fire protection for future development. Their report was presented directly to the selectmen.

The Board was requested by the Lincoln treasurer to view two lots of land that were taken for tax delinquencies, to get recommendations of what the town should do with the properties. The Board, after viewing the properties, recommended that the lots be sold to the best advantage of the town.

We wish to thank Mr. Page for his cooperation in keeping the Board informed on operations of the Committee for the Needs of Lincoln Schools.

Respectfully submitted,

WALTER E. LOVEJOY,
JOHN OTIS WILSON,
R. S. DONALDSON,
HAYWARD PIERCE,
WILLIAM De FORD.

REPORT OF BOARD OF APPEALS UNDER THE ZONING BY-LAWS FOR THE YEAR 1945

Board of Selectmen,
Town of Lincoln,
Lincoln, Massachusetts.

Gentlemen:

The Board organized for the present year with Harland B. Newton, Chairman, and Anthony J. Doherty, Clerk. During the present year one Petition only was received and acted upon by the Board.

Meeting, May 14, 1945

Present at this meeting, Harland B. Newton, Anthony J. Doherty, James DeNormandie, Daniel E. Sherman, Jr., and John E. Smith. Application filed by the Trustees of Farrington Memorial, Inc., for permission to reopen and occupy the Farrington Memorial Corporation buildings located off New Concord Avenue, so-called, in the easterly part of the town, for the purpose of renewing such activities as heretofore existed and were carried on in said buildings.

This Application was published, and abutters notified as required by the Statutes applicable to Zoning By-Laws.

No one having appeared for the applicant, Mr. Newton, Chairman of the Board, stated that a Mr. Hitchcock had conferred with him and informed him that a Mr. Douglas, the Executive Secretary of the Corporation, was unable to be present at the hearing of this Application due to a previous engagement that necessitated his being out of town at this time.

Mr. Hitchcock requested that if there was any doubt about this Application being granted, the Corporation would like to be heard at a postponed meeting.

Mr. Cyrus W. Murphy, Building Inspector for the town, attended this meeting and reported that he had examined the property and recommended some minor changes that he thought were necessary as the building was to be occupied by children.

No one appearing in opposition to this Application, it was unanimously voted by all five members present that the same be granted, subject however, and effective upon receipt of notice of approval by the Building Inspector.

Respectfully submitted,

Board of Appeals, Town of Lincoln.
By ANTHONY J. DOHERTY, *Clerk.*

REPORT OF WORK OF MIDDLESEX COUNTY EXTENSION SERVICE

During 1945, the same as previous war years, the work of the Middlesex County Extension Service was devoted to those projects which would help in the winning of the war.

The fact that Middlesex County farmers increased their production about one-third over pre-war years is proof that everyone did his part in the food production program. Labor on farms was the critical factor in food production and a great deal of the time was spent on finding labor and making it available. In addition to local help foreign labor was imported from Jamaica and Newfoundland and prisoners of war were used on market gardening and fruit farms.

Selective Service Boards co-operated fully in the whole program by trying to allow men to remain on farms who were absolutely essential. The Extension Service checked these farms and made reports to the local Selective Service Boards.

The usual assistance was given, such as assistance to Victory gardeners, sending out information on spray schedules for fruit growers and market gardeners and keeping farmers informed as to the regulations on farm equipment, price schedules, especially for eggs and poultry, fruits and vegetables, and help with any emergency cases upon personal request.

With the homemakers of the county, food preservation and conservation in the home were the main projects. Information was given regarding successful methods of canning and freezing of fruits and vegetables as well as meats. Due to the severe shortage of clothing materials demonstrations were continued on clothing renovation, shortcuts in clothing construction and the maintenance of sewing machines. To help with general nutrition demonstrations were given in the best use of vegetables, cooking with a minimum amount of sugar and preparation of community meals.

Boys and girls were encouraged as usual to carry on 4-H Club work and developed such projects as food production, food preservation, clothing construction and meal preparation.

This work was made possible only by volunteer local leaders and the active interest of local committee members and parents.

The Middlesex County Extension Service shares with other organizations, farmers, homemakers, young people, as well as those organizations interested in agriculture, the satisfaction of knowing that during war years for the most part agricultural products of the area were available in sufficient amounts so that there was actually no food shortage in any town within the county.

ROBERT D. DONALDSON,
Town Director.

TREE WARDEN'S REPORT

The work of this department has been greatly hampered again this year by the shortage of labor to do the work on the trees, such as removing dead limbs and dead trees and clearing the brush on our highways. Some of this work was done this year where it was necessary for the safety of the public, and we were again fortunate to be able to obtain help from the Highway Department.

The spraying operations while not as extensive as other years, were very effective against the gypsy moth and elm leaf beetle. In our scouting of woodlands this year we have found large infestations of gypsy moth nests in the southwesterly part of Lincoln, on Concord Road and on South Great Road where there are large areas of woodland which make excellent breeding places for them. In such places as these we will have to do considerable hand work such as the treating of nests with creosote as high up on the trees as is possible without climbing. This will have to be followed with extensive spraying.

Included in our spraying this year will be the sides of roads where poison ivy is abundant. To be effective this spraying will have to be done when the ivy is in bloom. The total expenditure for the year 1945 was $1,471.95 and it is recommended that $3,145.00 be appropriated for the year 1946.

Respectfully submitted,

JOHN J. KELLIHER,
Tree Warden.

1945 LINCOLN PLAYGROUND REPORT

PART I

General supervision of all playground activities was under the able direction of Mr. James Dudley for the fifth successive year. Mrs. Bernice Holmes acted as part-time assistant.

Instruction in tennis, baseball and softball was offered to boys and girls of all age groups. Baseball games with playgrounds from adjoining towns were played weekly by teams consisting of Lincoln men and boys.

A tennis tournament for boys and girls was held the last two weeks in August. The success of the first men's tennis tournament in Lincoln will insure it as an annual event of the playground.

Track events and swimming for boys and girls will be a part of the next year's program as well as tennis matches with other towns.

PART II

The summer of 1946 will see quite a few changes in the playground program. It is our desire to both expand and vary our activities. The young men returning to Lincoln from the Armed Forces should find a program of outdoor activities planned to their needs. It is our intention to offer organized instruction and contests during evening and week-ends for these men.

The regular daytime program for younger boys and girls will include track events, baseball, softball, tennis and swimming. To successfully carry out this program a sum of six hundred ($600) is requested. This sum will cover the salaries of one full-time supervisor, a part-time assistant and necessary equipment.

REPORT OF BUILDING INSPECTOR

I herewith submit the Annual Report of the Building Inspector of the Town of Lincoln.

	Permits	Classification	Estimated Value of Work
	2	New Residential	$8,000 00
	5	Residential Alterations and Additions	1,795 00
	9	New Accessory Buildings	6,375 00
	1	Alterations and Additions to Accessory Buildings	50 00
	3	Alterations to Business Buildings	2,075 00
	5	Plumbing	1,380 00
	19	Electric	1,390 00
Total	44		$21,065 00

3 Applications Refused
Total Fees Collected $56 00

Respectfully submitted,

CYRUS W. MURPHY,
Building Inspector.

COMMITTEE FOR INVESTIGATING THE NEEDS OF THE LINCOLN SCHOOLS

In our report as published a year ago the Committee was unanimous in recommending that a new school be built. With that as a premise we have given great consideration and study to its proper location. We stated that we felt that it should be located on the property adjacent to the Ball Field which opinion was also expressed by the unanimous votes of the Planning Board, School Committee, and the studied judgment of our consultant, Mr. John I. Nichols. However, in view of the fact that the Town already owned a sizable tract of land known as Pierce Park, we felt that every consideration should be given to it before a final recommendation was made to the Town and this has been done. It is still our unanimous opinion that the so-called Ball Field property is the best location.

Our reasons are these:

1. Ample size not only for a present building, but also for expansion when and if needed.
2. Large enough in extent to give playing fields and parking areas to meet all demands.
3. Contours are such that roads, playgrounds, parking areas, drainage, and water can be installed without excessive construction cost.
4. It is central and easily accessible.
5. It is well away from any heavily travelled highways.
6. It is adjacent to present baseball field and tennis courts.

As regards the Pierce Park property, the Committee feels that it should be retained for park purposes. With the town resuming its growth in the postwar period, as it is certain to do, we feel that in future years the citizens would regret exceedingly having given up this open space in the center of Town. Furthermore unless the school could be located at some point about where the present house stands there would be insufficient space, and there are legal restrictions surround-

ing the use of the property for anything other than park purposes which would require legal rulings to change.

The Committee felt then that its opinions should be substantiated by an engineer as to the merits of each site for building purposes. Consequently we engaged the services of Mr. Everett M. Brooks, a Civil Engineer of Newton, and a summary of his report follows:

Summary of Costs (not including cost of new property)	
Pierce Park Site (Bituminous driveway)	$21,288 20
Ball Park Site (Bituminous driveway)	4,706 40
	$16,581 80

Recommendations

On the basis of the above figures we would recommend the Ball Field site for the following reasons:

1. Less cost to the Town. (Approximately $16,000 saving.)
2. Better location because of topography. Grading and drainage. Finished grade.
3. Larger playground area (2¾ acres Pierce Park site to 5 acres Ball Field site) at no expense to the Town.
4. Better location because it is far enough away from main roads.

Signed: EVERETT M. BROOKS, *Civil Engineer*,

October, 1945 Newtonville, Massachusetts.

Above cost figures include driveway approaches to school sites, playgrounds area and water mains.

We also wanted to know what legal entanglements had to be overcome if a school should be erected on Pierce Park. For this purpose we asked for an opinion from Mr. Sydney R. Wrightington, an attorney of Boston, regarded as one of the outstanding men in this field. We are quoting from his letter as follows:

November 26, 1945

Mr. William N. Page
Lincoln Road
Lincoln, Massachusetts

Dear Mr. Page:

As Chairman of the Committee for Study of Needs of Lincoln Schools, you have submitted to me copies of the will and codicil of John H. Pierce, the will of Elsie Pierce and deed of Robert M. Pierce to the Town, dated March 1, 1930. I have also received copies of votes of a Town Meeting held May 14, 1927.

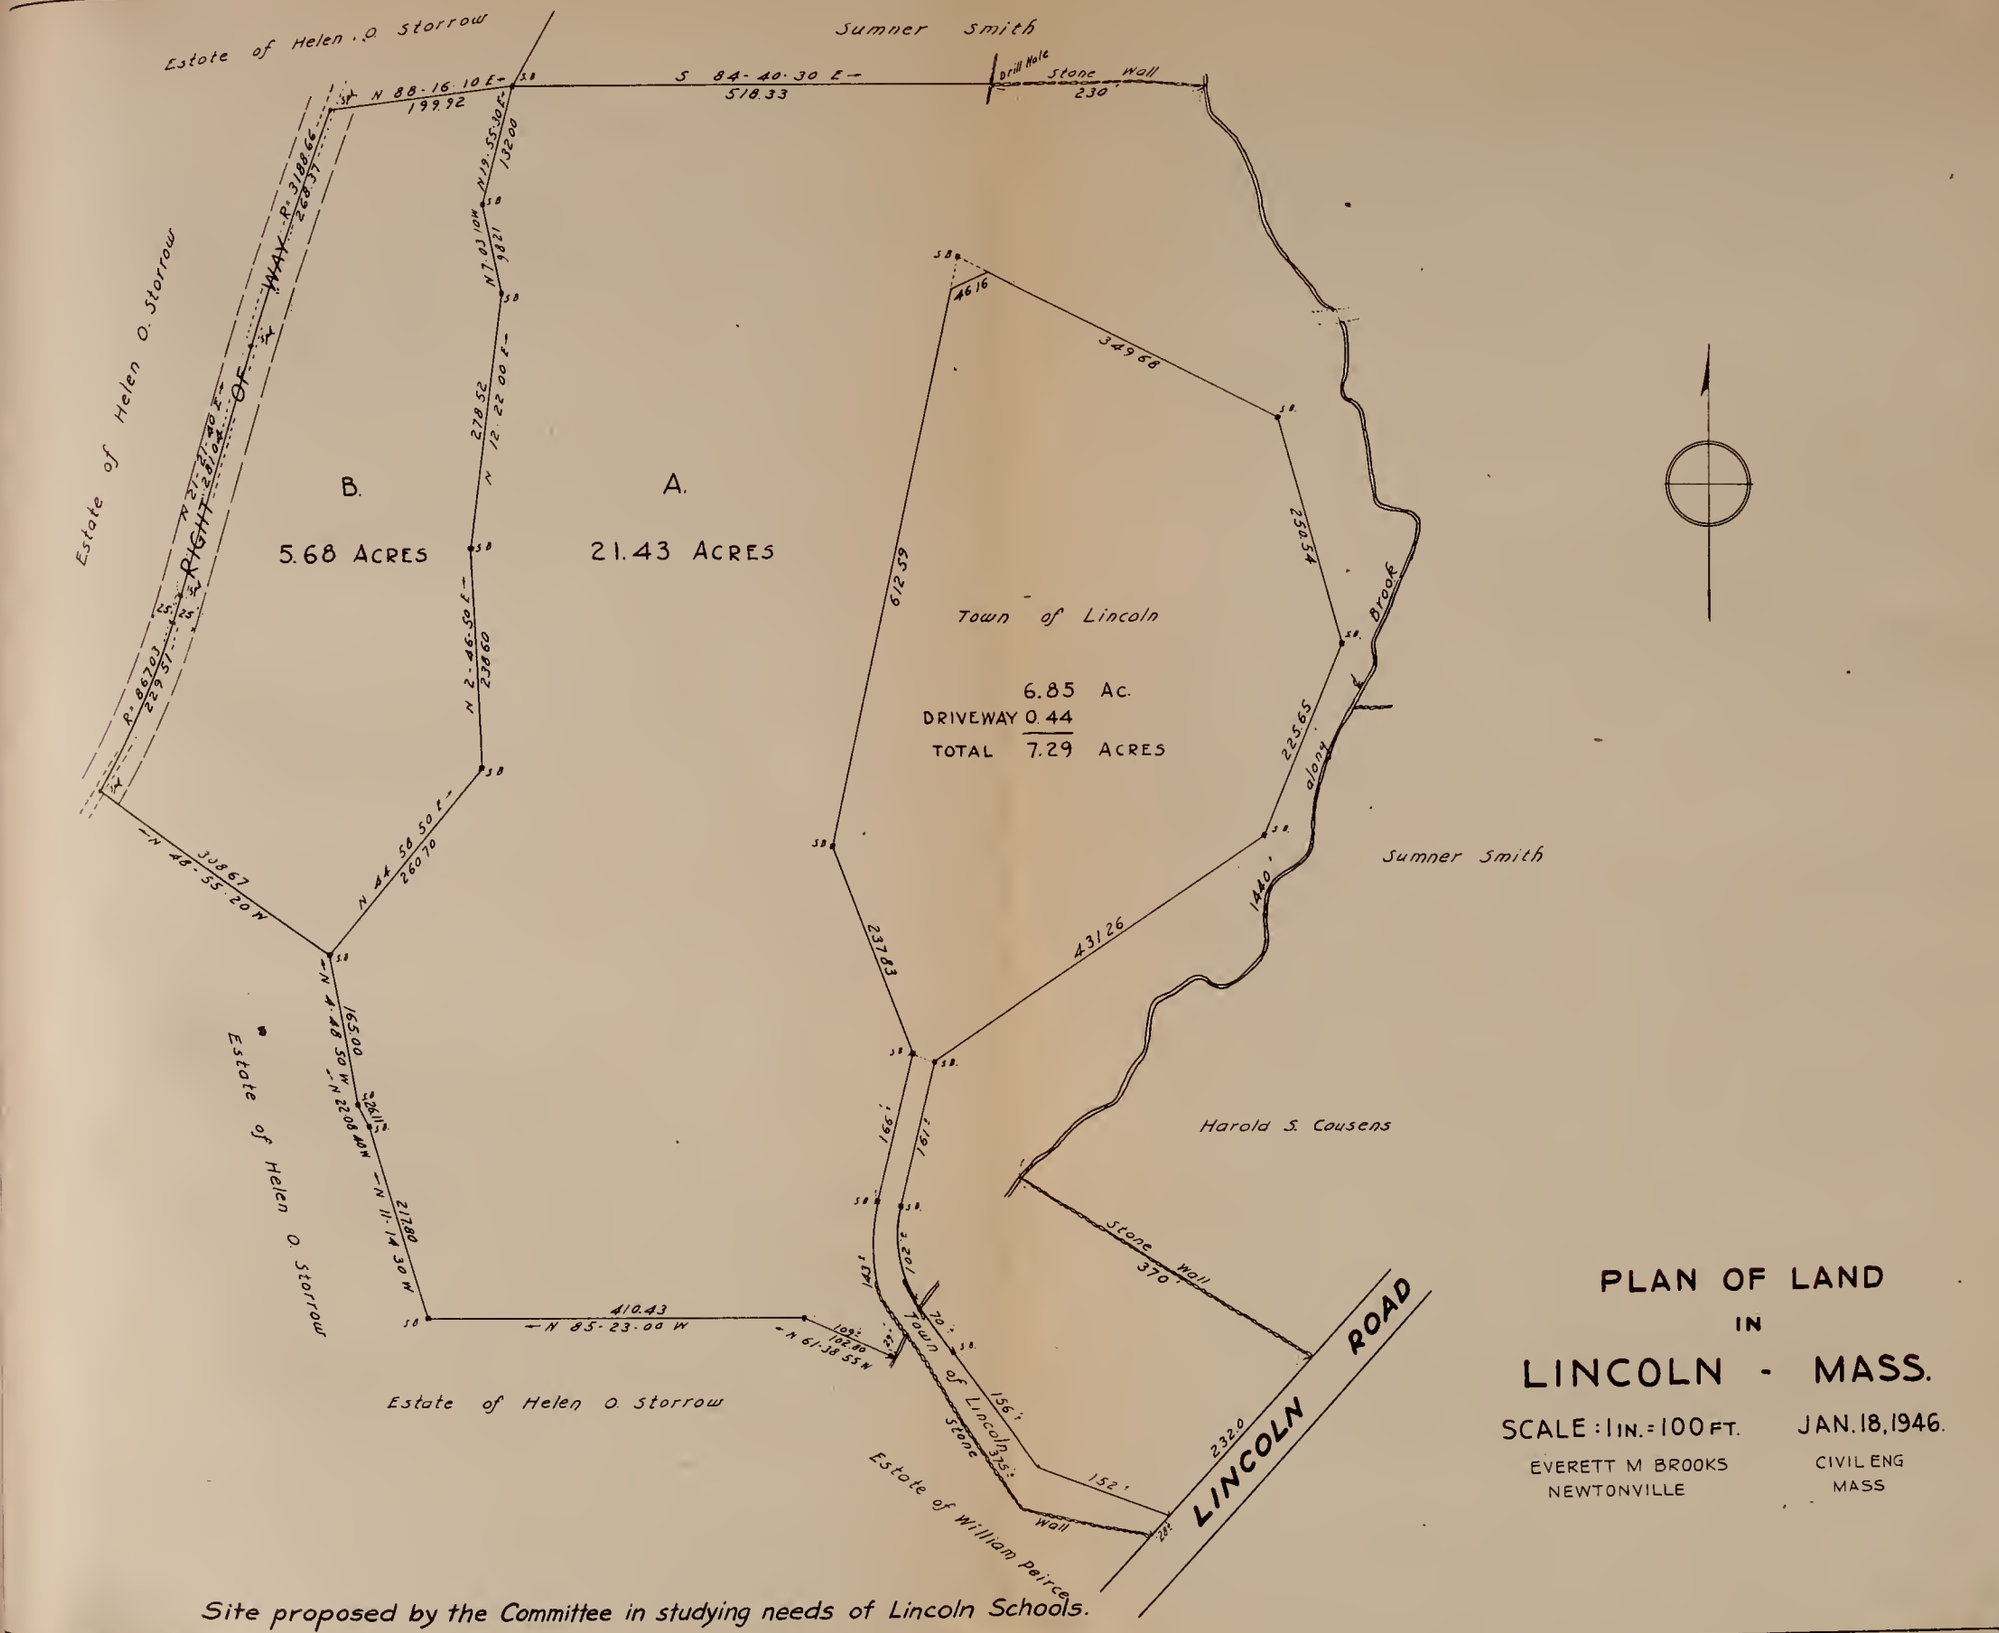
The will of John H. Pierce among other things provides that on the death of his daughter, Elsie, he gives his "Farm and house in said Lincoln to the Inhabitants of Lincoln forever and in addition to thereto an annual income of three thousand ($3,000) dollars for the maintenance of same, the same to be used for a Hospital and Park for the use and enjoyment of the Inhabitants of Lincoln forever."

The will of Elsie Pierce establishes a trust of Twenty-Five Thousand ($25,000) Dollars for the benefit of her brother Robert and his wife and on their death the income to be expended "in connection with the bequest made by my father in his will for the maintenance and preservation of a hospital and park for the use and enjoyment of the Inhabitants of Lincoln forever."

The deed conveys to the town a small parcel of land adjoining the farm subject to certain conditions.

You have asked my opinion with reference to the possibility of using part of this land for the erection of a new school house. I understand that the area conveyed by the deed is too small for that purpose and that your question really relates to the farm referred to in the will of John H. Pierce.

The gift under this will is upon a charitable trust. I have not been asked to express an opinion as to the effect of the votes of May 14, 1927. If they were not an acceptance of the gifts in the wills, the Town clearly cannot use the land for a school because it does not own it. If the votes were an acceptance of the gifts, that acceptance imposes on the Town an obligation to carry out the terms of the trust.



PLAN OF LAND

NEWTONVILLE MASS

Site proposed by the Committee in studying needs of Lincoln Schools.

tion of being able to afford outstanding provisions for education. We all know that the quality of this education is of greatest importance in the future tasks of citizenship.

We endorse the recommendations of the Nichols Report and congratulate the Special Committee for the Lincoln Schools for its initiative in the preparation of this excellent analysis of our problem. We wish to make the following suggestions which should be considered in the selection of the school site.

The up-to-date standards for an elementary school building require a site of from 20 to 25 acres. This area is mandatory for the building itself, for its approaches and parking area, and for the play fields. A part of the land must be kept in reserve for the moving of the play fields as the turf becomes worn down and to give the school protection against undesirable encroachment. The dimensions of that part of the site where the building is to be placed should be such as to permit the free disposition and the orientation in any direction of a building that may be 200 to 400 feet long. Also the possibility of future expansion of the building should be kept in mind. The largest portion of the property should be sufficiently level and well drained to allow for all these installations without excessive grading or drainage costs. The location of the site should permit easy access but should have enough isolation to ensure safety from traffic hazards and separation from nearby residential areas.

Judged by these standards, the Pierce Park site is inadequate. It is too small unless the whole park is to be taken, and this would deprive the Town of an open space increasingly essential in this central location as the Town develops.

The land available for the play field is too small, and no other part of this rolling property can be used for this purpose. The only part of the site available for the building is very narrow in the east-west dimension; this would hamper the architect in laying out the classrooms towards the sun. Future extensions would be difficult. As shown by the Brooks Report, the costs of development of this site would be relatively high.

Today, January 13, 1946, we have as a group visited and inspected both of these sites that are under consideration.

For the reasons enumerated in this letter, in addition to all the other reasons brought out in the Nichols Report and the Brooks Report, we consider the Pierce Site unsuitable for the Lincoln School.

Sincerely yours,

Signed:

John Quincy Adams
Walter F. Bogner
Robert H. Dietz
Henry B. Hoover
Hayward Pierce
Lawrence B. Anderson
Kenneth M. Cook
Walter Gropius
Cyrus Winthrop Murphy
Constantin A. Pertzoff

The Ball Field property mentioned throughout this report comprises two parcels of land. One is immediately opposite and to the west of the ball field and is owned by Mr. Sumner Smith. The other parcel is in the rear of this property and runs to a present farm lane. It is owned by the estate of Mrs. James J. Storrow. We have endeavored to obtain selling prices from both owners but have been unsuccessful.

On January 15, 1946, a meeting of the Board of Selectmen, School Committee, Finance Committee and this Committee was held at the request of Mr. Sumner Smith to entertain a suggestion that an attempt be made to change the wills of John Pierce and Charles Smith to make available the Pierce Park property for school purposes and the Smith Fund for construction of an elementary school.

After consideration of these suggestions, together with all facts presented above the Committee feels that, on the basis of merit for school purposes, the Ball Field area is the proper location and should be acquired by the town.

Preliminary plans and specifications for the new school should be started at once and we are asking the Town to request the Moderator to appoint a Building Committee with authority to choose an architect and to vote sufficient funds for its requirements.

Respectfully submitted,

WILLIAM N. PAGE, *Chairman.*

REPORT OF THE LINCOLN SCHOOL COMMITTEE for the year 1945

The year 1945 has in many respects been a transitional one for the Lincoln Schools. Following the unexpected resignation of Mr. H. Paul Larrabee as superintendent of the Concord-Lincoln Superintendency Union, your School Committee sent a questionnaire to all residents of the town, requesting an expression of opinion as to whether Lincoln should continue in the superintendency union. While only eleven per cent responded, more than seventy-five per cent of the replies favored withdrawing. It was, however, only after careful consideration of not only these returns but also several other important factors that your Committee voted to withdraw from the Union, and both the Concord School Committee and the Commissioner of Education concurred.

After a thorough consideration of more than seventy applications, Mr. Frederick H. McKelvey of Rockford, Illinois, was elected as superintendent of the Lincoln schools and he began his new duties on July 15th.

A series of parents' meetings were held during the spring term in cooperation with the League of Women Voters, to acquaint interested parents with the school program and personnel. Similar meetings were held in the fall under the leadership of our new superintendent. In both cases the response was encouraging. Occasional reports have been issued by your Committee so that the community might be adequately and correctly informed as to school affairs.

Throughout the year we have followed carefully the progress of the Committee for the Investigation of the Needs of Lincoln Schools. The preliminary report of this special committee is unanimously and enthusiastically endorsed including the recommendations that the proposed site be purchased and that preliminary sketches and specifications for the new school be prepared. We believe that Lincoln has been exceptionally fortunate to secure the services and counsel of Mr. John I. Nichols and we are in full accord with his recommendations.

The budget for 1946 has been submitted to the Finance Committee and calls for a total appropriation of $53,261.70. This amount represents an increase over the actual expenses for 1945. Several factors are responsible for this larger budget.

We now have a full-time, resident superintendent. Provision has been made for slight salary increases for those teachers who are not receiving the present maximum. Because we have a former teacher, (Edward S. McGonigle) and a former principal, (Clark L. Dexter) on military leave of absence, it is legally necessary not only to continue their retirement fund payments, but, in the case of Mr. Dexter, a special allowance must be made for the difference between the salary he is entitled to receive and the maximum being paid teachers at the present time.

A reorganized program for Grades 3–8 necessitates increasing our total teaching staff from nine and three-fifths teachers to ten full-time teachers. This will make possible the teaching of music and art throughout the week instead of on a one or two-day basis. Provision has been made for strengthening our teaching materials, completing textbook series, and replenishing physical education equipment as well as art media. The appropriation for transportation has been increased approximately $1,000 largely in anticipation of replacing at least one and possibly two of the three busses.

We wish to record our appreciation of the services of Mr. Larrabee who willingly assumed the extra responsibilities of the Lincoln schools at a difficult period. Acknowledgement is also made of the contributions of Mr. Arthur J. Dows who served as principal during the first half of the calendar year. We are particularly indebted to our entire teaching staff, our clerk, the school nurse, and especially our custodian for their loyal services throughout the past year.

Your Committee appreciates the patience and understanding which the townspeople have shown towards our efforts to provide a school system appropriate to the community in which we live. We are grateful to our new superintendent, Mr. McKelvey, who during his brief service with us has

displayed not only excellent leadership but also high standards and a contagious zeal. We believe 1946 will bring even more tangible evidence of our progress towards achieving a superior elementary school system.

ROLLIN J. FAIRBANKS, *Chairman*,
WILLIAM N. PAGE,
HELEN P. WILEY.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Lincoln School Committee,
Lincoln, Massachusetts.

As superintendent of the Lincoln Public Schools I have the honor to present the annual report for 1945. This report will be devoted partly to an appraisal of some of our current needs, but more largely to consideration of some proposals for improvement of our educational program.

It is requisite for achievement of a modern elementary school program that the teaching staff, the parents, the community, and students too, come to agree upon and to understand the basic educational philosophy which is to permeate the school's life. Educational beliefs, thus developed, become the guides for action and the framework for consideration of new proposals. They are specific and definite and involve such important areas as the following:

The Outcomes of Learning
The Learning Process
Areas of Instruction
Democracy and Education
Child as a Learner
Teaching

It is proposed that the school staff and the parents and community begin to develop the fundamental criteria upon which our program will rest. The resulting statement, in written form, should then serve as our mutual conception of what the school believes.

The School Program of Studies

The program of studies which was in effect last year has been continued during the present year. Club activities have included student council, newspaper, dramatics and science, and is now modified to be carried on as a part of class work.

The modern elementary school has broadened its educational objectives to include all important outcomes of learning, character traits, emotional attitudes and appreciations,

understandings, effective ways of thinking, living and working together, in addition to the acquisition of essential knowledges, skills and specific abilities. The mastery by students of basic essentials in reading, languages and numbers is still a major objective but it is only one of the school's important tasks.

The areas of instruction include the major fields of human endeavor, the language arts (reading, writing, spelling in functional situations), the social studies (geography and history), science, mathematics, health and physical education, and fine and industrial arts. In each of these areas it is proposed that our objectives and methods be carefully examined and that brief guides be developed as resource materials and as evidence of a well-thought out plan of instruction. Courses of study need not be bulky dust-gatherers but can and should be concise guides which give direction to our over-all plan. They are especially needed in the language arts, in the social studies, and in science.

Music, art and dramatics enrich our lives and cannot be introduced too early to children. Our present program is inadequate in both time and materials for an excellent program, but improvement has been started.

Music has been increased to twice a week this year, and more important, the taste and standard of our music is soundly conceived. Several collections of songs have been acquired, a satisfactory radio-phonograph purchased, and a small record library has been started with excellent material.

Art has been increased in time, under the regular teacher, with the supervisor once a week. There has been some increase in variety of media but more is needed.

Both music and art require that the teacher have some special training, competency and interest, as well as knowledge of children, for the best teaching. It is not to be expected that every regular teacher will have these abilities. It is proposed next year that most of the instruction in these areas shall be given by trained teachers who are on our staff on a full-time basis. This can be done with only a slight addition to teacher service.

Health and physical education are very important elements of an excellent program. They will continue to be taught

by regular teachers, except in the upper grades where it is proposed that instruction be under one teacher. Our great need is for equipment, provision for some of which is made in the 1946 budget. It is proposed that a definite program be developed, properly balanced between games and game skills, self-testing activities and rhythmic activities.

Science and nature study are vital parts of a modern program. Our text material is good but we need simple equipment for experiments and many interesting books in this field.

Industrial arts for boys and home arts for girls are desirable in the upper grade program. It is proposed to plan for woodworking and mechanical drawing for boys, utilizing present equipment with some additions, and home arts for girls, including home management, personal grooming and sewing.

The Kindergarten provides children with social experience, with learning activities of value in themselves, and with readiness preparation for the first grade. Study of the primary school will lead toward a continuation of desirable social experiences and the building of concepts and ideas along with learning to read. Reading even in its early stages is a means toward an end, not an end in itself.

Guidance and Testing

All teachers are concerned with the personal development of each pupil and of each group as a social group. Guidance is always a real part of good teaching, as the teacher learns the needs of her pupils and class. In addition to this, there is need for knowledge of the ability of pupils in terms of their maturity and experience which can best be provided through an adequate program of testing.

The services of Dr. Anna C. Wellington will continue to be available for making individual examinations of our entering Kindergarten pupls and other special instances where guidance is needed.

It is proposed that achievement tests be continued at the end of the year, that a more diagnostic test be given in midyear, that personality tests be utilized before entrance to upper grades and that general ability be determined at intermediate and upper grade levels as well as at kindergarten. The school should know its results in teaching skills and

knowledge through such tests and what they indicate as to needed emphasis in the various areas of instruction.

Visual Aids

Increasingly school instruction is utilizing visual media to make instruction vivid and to stimulate interest. It is proposed to provide these aids as much as practicable, developing a program which specifically relates them to areas of instruction, especially in the social studies and science.

Visual aids include the following:

Films — silent and sound	Globes
Slides	Graphs
Pictures	Drawings
Maps	Diagrams
Objects and Forms	Collections

We are adding this year some excellent materials in globes and maps.

Buildings and Equipment

That Lincoln citizens and parents are conscious of the limitations imposed upon the school program by present buildings and equipment is indicated by the authorization of the Committee for Investigating the Needs of the Lincoln Schools and the studies which have been made to present the situation to the town. A building program has only one major premise, that it will improve and facilitate the educational program. Specific illustrations of the way it does that are as follows:

(1) Kindergarten, primary, intermediate and upper grades — Large space areas for constructive activities, committees, special exhibits, library and supplementary book spaces, storage facilities for illustrative material and supplies.

(2) Special Facilities

(a) Auditorium — For meetings of the entire student body for group instruction by the principal, for student performances in music and dramatics, student leadership in all-school activities, and for experiences brought to the school through outside speakers, films, and organizations.

(b) Gymnasium — For a year-round program in health and physical education with facilities for teaching the major skills and games.

(c) Cafeteria — For provision of a suitable place to eat hot lunches, prepared under the most sanitary conditions.

(d) Library — The central reference and book room for the school, supplemented by strong class room library corners. Reading for purpose encouraged and stimulated.

(e) Playground areas — For outdoor physical education, using properly prepared and equipped play areas.

(f) One elementary school — All children in one school from kindergarten through eighth grade, with better supervision, with access to all the school's advantages.

(g) Health clinic — For efficient examinations, for proper emergency care for sick children, and with adequate sanitary equipment and facilities for health service.

These have been described briefly to indicate what a modern building program means in terms of modern elementary school instruction.

Personnel

The school staff for 1945–46 is listed in the directory preceding this report. Three members of the present staff are employed on a substitute basis; one teacher is completing the year for the sixth grade, whose teacher resigned at mid-year, and the other two are filling positions kept open for the possible return of two men now on military leaves of absence.

Attraction of the highest quality teaching personnel should be our most demanding insistence; the quality of instruction depends upon a highly competent teacher, who is furnished with ample facilities for doing the best possible work. Good salaries and good working conditions attract superior teachers. Consideration and study should be given to our salary schedule.

Appreciation is expressed to all our teachers for their sincere interest and effort in improving the educational program during the past year.

Community Relationship

Your superintendent believes that all citizens and parents should participate in informing and being informed about the schools, their objectives and their needs. It is proposed that through quarterly reports to all the citizens of the town information can be available to all. A Parent Council, representing the parents, and forming a consultative and advisory group with the superintendent, is proposed as one means of studying school problems. The school welcomes visitors and hopes to have special occasions when its work is particularly interesting to see.

Administration

Administration and supervision are under the direction of your superintendent. Educational planning with the school committee, the staff, and the community is the method which will take us toward a better school.

The budget for 1946 was developed in detail as a guide to forward looking planning. Its preparation was the result of the cooperative planning of the staff, school committee, and clerk, and is gratefully acknowledged. Deep appreciation is expressed to the school committee and the community for their helpful guidance.

Lincoln Schools represent an opportunity for everyone to look ahead, and to achieve greatly for the youth of Lincoln.

Respectfully submitted,

F. H. McKELVEY,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

To the School Committee of Lincoln:

A report of school nursing for the year ending December 31, 1945, is hereby submitted:

My work from January thru June was limited in scope due to the set up of the health program, however from September to December inclusive much improved supervision and observation in health has been carried on.

Schools have been visited daily. Pupils have been weighed and measured and scalps examined frequently. Eyes and ears tested, nine eye defects were discovered; four pupils are now wearing glasses; one is waiting for an appointment with an oculist; the other four have done nothing.

The children entering the first grade or kindergarten attended the Well Child Clinic. 98% were weighed and measured and given a physical examination by Dr. John A. V. Davies of Boston.

There have been 202 office calls for treatment or advice; 42 pupils have been taken home; 151 home visits have been made to check on absent pupils; and 4 visits with two pupils to hospital clinic.

The general health of our pupils has been good during the spring, when we also had two cases of scarlet fever and one case of measles. In September we had one case of whooping cough.

The yearly physical examination has been done by the school physician, Dr. Randolph Piper of Concord. The examination took place in January.

With sincere appreciation of the help and co-operation given me by Mr. McKelvey, with whom it has been a pleasure to work.

Respectfully submitted,

MARIAN N. OBER, R. N.,
School Nurse.

NOTICE

Business Meeting, Monday, March 4, 1946, at 7:30 P.M.

WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Lincoln in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the legal voters of said Town of Lincoln, qualified to vote in Town Meeting for the Transaction of Town affairs, to meet in the Town Hall in said Lincoln, on Monday, the fourth day of March next at 7:30 o'clock P.M., then and there to act on the following articles except Article 1 and also to meet in said Town Hall on Saturday the tenth day of March next, at 12 o'clock Noon, then and there to act on the following Article 1, by posting a copy of this Warrant, by you attested in each of the Post Offices, and in some other public place in said Town seven days at least before the fourth day of March next:

The polls for voting the Australian ballot on Saturday, March ninth, will be open at 12 o'clock Noon, and may be closed at 7 o'clock P.M.

Article 1. To bring in their votes for the following Town Officers and any other officers required by law, to be elected by Australian Ballot, Viz:

One Moderator for one year.

One Town Clerk for one year.

One member of the Board of Selectmen for three years.

One member of the Board of Assessors for three years.

One Treasurer for one year.

One Collector of Taxes for one year.

One Auditor for one year.

One member of the School Committee for three years.

One member of the Board of Water Commissioners for three years.

One member of the Board of Health for three years.

One Tree Warden for one year.

One member of the Trust Fund Commissioners for three years.

One member of the Trustees of the Bemis Fund for Free Public Lectures for three years.

One member of the Board of Cemetery Commissioners for three years.

One member of the Planning Board for five years.

Article 2. To bring in their votes for any committees, commissioners, trustees and other officers, required by law to be elected by ballot or otherwise.

Selectmen

Article 3. To hear and act upon the reports of Town Officers, Committees, Commissioners and Trustees.

Selectmen

Article 4. To fix the salaries and compensation of the several elective officers of the Town and to determine whether any Department, Board or Committee shall be authorized to employ for additional compensation any of its members and to fix the additional compensation of such members.

Selectmen

Article 5. To raise and appropriate money for the necessary and expedient purposes of the Town, and enact anything in relation to the same.

Selectmen

Article 6. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1946, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Selectmen

Article 7. To see whether the Town will purchase a heavy duty truck and appropriate the sum of $7,500 to be taken from the Machinery Fund, or take any action relative thereto.

Finance Committee

Article 8. To see if the Town will purchase the following equipment

1 Medium Duty Truck	$5,000
1 Power Grader	6,000
1 Pick-up Truck	900
1 Power Lawn Mower	800
1 Sickle Mower	150

Appropriate the sum of $12,850 therefore, this amount to be taken from free cash, or take any action relative thereto.

Finance Committee

Article 9. To see if the Town will vote that the collector of taxes be elected for a three-year term, or take any action relative thereto.

Selectmen

Article 10. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay the following unpaid 1945 bills.

Board of Health, S. R. Wrightington, Services	$80 00
Building Inspector, Salary for 1944 and 1945	123 66
Highway Dept. Doherty's Garage, rent of land	37 53
Selectmen	$241 19

Article 11. To see if the Town will adopt a by-law providing that the existing Board of Appeals under the Zoning By-Laws be the Board of Appeals under Section 811 of Chapter 211, Acts of 1936.

Selectmen

Article 12. To see if the Town will vote to have the supervision of the investments of the John H. Pierce Fund placed under the control of the Commissioners of Trust Funds or take any action relative thereto.

Treasurer

Article 13. To see if the Town will vote to conduct Memorial Day Services on May thirtieth next, appoint a committee, appropriate money, or take any other action relative thereto.

By Petition

Article 14. To see if the Town will vote to instruct the Water Commissioners to obtain an engineer's report as to the advisability of the Town joining the Metropolitan Water System, and appropriate $700 for same, or take any other action on the question.

Water Commissioners

Article 15. To see if the Town will instruct the Selectmen to study the question of an ice hockey and skating rink, and report to the Town at a future meeting, not later than the next annual, or take any action on the question.

Selectmen

Article 16. To see if the Town will appropriate the sum of $150.00 to place street lights on Farrar Road from Concord Road to Ox Bow Road or take any action relative thereto.

By Petition

Article 17. To see if the Town will vote to accept Chapter 723 enacted by the General Court in the 1945 Session relative to the establishing and maintenance of a Department for furnishing Information, Advice and Assistance to Veterans of World War 2 or other Veterans, or take any action relative thereto.

Selectmen

Article 18. To see if the Town will vote to amend the existing By-Laws by striking out Section 10 of Article 2 and substituting therefore the following:

There shall be a Finance Committee composed of five voters of the Town who shall serve without pay and shall not, while serving on said committee, hold any other town office. Within thirty days after the adjournment of the Town Meeting at which this By-Law is adopted, the Moderator shall appoint five persons to serve on said Committee, one person for a term of five years, one person for a term of four years, one person for a term of three years, one person for a term of two years, and one person for a term of one year. The members of the Committee shall hold office until their successors are appointed and qualified, and any vacancy shall be filled by the remaining members of the committee and the Moderator. The Committee shall choose a chairman and a secretary and shall, prior to the Annual Town Meeting, confer with the Selectmen for consideration of the annual budget, and may hold public hearings. The Committee shall consider all questions that require the expenditures of money and shall consult with all boards, committees, or officers on their respective annual or special requests for appropriations. The Committee shall make reports and recommendations in the Annual Town Report or by special report on any question brought before the Town at a Town Meeting other than the Annual Town Meeting.

Finance Committee

Article 19. To see if the Town will appropriate the sum of $1,250 to obtain available blue prints of parcels of property in Lincoln, filed at the Registry of Deeds of Middlesex County, or take any action relative thereto.

Assessors

Article 20. To see if the Town will accept as a public way the private road known as Woods End Road, as shown on a plan in the Land Registration Office being plan numbered 107 (B of 2) and approved by the Board of Survey of the Town of Lincoln, January 30, 1939, — this acceptance being subject to the payment to the Town of an amount sufficient to properly surface the road or take any action relative thereto.

Selectmen

Article 21. To see if the Town will appropriate $1,000 to form a Mosquito Control Project for the Town of Lincoln under the State Reclamation Board, or take any action relative thereto.

Board of Health

Article 22. To see if the Town will vote to have the Town insurance handled by a licensed broker residing in the Town, or take any action relative thereto.

By Petition

Article 23. To see if the Town will vote to have the Moderator appoint a Committee to submit to the Selectmen plans for a Veteran's Homecoming Program or to take any action relative thereto.

Selectmen

Article 24. To see if the Town will accept the beneficial interest in the Trust established by the will of Julian de Cordova late of Lincoln, and take any further action relating thereto, or to the Deposit Agreement between the Merchant's National Bank of Boston and Julian de Cordova dated November 29, 1930, as amended.

Selectmen

Article 25. To see whether the Town will vote to create a "Capital Improvements Committee" to consist of the members of the Planning Board with five additional appointees of the Moderator, to study and draw up a comprehensive plan for the immediate and future physical development of the Town, such plan to include without limiting the generality of the foregoing, their recommendations relating to —

1. the location, equipment and appropriate accessories to all public and community buildings, athletic fields, playgrounds, parks and public needs of similar character and
2. any problems legal or otherwise that would be involved in the proper correlation of these town facilities;

to appropriate money for the use of such committee in carrying out such study; or take any other action relative thereto.

Finance Committee

Article 26. To see if the Town will vote to purchase or acquire land for the site of a school, appropriate any money therefore or take any action relative thereto.

Committee for Studying Needs of Lincoln Schools

Article 27. To see if the Town will instruct the Moderator to appoint a Committee, authorize the same to engage an architect to develop preliminary plans and specifications for an elementary school and appropriate the sum of $4,000 for such expenses as the Committee may incur, or take any action relative thereto.

Committee for Studying Needs of Lincoln Schools

Article 28. To determine whether the Town shall authorize the Selectmen to take such steps as may be necessary to enable the Town to erect a school building or Town Hall upon the land owned by the Town by virtue of the will of John H. Pierce, and to use the balance of said land for school, playground, educational and recreational purposes, and further to

take such steps as may be necessary to enable the Town to use so much of the annual income bequeathed including income accumulated thereon, as the Selectmen in their discretion shall consider advisable for the foregoing purposes, the balance, if any, of said income to be used for hospital treatment by such inhabitants of the Town as in the opinion of the Selectmen should be in financial need thereof.

Further to take such steps as may be necessary to permit the Town to use the sum bequeathed to the Town by the will of Charles S. Smith towards the construction of a school house upon said land devised to the Town by said will of said John H. Pierce, or to take any other action in relation to any one or more of the foregoing matters.

By Petition

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time for the meeting aforesaid. Given under our hands this 11th day of February in the year of our Lord one thousand nine hundred and forty-six.

SUMNER SMITH,
ALBERT A. SCHAAL,
H. BIGELOW HILLS,
Selectmen of Lincoln.
